AYER'S PILLS.

Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightwell, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to regulate my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. E. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John G. Fattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in the bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esling, Richmond, Va. ¶

PROHIBITION IN TENNESSEE.

NASHVILLE, Tenn., Sept. 29.—The election to-day on adoption of the prohibition amendment passed off with remarkable quietude all over the state. A feature of it was the presence of ladies at the polls working and pleading with voters to cast the ballots for the amendment. Lunches, with hot coffee, were served by them at the polling places. A like sight was never witnessed before in Nashville. There is no doubt that to the ladies' presence is due much of the cutting down of the anti-prohibition majority in this county. Returns are yet incomplete. Figures so far received here indicate that the amendment has been defeated by 10,000 to 15,000. Memphis advices state that the figures there show about the same result. Knoxville says prohibition is probably defeated by a very small majority, although returns from the eastern part of the state show a large majority in that section for the amendment. The negro vote about Knoxville was almost solid against prohibition. From all over the state comes the same story of the work of the ladies at the polls.

CHATTANOOGA, Tenn., Sept. 29.—Dispatches from all sections of the state, representing 105,000 votes out of a total of 250,000, give a total of about 5,000 against the amendment. Returns are a complete surprise and upset all conjectures, making the result doubtful with chances in favor of the defeat of the amendment. Both parties claim a victory.

NASHVILLE, Sept. 29.—By the latest returns 125,000 votes, representing half of the probable total vote of the state, have been reported and the majority against prohibition is about 7,000. Much depends on the back counties, and the fate of the amendment is still in doubt.

A Story of Senator Ingalls.

The following story was recently repeated by senator Ingalls of Kansas. The senator parried all questions relating to public matters, but in reply to an inquiry regarding the popularity of Tuttle of Iowa, he said: "Tuttle, Tuttle, Tuttle? Oh, yes; I know Tuttle very well; at least I used to know him. Tuttle is a tailor—a fashionable tailor. I knew him well in my early days in Boston. The firm was Call & Tuttle. I don't know whether the firm is the same now, or whether it has undergone some change. I never inquired about it since I left Boston, but I remember the name very well—Call & Tuttle. I remember also that a countryman was walking along the street one day, stopped and read the sign, 'Call & Tuttle,' and entered the shop. The clerk said: 'Well, what can I do for you, sir?' and the countryman explained that he wanted to 'Tuttle.' Seeing the sign outside and accepting the invitation contained in it, he called to Tuttle. Tuttle, he thought, was some new Boston game that every real gentleman ought to play."

Ayer's Pills are an invaluable remedy for all diseases of the stomach, liver, and bowels. This medicine should be kept in every family.

The game of chess was invented 608 B. C. It is, therefore, something of a chess nut.

HUNT'S REMEDY

THE BRIGHT DREAM OF ASTORIA IN THE consummation of her rail connection with the outside world, is about to be realized, and the fact that the bonus of \$150,000 is so nearly raised will justify us in remarking that within eighteen months our neighbor on the Columbia, and by the by, the metropolis of the upper coast, will have connection with an all rail route to the east via San Francisco, and an all rail route to the east via Union Pacific and Northern Pacific R. R. We of this side of the river are but fifteen miles away and the benefits to be derived to us from the accomplishment of this bit of railroad is readily apparent; there is no need to enumerate or go into detail. We, however, in the course of these remarks would like to recall to the public mind the importance and necessity of our railroad project; that is, the one along the beach from here to Ilwaco. Why should we remain in an attitude of innocuous desuetude when so much could be accomplished at this time by a little energy? Look at the untold benefit that would certainly accrue to our county, not only to the southern portion but to every part of it, if this railroad was built! We have a steamboat under contemplation which, when completed, will make rapid trips to all points on the bay, besides make connection at North Cove with the harbor. Now then if we but had the road for the steamer to connect with and that in turn connected with Astoria and her system of proposed line, what would be the result? Why, it would be the same, or nearly so, as having a transcontinental rail route to this county.—Pacific Journal.

Babies

Omaha teacher—"Yes, my children, always remember there is no human love equal to a mother's love." Little girl—"Womens love their children better than their husbands, don't they?" "Very often." "Yes, indeed. When we get the hicoughs, mamma gets sorry and tries to cure 'em; but when papa gets the hicoughs she gets mad."—Omaha World.

PENALTIES OF IMPRUDENCE.

Summer is at hand—the time of year when old heads and young become imprudent, get overheated, cool off suddenly, catch cold, headache, nervous disorders, and a thousand and one other troubles. Preaching prudence is played out. The only thing to do is—after you have contracted one or more of these pains—to cure yourself as quickly as possible. Small pains are not to be neglected except at the risk of serious consequences. Remove them at once. It can be done by an application of one or more of ALCOCK'S PAIN EXPELLERS, recognized the world over as the best external remedy ever made. Mind you, don't neglect your little ills. They outgrow everything else and if let alone cost you more than you can ever know. Remember ALCOCK'S PAIN EXPELLERS.

It is reported that the American kerosene oil trade in India is being ruined by the adulteration of the oil with water. Two cases have recently arrived there, the cases in their vessels in some instances containing 50 per cent. water, and the buyers refused to accept their cargo.

It is a fact that in the north most of the prohibition vote comes from the Republicans while in the south it draws mainly from the Democrats. The explanation is that the remarkable sentiment developed in the south in favor of restricting the liquor traffic is due to the desire of the better class of whites to keep liquor away from the negroes.

From the Rev. John Mathews, Pastor M. E. Church, South, at Montgomery, Ala.
"Darby's Prophylactic Fluid is the only medicine kept in my family. We can use it for almost everything—burns, bruises, cuts, cuts, stings, ear-ache, sour stomach, etc., etc. My children, when hurt or bruised, call at once for Darby's Fluid. We cannot get along well without it. It is so valuable for its prompt relief of pain from all kinds of injuries, and also is a powerful Antiseptic and Disinfectant."

CASH. ONE PRICE.
