

# The Daily Astorian.

ASTORIA, OREGON:

FRIDAY, OCTOBER 28, 1937

The fair is over.

The *Manzanita* goes to Tillamook rock this morning.

There is a boom at the West Shore mill—chuck full of logs.

The British bark *Arctura* cleared for Queenstown yesterday, with 67,460 bus. wheat, worth \$50,595.

Elmore, Sanborn & Co.'s Tillamook cannery has about concluded operations, the pack being about 6,000 cases; their *Sinclair* cannery has packed about 8,000 cases.

The very unusual sight here was presented yesterday afternoon of three American vessels flying the stars and stripes, the *Olive S. Southard*, *Nancy Pendleton*, and *Coloma*.

Papers have been filed with the secretary of state incorporating The Falls Pulp company, of Astoria, with a capital stock of \$18,000, with R. M. Brayne, H. F. Elton and C. R. Donohue as incorporators.

Miss E. G. Newman attended the funeral services of her mother, Mrs. T. B. Newman, at Salem last Wednesday at noon, and at nine o'clock that night was married to Horace R. Butterfield, at No. 127 East Park street, Portland.

The American ship *Nancy Pendleton*, 1,335, 157 days from New York, and the British bark *Arctura*, 795, 72 days from Newcastle, A., arrived in yesterday. The British ship *Lady Cairns*, from London, arrived in late yesterday evening.

From the dispatches it appears that there is a difference of opinion about the proper place for the terminus of the mail route from here to Tillamook. Heretofore it was at Hobokenville, but a recent order, noted in yesterday's *ASTORIAN*, transfers the terminus to Garibaldi.

The Dingley bill doesn't appear to be one of those laws that enforce themselves. It is truly astonishing how much human nature there is in some folks. If that clever old gentleman, Mr. Dingley, were to tarry here for a season he would get points on his law that he never dropped on.

Capt. J. H. D. Gray yesterday telegraphed to congressman Voorhees, of Washington territory, now in Washington, D. C., regarding the proposed abandonment of Fort Canby. He is the congressman from the territory in which the fort is situated, and his father, senator Daniel W. Voorhees, of Indiana, has considerable influence with the administration.

This light-house district is an extensive one, embracing several thousand miles of coast line, and involving constant attendance to 166 buoys, 15 light-houses and 36 beach lights. The California district work is "a soft job" alongside of this one, there being but few ports to enter and but 43 buoys, 22 lights and 12 beacons to look after.

The purser of the steamship *Ancon* told a Seattle *Times* reporter that many of the miners from the Yukon mines frequently secured as high as \$100 to \$150 per day to the man. The miners, as a class, who have been in the Yukon are all workers, no dissolute men among them; in fact, none but hardy, healthy men can stand the hardships and rigors of the journey into the interior.

The R. B. George Chicago Convention and Concert company will give a sacred concert in the M. E. church next Sunday evening, the 30th inst. On Monday evening, the 31st, the company will give a concert in the M. E. church, which, like the first, will be free. The company is composed of highly recommended musicians, and the intention is to organize a musical class and give instruction.

The *Coloma* is in the stream ready to sail for Hong Kong. Her principal cargo is 350 Chinese who are going back with an average of \$1,000 each, thus making a rich haul for some pirate who sails the main. Mrs. A. P. Armstrong, of Portland, and Mrs. Woodworth and Miss Applegate, of Salem, are cabin passengers. The made a visit to the city yesterday afternoon. The *Coloma* will sail as soon as the certificates are issued.

Someday we'll have to have cable roads running north and south on our city streets. What's the matter with having whoever gets the street railway franchise provide for that? Of course the rails will be laid and the cars run where the traffic is, on Chenamus and Skenemoqua and the streets along the city's length, but a street railway to the south on Main, Benton and other streets would greatly enhance in value considerable suburban property.

"Next to Mount St. Elias in Alaska, Mount Rainier is the loftiest peak in the United States. Its ascent is very difficult and the scenery is extremely wild. An illustrated account of a climb to the highest attainable point will be given by C. D. Hendrickson in the November number of the *American Magazine*." This, from an exchange, is all very well, but there are a few other American peaks not to be forgotten in point of altitude: among them Mt. Whitney in California, 15,068 feet high, Mt. Jeff Davis, in Nevada, 14,750 feet high, Pike's Peak, in Colorado, 14,500 feet high, etc.

