

The Daily Astorian. ASTORIA, OREGON. WEDNESDAY, SEPTEMBER 28, 1887

The Co. of Angles has been chartered to load grain at Portland. Two carloads of tin cans have arrived from the east for Geo. T. Myers-Seattle cannery. There will be a private sale of household furniture at the house of Mrs. C. Brown to-day.

CITY COUNCIL PROCEEDINGS.

At a regular meeting of the city council last evening a report was read from the committee on health and police, reporting correct the report of police judge for August: report adopted. An ordinance adopting a seal for the city of Astoria, was passed under suspension. (This officially adopts the new seal recently received and fully described heretofore.) An ordinance "to secure the protection of property and provide for the beauty and ornament of the city" was read third time and passed. (This is the caterpillar ordinance.) An ordinance amendatory of ordinance 983, was read third time and laid on the table. (This refers to the storage of combustible material, and defines the limits in which oils, turpentine, laquer, etc., may be stored.) An ordinance granting a street railway franchise to L. D. Brown, F. S. Bozworth and J. O. Bozorth, was read and, on motion, referred to committee on streets and public ways.

The intention was to begin building the road as soon as the iron could be procured. J. O. Bozorth, being called upon, said that as a matter of fact he had interested himself heretofore in the matter of a street railway; that he and his associates believed it would be a matter of mutual benefit, and that the road would be built if too many obstacles were not placed in the way. Regarding transportation on streets and the question of interference with traffic, he said that that had been discussed at the time of the Hennessy franchise, and he believed that experience and observation justified him in the belief that the handling of freight in no way entered into the plans of the projectors of the present scheme, the intention being to make it purely and solely a matter of carrying passengers.

The following claims were ordered paid: Van Dusen & Co., \$20; F. Sherman, \$50; Jas. Gardner, \$24; J. G. Hustler, \$53.52; Jos. Lavender, \$6; First National Bank, \$230; Astoria Gaslight Co., \$124.25; Van Dusen & Co., \$5; Astoria Gaslight Co., \$10.20; Van Dusen & Co., \$19.20; Resene Engine Co., \$8; F. Sherman, \$1; G. A. Stinson, \$2; Sherman & Ward, \$3; Gunta Percha & Rubber Co., \$7.50; M. C. Crosby, \$5.80; Geo. Goodell, \$3.75; C. C. Cady, \$10; G. A. Stinson, \$2; Electric Light Co., \$168; Clatsop Mill Co., \$17.55; M. C. Crosby, \$15.70; West Shore Lumber Mills, \$53.75; R. R. Morrison, \$11.50; Dayton & Hall, \$13.20.

Resolved, That the auditor and police judge be and he is hereby ordered to give due and legal notice that the common council propose to order the improvement of said street to the width of 34 feet from Main street to Washington street by grading and planing, and by raising that portion between Washington street to its established grade, and planing the same to a width of 30 feet through the center thereof. A. L. FELTON. The resolution was warmly debated and was passed by the following vote: Aye: Bergman, Falton, Carruthers, Sherman; no: Cleveland, Gratke. The attention of the council was directed to the fact that G. W. Wade was present, and earnestly desired to be sworn in as special policeman for the "salvation army."

Chautauqua Circle. All the members of the old class, and as many new ones as wish to take up this course of study, are requested to meet at the Y. M. C. A. hall this evening at 8:30 o'clock, to organize the class for the coming winter. C. A. HANSON, Pres't.

CIRCUIT COURT PROCEEDINGS.

TAYLOR, F. J., J. Sept. 27. State vs. O. V. Carter: pleads not guilty: set for trial Thursday afternoon. State vs. Jno. F. Patterson: pleads not guilty: trial this afternoon. State vs. A. M. Twombly: arraigned: until Thursday to plead. State vs. Wm. Barker and Geo. George: arraigned: until Thursday to plead. State vs. Thos. Scotcher: arraigned: until Thursday to plead. Wallnski Railway Co. vs. B. Van Dusen & Co.: time to answer extended until Saturday. Wm. Loeb vs. Bridget Grant: on trial. Jury: Jno. Lewis, G. W. Carl, Chas. Hansen, I. Kallio, O. Sovey, T. S. Loughery, M. Young, C. Bradbury, G. O. Moen, B. Powers, Geo. Watson, Jas. Brown.

At 4:30 the case on trial was given to the jury, which brought in a verdict for the defendant. A Case that Requires Assistance. A kind hearted lady, whose tears suffused her voice as she told us, narrates the following, which will doubtless stir the impulses of kindly charity in the hearts of many who read it: Some time ago a Mrs. Bitterling died on Lewis and Clarke, about three miles from here, leaving six little children, the oldest but eight years of age. Two ladies raised money by subscription among our citizens and sent the youngest, a tiny infant, to the orphan's home at Portland. The necessities of daily labor take the father long distances and keep him from home longer than children of tender age can well stand. Last week, two, aged 3 and 4 years, were left in that little clearing in the forest, a day and night, and half the next day, entirely by themselves.

