Big Oil Wells Burning.

TOLEDO, Ohio, Sept. 23.—The
Northwestern Ohio oil wells are
in flames, and the fire is rapidly
spreading. Ditches, fields and
forests are filled with waste oil, in
some places many feet in depth,
and the refuse is all on fire. It is
feared the oil well buildings and
houses of the whole township will
be swept out of existence. When
the well known as Parker No. 1
caught fire Tuesday night from
an explosion the flames made a
terrible roaring, and burning oil
was scattered far and near. Well
No. 2 caught on fire next and
aid in the conflagration. Four
tanks were destroyed with their
contents. The loss will reach
\$200,000 on these alone. Burning
oil was blown through the woods
for a long distance, and trees and
fences furnished ready food for
the conflagration.
The official report of the immi
gration into the United States
through Castle Gardens registers
27,265 arrivals for the month of
August as against 25,266 for the
same month of last year. This in
crease is said to be a surprise to
the officers in charge of this port
of entry, who appear to have ex
pected a falling off toward the
close of the year. From the pre
sent indications the total increase
in our population from this source
will exceed 400,000 persons for
the year 1887.
