Of failing health, whether in the form of Night Sweats and Nervousness, or in a seuse of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly erndicate this terrible disease. I have also prescribed it as ftonic, as well as an also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored. — Mary Harley, Springfield, Mass.

It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—

The system of Astoria's legislights, attempting to put the valing the system of human life at the nominal strong to the system of \$300 by securing the second state of the system of the lights, attempting to put the value of human life at the nominal sum bond for that amount. That too ridiculous, however, to be considered at all, and Justice Bowen, finally admitted the prisoner to \$2,000 bail to await the trial in the district court. Justice Bowen plainly committed an error by admitting him to bail at all. The offense was not bailable. At he time of the trial the victim death, and the wounds were proday previous. The Bruntz brothers are peaceable, in offensive citizens, while it has lately been ascertained that their at tempted murderer is a hard cus tomer, he having threatened the lives of several parties in the community. Sec. 778, code of Washington, reads: "Every person charged with an offence, except murder in the first degree, may be bailed by sufficient sureties," etc. That seems plain that the prisoner should not have been admitted to bail. This mockery of justice has bail. This mockery of justice has created quite an indignation in this community, and should the assassin be able to furnish suffi-

cient sureties and make his appearance here, it is feared an indignant reception.

WRENCHED HIS BACK.

Yours very respectfully,

LYNDONVILLE, ORLBANS Co., N.Y.

April 2, 1885.

About a year ago, I imprudently stepped off the Hudson River cars while they were in motion. In try-ing to save myself from a fearful fall I wrenched my back terribly. The next day I could not walk, and I suffered pain from my neck to my heels.
Various applications were made, but
nothing which was done abated my
suffering. Being anxious to get up
and attend to business, I determined to place three ALLCOCK's PORous Plasters, one above the other, on my back. In about an hour and a half they caused considerable itcha half they caused considerable itchng. The pain and soreness sensibly decreased, and I rested pretty
well that night. The next morning
the itching began to be quite severe
under the plasters. To get some reflef, I had my back well rubbed
crossways over the Plasters. I was
surprised within two hours afterwards to find the pain and soreness
almost gone. I stayed in bed that
day; and the morning afterwards I
got up and attended to business.