A chance neighbor, passing, found the poor little innocents engaged in heaping clover blossoms on their mother's grave, which is but a few feet from the door, and it grief and sorrow are not mercifully denied the spirits of the departed, with what anguish must that mother have viewed her babies in that desolate and lonely spot, in their infant efforts to assist kindly nature to cover up the rude heap of red earth that marked their mother's resting place. The case is one that calls for benevolent response. Mothers, whose little ones are warmly clothed and plentifully fed, you can spare a little of food and raiment for those helpless babes, whose sad condition appeals to the heart in tones more touching than living voice can utter.

What Am I to Do? The symptoms of Biliousness are unhealthily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. To frequently, alas, he has an excellent appetite for liquid but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough at all events. The digestive system is wholly out of order and Diarrhea or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this, if not effect a cure, try Green's August Flower; it costs but a trifle, and thousands attest its efficacy.

The "Salvation Army." A squad of those howling blasphemers mis-called "the Salvation Army" was arrested and jailed in Portland last Monday night. The gang who nightly raise such a racket on the streets of this city ought to be run in under the vag. ordinance which covers their case. Anyone has a right to worship God in his or her own way, and it's nobody's business how they do it, but this whooping it up on the streets every night is an infringement on the rights of others and should be suppressed. This "salvation" mob seek notoriety as a matter of business, and will stay with their present tactics as long as they are allowed or there is a dollar in the game.

Hot Cakes. The season for them is at hand; and we have just received a large consignment of New Orleans Molasses, which will sell by the case or can at very low figures. D. L. BECK & SONS. Private Rooms. At Frank Fabre's for suppers, parties, etc. The best cooked to order. Meals Cooked to Order. Private rooms for ladies and families; at Central Restaurant, next to Foard & Stokes'.

SCRATCHED 28 YEARS. A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.

If I had known of the CUTICURA Remedies twenty-eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease, Psoriasis, commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but rich in the relief of what some of the doctors said was leprosy, some ring-worm, psoriasis, etc., I took.....and.....Sarsaparilla over one year and a-half, but no cure. I went to two or three doctors and no cure. I cannot praise the CUTICURA Remedies, too much. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of CUTICURA, and three bottles of CUTICURA SOAP. If you had been here and said you would have cared me for \$200.00 you would have had the money. I looked like the picture in your book of Psoriasis (picture number two, "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, but I am relieved of a kind of second nature to me. I thank you a thousand times. Anything more that you want to know write me, or any one who runs all the mail, write to me and I will answer it. DENNIS DOWNING. Waterbury, Vt. Jan. 20th, 1887.

Painful Dangers. To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, it indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure. SANFORD'S RADICAL CURE meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Unnecessary Misery. Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. THE BERTRAM FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., S. F.

Greatly Excited. Not a few of the citizens of Astoria have recently become greatly excited over the astounding facts, that several of their friends who had been pronounced by their physicians as incurable and beyond all hope—suffering with that dreaded monster Consumption—have been completely cured by Dr. King's New Discovery for Consumption, the only remedy that does positively cure all throat and lung diseases, Coughs, Colds, Asthma and Bronchitis. The large four-masted ship *Beckefachan* arrived in yesterday afternoon; this is the second four-master in the river this season, the *Vanduaara*, now lying at Portland being also a four-master.

That live paper, the *Dayton Chronicle*, wants to know the difference between a weekly newspaper and a daily newspaper. Well, there's a good deal of difference. Here's one difference: A daily newspaper has an elegant chance to refuse to make a fool of itself six days in the week.

Harry Benson, who died at San Jose, Cal., on the 18th, was a member of Seaside Lodge No. 12, A. O. U. W. He was kindly coming in his last hours by Mr. Hamilton Lodge No. 43, of that benevolent organization, which in writing to the home lodge announcing his death, says "you owe us nothing but good will."

Talking of the subsidy and the coming railroad to Astoria, Mr. Henry Powell told us that he remembered, when a child, being present at the opening of the first railway in England—that between Liverpool and Manchester, in 1825, and had a distinct memory of the terrible fate of Mr. Huskisson, M. P., who was the chief blocker of Geo. Stevenson, to whose efforts was in a great measure due the success of the enterprise amid a storm of derision. The unfortunate gentleman was killed by the engine of the first train.

Among the arrivals on the *Telephone* yesterday were J. G. Megler and wife, Hon. Raleigh Stott, Carl Adler, Hugh Murray, G. W. Snyder, J. J. Stokes, G. A. Charnock.
