**LATEST TELEGRAPHIC NEWS.**  
 MILWAUKEE, Oct. 7.—The president to-day visited the Soldiers' home, after which the party took the train for Madison. At the depot the appearance of Mrs. Cleveland on the platform was the signal for an especial outbreak of enthusiasm from the ladies, who waved handkerchiefs and parasols in accompaniment to the cheering. Mrs. Cleveland looks bright and fresh, notwithstanding the continued round of receptions and levees which she has undergone, and smiled sweetly as she accompanied her husband to the car. Postmaster-general Vilas was the recipient of an outburst of applause as he stepped out vanished into the presidential car, which immediately pulled out, leaving the yelling crowd behind.  
 A TOTAL WRECK.  
 WESTPORT, Cal., October 7.—The schooner *H. H. Knapp*, while lying at her dock here last night, parted her cable in a heavy wind and beat against the rocks until she was a total wreck. She was owned by L. E. White, of San Francisco, and valued at \$7,500.  
 WILL HOLD A POST MORTEM.  
 SAN FRANCISCO, Oct. 7.—The published statement is made that the grand jury has decided to investigate the alleged bribery in connection with the Sharon case and that subpoenas have been issued commanding the attendance of judges Terry and Sullivan and Mrs. Tyler, with a view of extracting from them what they know in reference to the alleged corruption and bribery in the case.  
 AN EXTENSIVE TRANSFER.  
 NEW YORK, Oct. 7.—The board of directors of the Western Union today officially ratified the contract for the purchase of the Baltimore & Ohio telegraph lines. The Western Union will at once take formal possession.  
 WILL GO TO THE COURTS.  
 OTTAWA, Canada, Oct. 7.—The dominion government has been apprised of the decision of judge Dawson, of Sitka, in regard seized this year. All were found guilty of illegal sealing and the schooners and skins found on board were declared forfeited to the United States. The claims of the Washington authorities to exclusive jurisdiction in the Behring sea will probably be fought out in the United States court before it is made a subject of international commission.

**SCRATCHED 28 YEARS.**  
 A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.  
 If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me \$200 (two hundred dollars) and an immense amount of suffering. My disease (Psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was incurable. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of CUTICURA, and three bottles of CUTICURA RESOLVENT, and two cakes of CUTICURA SOAP. If you had been here and said you would have cured me for \$200 you would have had the money. I looked like the picture in your book of Psoriasis (picture number two "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my eyes and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature. I think you a thousand times. Anything more that you want to know write me, or any one who reads this may write to me and I will answer.

**Catarthal Dangers.**  
 To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.  
 SANFORD'S RADICAL CURE meets every phase of Catarth, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional in its action, relieving permanent in curing, safe, economical and never-failing.  
 SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and one IMPROVED EMULSION, all wrapped in one package, with directions and directions, and sold by all druggists for \$1.00.

**YELLOW JACK IN FLORIDA.**  
 TAMPA, Fla., Oct. 7.—Physicians here this morning have discovered the existence of yellow fever. There are two cases, both of a mild type, and one death has occurred. People are panic stricken and the city is being deserted. The fever will not be likely to become epidemic for several days if at all. There is little cause for the general alarm as the weather is most favorable to health and an early frost is anticipated.  
 CARRYING THE WAR INTO AFRICA.  
 CHICAGO, Oct. 7.—Dennis Kearney, the agitator, arrived in Chicago from the Pacific coast this morning and left for New York in the afternoon to take part in the three-cornered political struggle being waged between Democrats, Republicans and the followers of Henry George. Kearney, on reaching Chicago, made an immediate effort to see the condemned anarchists, particularly Parsons. The Pacific coast agitator was quietly denied admission to the jail by the officers in charge. He went away lamenting and telling how four years ago he had advised Parsons to leave bombs alone and take to ballots, or he would surely get his neck into a halter, but Parsons only laughed. Kearney says that in New York he will make a series of speeches, taking the ground that the question for workingmen this time is not the far-seeing of long taxation, but shall the laboring people concentrate every effort on passing a law through the next session of congress making the exclusion of Chinese from the country absolute. He will urge that the hands of the Democrats be strengthened, their representatives at present being, in his opinion, the strongest anti-Chinese advocates. It will be an immeasurably greater victory, he thinks, for the workingmen of New York now to help pass John H. Mitchell's anti-Chinese bill, than the congresses of any other time, when the laboring people concentrate every effort on passing a law through the next session of congress making the exclusion of Chinese from the country absolute. **GIVE THEM A CHANCE!**  
 That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.  
 When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.  
 Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.  
 Gould Makes a Little Purchase.

 Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E.
