## Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

### Cured

My eyes are now in a splendid condition, and I am as well and strong as ever.—Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H.

From childhood, and until with a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier.—Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla.

### By Taking

three bottles of this medicine I have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.—Kendall T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored. Her cure is complete.—W. E. Sutherland, Evangelist, Shelby City, Ky.

## Senator Stanford's Wishes.

SAN FRANCISCO, Sept. 28.—The following interview with senator Stanford is published here to-day. The senator is reported as saying: "Let me outline to you the grand trunk railway that is one of the approaching possibilities for the Pacific coast. I hope in less than two years to see the road running down through San Louis Obispo opened up as far as Los Angeles. This coast road, with the one running to Portland, will make a short continuous trunk line from the latter city to Los Angeles. Now from the very logic of the railway position up north, it is safe to predict that the Northern Pacific will extend its road running from Portland to Tacoma, still farther northward into Washington territory, and to a connection with the Canadian Pacific. But if this does not turn out to be directly true, the same connection between the Northern Pacific and the Canadian Pacific will be accomplished by both building into Washington territory. There will be a straight system through from Los Angeles to Vancouver. In its course it will touch immediately every important part of country on this coast, and cross all of the transcontinental roads now in existence, or that can possibly be built in the future."

## A Difficult Position.

Secretary Bayard is having great difficulty in finding suitable men who are willing to serve on the proposed fisheries commission, that it is his desire to appoint to consult with the British commission. It is understood that he proposes that the commission shall consider four questions now presenting themselves as between the United States and England, viz: The Atlantic fisheries, the Alaska seal fisheries, the Alaskan boundary dispute, and the question of commercial reciprocity or free trade between Canada and the United States, as advocated by representative Butterworth. It is difficult to get any one of prominent ability to go on the commission, however, because there is nothing in the position that promises anything but severe criticism.

## Heavy Railroad Work.

SAN FRANCISCO, Sept. 28.—One of the most stupendous pieces of railway construction ever attempted in California, is the building of a thirty-mile extension of the Donahue line from Cloverdale to Ukiah. The route is through mountainous the whole distance and many engineering difficulties have been experienced. The construction work was begun about August 1st, and though over 500 men have been at work on it, the road bed has been built a distance of only one mile out of town. Between Cloverdale and Ukiah five tunnels will be built. The first will be about 350 feet in length and others be 1,750, 1,287, 450 and 365 respectively. The longest is located four miles out, and work on it is going on from both sides.

## A Wheat Rate Made.

The Northern Pacific and O. R. & N. companies have agreed to put into effect a rate of \$5 per ton of 2,000 pounds on wheat shipped from points between Wallula and Palouse Junction to Portland, and \$6.50 per ton from Palouse Junction and all points east of there in Washington territory, on the main line and branches to Portland. The same rate will be put into effect via the Cascade division to Tacoma. This \$6.50 rate also applies from all points on the O. R. & N. Co.'s Palouse branch to Portland.

Yaquina Post: Our canneries have been purchasing fish from the Alsea canneries, who have been catching more fish than they could handle. The Siletz river is reported full of salmon, and the Indians are catching large numbers of them.

**At Night** Always have Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by

**J. W. Conn.**  
He who will stop every man's mouth will need a great deal of meal.

Ayer's Sarsaparilla contains no harmful ingredients, and is the best blood purifier.

How much pain the evils have cost us that have never happened.

Ayer's Hair Vigor keeps the hair fresh and bright. It restores a natural color to faded and gray hair, and renders it pliant and glossy.

Port Townsend Argus: Mr. James G. Swan received a letter from Mr. Thomas Mowat, inspector of fisheries, New Westminster, B. C., in which he writes: "I am making preparations now to receive some lobsters which are present being caught at Bay de Chaleur, and which I expect will arrive here by the end of October. We also expect to have 50,000 or 100,000 young fry of the *salma salar*, a true salmon, for a trial in some of our small island rivers where the water is cold, clear and more after the nature of our eastern streams." Mr. Swan has gone to Victoria in connection with the U. S. fish commission, to procure dates relative to the introduction of lobsters, true salmon, shad and other fish into our waters.

True with any Throat Cough or Lung Disease, if you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

**J. W. Conn.**  
The Southern Pacific company has issued a handsomely illustrated pamphlet descriptive of the route from San Francisco to Portland. On the last page is a picture entitled "Greeting of Oregon to California." It represents a fat, good-natured looking duck extending her webfoot to be shaken by the paw of a grizzly bear. Under the duck is a translation of the motto of Oregon, "I fly with my own wings," and under the bear the motto of California, "I have found it!"—"Shake."

The cholera has crossed the Atlantic, but it seems to have little chance of landing at New York. The experience of the last few years in Europe illustrates the control which science has obtained over this disease, which a generation ago seemed beyond human restraint. In civilized countries it can now usually be confined within narrow limits.

From the Rev. John Mathews, Pastor M. E. Church, South, at Montgomery, Ala.

"Darby's Prophylactic Fluid is the only medicine kept in my family. We can use it for almost everything—burns, bruises, cuts, cuts, stings, ear-ache, sour stomach, etc. My children, when hurt or bruised, call at once for Darby's Fluid. We cannot get along well without it. It is so valuable for its prompt relief of pain from all kinds of injuries, and also a powerful Antiseptic and Disinfectant."
