IN ST. LOUIS.

St. Louis, Oct. 3.—President Cleveland, Mrs. Cleveland and party arrived here to-day and were accorded an enthusiastic reception.

FROM THE ORIENT.

SAN FRANCISCO, Oct. 3.—The steamship *Oceanic* arrived from Yokohama and Hong Kong this morning. She brings Hong Kong important advices to September 9th.

GENERAL ASSEMBLY K. OF L.

MINNEAPOLIS, Oct. 3.—The General Assembly of the Knights of Labor was called to order in the Washington rink this morning by T. N. McGaughey, secretary of the co-operative board, and chairman of the local committee of arrangements. The rink was handsomely decorated and contained about three thousand people. McGaughey read telegrams from president Powderly and secretary Litchman stating that they had been unavoidably delayed and could not arrive until the afternoon. (Governor McGill had been called east and was not able to make an address of welcome on the part of the state. Montgomery made a few remarks on the growth of the order in the northwest and introduced mayor Ames who made a formal address of welcome.)

FIRE IN DENVER.

DENVER, Colo., Oct. 3.—Cooper, Hagus & Co.'s four story furniture house from 1645 to 1651 Arapahoe street, took fire at 12 o'clock to-day, and is still burning. It is feared that the stock and building will be totally destroyed as the department have not got the flames under control yet. The stock is valued at one hundred thousand dollars and is insured for about half that amount. The building is valued at fifty thousand. It is supposed to have started from an explosion of chemicals in the cellar.

JUDGMENT AFFIRMED.

PITTSBURG, Pa., Oct. 3.—In the suit of the commonwealth against Silas M. Bailey, late state treasurer, and his bondsmen to recover nearly ten thousand dollars of money alleged to have been deposited in different banks over the state while treasurer, and which was lost by the failure of some of the banks, the supreme court this morning affirmed the judgment of the lower court.

Argued and Submitted.

There was an evening session of the circuit court last evening in which the fish cases now on the docket were argued. Counsel for the defense took the ground, first, that the court had no jurisdiction over Washington territory waters; that catchers of fish in those waters were not amenable in an Oregon court; second that the law under which the indictments were found is unconstitutional being local in its application. The state argued the opposite of each of these propositions. At the close of the arguments the court took the matter under advisement.

A Surprise Party.

Last evening was the occasion of a pleasant little surprise party complimentary to Mrs. C. Brown, at the residence of Mrs. S. Elmore, prior to her departure for California.

After supper Rev. O. B. Whitmore, on behalf of a few friends of the M. E. church, presented a handsome fruit-dish and silver fish-plate as a token of regard. Mr. Whitmore spoke of the faithfulness and loyalty of sister Brown to the church in its efforts to raise humanity to a higher life, and hoped sincerely she would be happy in her new home. Mrs. Brown thanked the friends in a few appropriate words and the sad good-byes ended the evening's pleasure.

CHAMBER OF COMMERCE.
There was an interesting meeting of the chamber of commerce last evening. J. G. Megier and J. E. La Force were elected members of the chamber. The committee on the Ferguson resolutions and railroad subsidy made verbal reports and were given further time. A communication was read from Wm. H. Brewster, secretary and statistician of the Columbia Waterway association, stating that the sum of \$2,000 was expected to be raised for the purpose of collecting and preparing statistics, etc., and asking the favorable action of the chamber in the matter. Referred to a committee of three, to report thereon at the next meeting. A communication was read from the same gentleman stating that the executive committee of the Columbia Waterway association had assessed the Astoria Chamber of Commerce \$45 as their pro rata of the amount required for the immediate use of the secretary of the association. On motion a warrant for \$45 was ordered drawn in favor of the secretary of the association.

The railroad committee made report of favorable progress; the matter of repair of the Columbia cable was discussed, and a committee appointed to answer Gen. Greely's recent letter relative thereto; after which the meeting adjourned.

Four more jurymen were selected in the course of the afternoon, as follows: J. M. Moore, J. W. Kroll, E. M. Lowden, Thos. Boyle, and another special venire having been issued, court adjourned.

Salmon Shipments to Date.

No cased salmon went to England by rail vessel in September and shipments east by rail were light, San Francisco taking more than in any two months of the current season. Included in September shipments is quite a quantity of outside pack and some Alaskan. From this on, says the *Oregonian* the outside packs will figure quite largely in the shipments. September shipments this year were about half those in the same month last year. Shipments of the six months past fall below those of the same last year 50,429 cases. The shipments compare as follows:

	Eastward,	San Francisco,
	1887.	1887.
April	5,425	1,944
May	29,281	13,371
June	65,028	43,397
July	48,053	36,174
August	63,651	63,300
September	15,378	20,022
	229,979	241,264
	Foreign	All Exports,
	1887.	1887.
April	1,000	6,970
May	1,000	24,591
June	41,295	71,108
July	41,295	82,010
August	78,754	144,000
September	20,004	25,478
	120,336	422,475

Unnecessary Misery
Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., S. F.

The Bill Was Paid.
A certain doctor of this city paid great attention to a patient, a lady who died, and after the funeral rendered a bill to the bereaved husband reading as follows:
EAST PORTLAND, Sept. —, 1887.
Mr. Dr. to Doctor
To curing your wife until she died \$98.
The bill was paid and receipted, but still remains one of the greatest of literary curiosities.—*East Portland Vindicator.*

Excitement in Texas.
Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this Great Discovery for Consumption free at W. E. Dement & Co.

Don't
Let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.
Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.
The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.
All the diseases of these parts, head, nose, throat, bronchial tubes and lungs can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, there are thousands and thousands of people who can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

The Wrecked Steamship Tacoma.
A correspondent of the *Oregonian*, who signs himself "D.", writes from Drain, Oregon, making inquiries as to the ownership, etc., of the wrecked steamship *Tacoma*, which sailed from Tacoma January, '84, loaded with Carbon Hill coal, and bound for San Francisco, but which ran ashore about five miles north of the Umpqua river. "D." writes that the vessel is not more than a quarter of a mile from shore, and "stands up out of the water like a house at low tide;" that she can be easily reached in small boats when the water is smooth; that no one has been near the steamer since her crew left her; also, "that it is the opinion of many well informed men that her machinery and possibly the vessel might be saved." The letter closes by saying: "It seems strange that her owners have not looked after her." The vessel was owned by the Southern Pacific Railroad company and was built to run between Tacoma and San Francisco.

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at W. E. Dement & Co.'s Drug Store.
