

The Daily Astorian.

ASTORIA, OREGON: THURSDAY, SEPTEMBER 29, 1887.

Two ships, names unknown, are reported to have sailed, with pilots aboard.

The Oregon sailed for San Francisco yesterday; the State is due this morning.

Another large lot of deep sea fish was brought in yesterday, finding ready sale.

Remember the fine piano at the Adler residence will be sold to-day at auction without reserve.

The Andora with a large load of 1,000 tons of wheat left Portland at nine yesterday morning.

To-day at 10 o'clock B. S. Worsley will sell the entire household furniture of the Adler residence.

The large four-masted British ship Eccefechan is named after the birthplace of the great author, Thos. Carlyle.

The ladies of the Woman's Relief Corps will have an important business meeting at two o'clock this afternoon. By order of the president.

At ten o'clock this morning B. S. Worsley will offer at public auction all the elegant furniture at the residence of Carl Adler, a catalogue of which will be found under the head of "New To-day."

In another column is a notice that will be read with interest by many of our readers in Washington territory. The restoration of the N. P. indemnity lands is about as important a piece of news to them as they could receive.

The second of the series of three races between the Volunteer and Thistle takes place to-day; and the Volunteer has one horse in now, and it she wins either to-day's race or the one down Sandy Hook next Saturday (which is very likely), the America cup will remain on this side old ocean's gray and melancholy waste.

There was another row in the vicinity of the "salvation army" headquarters last night, eggs thrown and a gas lamp at the corner smashed with a stone. The whole business is a condemned nuisance. If the gang were let alone they would disappear, and the hoodlums who howl in the rear of the "army" are no better than the mob they boot at.

Recently the editor of the Record, at Salmon City, leased a building for five years. When the carpenters were raising and overhauling the building they collected several barrels of dirt which panned out \$1,200 in gold dust, which had at different times spilled through the floor. It will take a lawsuit to determine to whom the dust belongs.

The following, called a rational problem, is going the rounds: A freight train one mile in length stopped with the caboose just opposite the depot. The conductor got orders to move his train to the next station, which was just five miles distant. He gave the engineer the order to move, which the latter did while the conductor walked over ahead on top of the cars and got there just as the engine arrived at the next station, where he got off. The question is, how far did he walk, or as he was walking the entire five miles, did he ride at all?

Curiosity and an inquisitive disposition are good things to have and will lead the owner to fame if rightly directed, but all the same, the boys would do well to let the electric wires alone, and not climb the poles to look at them. That has been done in other places, and the funeral that followed the investigation was largely attended. It was only the other day that a man at Lincoln, Nebraska, came in contact with an electric light wire, and had the flesh burned off his hands. In trying to free himself, the current struck one of his eyes and literally burned it out of his head.

Judge Briscoe is in the city. Mr. and Mrs. Thos. Ryrie have returned from Pacific county.

At Mrs. M. Anstinson's. Ladies are invited to call and examine the latest styles in fall and winter millinery, on Friday and Saturday of this week.

Situation Wanted. By competent girl as housekeeper or chambermaid. Inquire at this office.

Artistic Embroidery. Instructions given in all the latest styles of artistic embroidery and art needle work. Also French indelible stamping done to order.

The great Sacrifice Sale still goes on at the Crystal Palace. Goods at your own prices at all times.

What is better than a glass of liquor? A cup of delicious coffee at Fabre's.

The finest and nicest steak to be had in town at Fabre's.

For a Fine Dish of Ice Cream. Go to the Central Restaurant, next to Foard & Stokes.

Ten cents for a cup of Fabre's nice coffee.

Do You Want Your Finest Cleaned? T. Clifton will do the job for you neat and cheap. Leave orders at this office.

NEWS ITEMS FROM PORTLAND.

Specials to Readers of "The Astorian." PORTLAND, Sept. 28.—In the police court to-day all the members of the salvation army were discharged, the prosecution having failed to make out a case, and accordingly moved for a dismissal of the cases.

Word was received by the O. R. & N. officials in this city to-day that the company's safe at Colfax, W. T., had been blown open by burglars during the night, and the entire contents of the safe, about two thousand dollars, have been stolen.

The grand jury to-day in the case of William Dillon, the slayer of Charles Manciet, returned an indictment of murder in the second degree. News has just been received here that C. E. S. Wood, a prominent attorney of Portland, has had his leg fractured at Prineville, Or., by the kick of a horse. Wood was out in a professional capacity with the government commissioners, looking after the wagon roads, for the construction of which the government had made extensive land grants.

RAY STATE REPLICANS. BOSTON, Sept. 28.—The main topic of discussion among the delegates to the Republican state convention, which began here to-day, was the nomination for attorney generalship. It seemed from the outset to be practically settled in favor of Hon. Albert Epplebury, the choice for chairman of the convention fell with great unanimity upon F. Rockwell, of Pittsfield. The platform was adopted without a dissenting voice. After the adoption of the platform Senator Hoar took the floor and in a brief address nominated Oliver Ames, of Easton, for governor. The convention at once nominated Ames by acclamation. For lieutenant-governor, J. Q. A. Brackett; for secretary of state, H. B. Pierce; and for state treasurer, Alanson W. Baird, encountered no opposition. A. J. Waterman was nominated attorney general, after which the convention adjourned.

ON GERMAN SOIL. BERLIN, Sept. 28.—It is stated that the Frenchmen who were shot last Saturday on the frontier were shot on German soil, this being proved by the bloodstains on the ground. Two soldiers who accompanied Kauffman aver that they saw Frenchmen trespassing on German territory and shot them to warn them. The Frenchmen paid no heed and attacked the Kauffman party. The Germans then fired, all concerned being at the time on German soil.

Didn't Like the Way.

An old fellow who had never before seen a railroad train, and who, shortly after boarding a train, experienced the horrors of a collision, dragged himself from under a heavy box, and, calling the conductor, said: "Cap'n, I've got a nuff. I liked it putty well as long as you was a-runnin', but this fool way o' stoppin' yore machine don't strike me as bein' altogether comfortable. Blamed if you ain't killed one man, an' yander is a feller all crippled up. I don't believe in no such progickin' an' ef you'll skuze me, I'll walk."—Arkansas Traveler.

Don't

Let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption. Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself. The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead. All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, there are thousands and thousands of people who can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

And Don't You Forget It.

All second, third, and fourth class mail matter which includes newspapers, periodicals, merchandise and so forth, must be wrapped in such manner as to be easily examined by the postmaster without injury to the wrapper or its contents. If not so wrapped it will be the duty of the postmaster to charge letter postage for the same. If such matter, not wrapped as above, is deposited in the express box without the postmaster's knowing the sender, such matter will not be forwarded.

Unnecessary Mirth.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., S. F.

George Wasn't Built That Way.

"Do you not often wonder, George," she said softly, as they stood at the gate, "at the infinite number of stars, where that vast, silent, eternal procession is going and whence it came?" "Ye-es," replied George, rather hesitatingly; "but don't you find that to look at the sky for any length of time makes the back of your neck ache?"—Boston Beacon.

Greatly Excited.

Not a few of the citizens of Astoria have recently become greatly excited over the astounding facts, that several of their friends who had been pronounced by their physicians as incurable and beyond all hope—suffering with that dreaded monster Consumption—have been completely cured by Dr. King's New Discovery for Consumption, the only remedy that does positively cure all throat and lung diseases, Coughs, Colic, Asthma and Bronchitis.
