There is long continued complaint against inspector Ferguson regarding what is believed to be arbitrary official action on his part. The latest under observation is his refusal to allow the application of Jno. Peterson as master of the Dolphin. He has been mate of the Miles for two years, was captain of the Alpha for nearly a year, and has been at sea in various capacities for sixteen years. His application was endorsed by pilots Weed and Latham and Capt. Wes. Whitcomb. It is claimed that this arbitrary action, all the more annoying and unsatisfactory because of his refusal to give reason therefor, on various occasions has resulted in loss and injury to this city's commercial interests. Of course he has a right to grant or withhold licenses as he sees proper, but it is only reasonable that grounds for such action should be obtainable.

The Strike on the "Oregon."

SAN FRANCISCO, October 17.—This morning the trouble between the crew of the steamer Oregon and the officers was settled by placing a new crew of union men on the vessel. The old crew, who were members of the Steamship Sailors' union, refused to work after 9 o'clock on Sunday morning, according to one of the rules of their union, and walked out. A conference was held to-day between the secretary of the union and the agents of the vessel, and the result was that a new crew of union men were placed on the steamer. Hereafter the men will not be required to work after 9 a. m. on Sunday.

Emerson's Minstrels in Portland.

The magic of Billy Emerson's name at the head of a minstrel troupe—the first we have had in a long time—was sufficient to fill New Market theatre last evening. The opening was started in rattling style and sustained throughout. The singing of Billy Emerson sounded like old times. Encore followed encore until the noted minstrel was tired. The reception accorded him was enthusiastic and certainly cordial, showing the large number of admirers he has in this city. Mr. Carter, Mr. Moore and Mr. Kellogg sang admirably, each in a style peculiarly his own, and which was highly appreciated. Pete Mack was very funny indeed and fairly convulsed the house.

The show was in many notable respects the best we have had of its kind in a long time, and should be witnessed by everyone who enjoys a first class and genuine minstrel performance. The house will doubtless be crowded every night during the week, just as it deserves to be.—News, 18.

Didn't Know It Was Loaded.

The ferociously mugwump Chicago News, that hates Blaine as the devil hates holy water, and has dogged his steps with a Chicago reporter on his European trip, published a presidential edition to welcome president Cleveland the other day. The felicitations on this stroke of enterprise were turned to gall and bitterness on discovering "Hurra for Blaine" in the following verses which it had innocently published:

IN ILLINOIS. Here in the land of promise, Under the glorious sky Reaching wide o'er shore and tide, Ruler and bride, do thou abide, And, heart of the west, bent high!

Forgetting the dismal rancor Of years that should be dead, Rally we all from cot and hall, Blessing our nation's head,

Long life to you, O ruler, And to your gentle wife— In prosperous ways God guide your days, Nor count them past till you at last Enjoy the endless life!

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Bosche's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Very Neatly Said.

It was cool at St. Louis while the president was there, and one night the mayor, turning to the reception committee, suggested with a wink that they file into the dining room and take something warm. Mrs. Cleveland, suddenly turning to the mayor, said: "Yes, I think a cup of warm coffee would be just the thing." The mayor retired crushed.

SCRATCHED 28 YEARS.

A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.

If I had known of the CUTICURA REMEDIES twenty-eight years ago I would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease, (Psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was incurable. I cannot praise the CUTICURA REMEDIES, too much. They have made my skin as clear and free from scales as a baby's. All I used of them was three boxes of CUTICURA, and three bottles of CUTICURA SOAP, and two cakes of CUTICURA SOAP. If you had been here and said you would have cured me for \$200.00 you would have had the money I looked like the picture in your book of Psoriasis (picture number two, "How to Cure Skin Diseases"), but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you very much for writing me, or any one who reads this may write to me and I will answer it. DENNIS DOWNING, Waterbury, Vt. Jan. 20th, 1887.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

STEWART'S RADICAL CURE meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional, instant in relieving, permanent in curing, safe, economical and never-failing. STEWART'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and one IMPROVED EXHALER, all wrapped in one package, with full directions, and sold by all druggists for \$1.00.