## Worthy Attention.

Andrew Roberts, the celebrated Merchant Tailor, will arrive Sunday, with a full line of samples. He will be accompanied by his cutter, in order to give full satisfaction.

To be found at Occident hotel, room No. 10.

## FROM EUROPE AND THE EAST.

Specials to Readers of "The Astorian."

EL PASO, Texas, Oct. 27.—Further advices from the Mexican frontier declare that the outrages committed near Lake Guzman and Corralitas were not by Indians, but by renegade Mexicans disguised. Raids of Apaches have been reported so disastrous in times past that the report that they are again out deterring ranching parties from pursuing cattle thieves and smugglers, giving such outlaws opportunity for escape with their booty. Agents on the Apache reservation report no Indians absent without leave.

SACRAMENTO, Oct. 27.—A special to the *San Francisco Chronicle* says that William Smith, the prisoner who attempted to assassinate warden McComb last August and whose life was saved by prisoner Kiley, this morning assaulted the lieutenant of the guard, R. J. Murphy, who used a poniard made from a wire, stabbing him twice in the hand and once in the thigh, the instrument going through the thigh. The wound was not considered dangerous.

CITY OF MEXICO, Oct. 27.—It is stated that, in case of the re-election of Gen. Diaz, there will be made public a plan of the London bankers for readjustment of the finances of Mexico, by means of which the national debt will be put in a process of liquidation, while at the same time the country will be well developed by a boom for internal improvements.

NEW YORK, Oct. 27.—The amount that Henry M. Jackson, cashier of the sub-treasury, took with him to Canada, is now estimated at from twelve thousand to twenty thousand dollars. The treasurer does not believe that the amount will exceed ten thousand dollars. The money was taken in a lump. The defendant is now in Toronto.

DUBLIN, Oct. 27.—Woodford Blunt, M. P., arrested at Woodford on Sunday for speaking at a proclaimed meeting, was to-day found guilty of violating the Irish crimes act, and sentenced to two months' imprisonment. Notice of appeal from the verdict was given by the defendant's counsel.

ALBANY, N. Y., Oct. 27.—The argument in the Jake Sharpe case began in the court of appeals this morning; the large room was crowded to its utmost capacity.

VIENNA, Oct. 27.—The government has introduced in the reichsrath a bill to restrict excessive drinking throughout Austria.

It is stated that Prince Ferdinand, of Bulgaria, has advanced \$200,000 out of his private fortune to the Bulgarian treasury to hasten the completion of railway.

DUBLIN, October 27.—Archbishop Walsh has written a letter to the landlords' committee concerning his proposal for a conference between the landlords and tenants on the Irish land question. The archbishop says the committee has only taken action when their own deliberate and persistent silence and the open repudiation of the proposal by some of the more outspoken of those they represent have virtually extinguished all hope of a realization of the scheme. If the suggestions made in his letter written in August are considered now, however, he is not altogether without hope that the conference will succeed in its object.

WASHINGTON, D. C., Oct. 27.—Secretary Bayard, when asked to set at rest the contradictory statements printed relative to the policy of the state department on the fisheries question, he said: "The matter is not one that can be settled in a breath, but is one of such gravity and importance that time should be taken in consideration. The state department proposes to take all proper time to consider it, and does not intend to blunder through in haste. It is a question which has been entertained through the history of this country for 100 years, for it is really a question as to whether our relations with Canada shall be neighborly and friendly, or whether they shall be the other extreme, with both nations standing ready to take advantage of the other."

"The policy of the state department has not been determined on fully, and can only be as the case develops itself. Personally, I wish and hope to settle the thing amicably, but the United States must have her rights. The thing to be determined, therefore, is what are the rights of American fishermen in Canadian waters. When that has been determined, then, and then only, will I be able to determine upon what course is best to pursue to secure those rights."

WASHINGTON, D. C., Oct. 27.—The initiatory steps toward securing the next national Democratic convention in this city have been taken by the Columbia Democratic club, and a committee has been appointed to agitate the matter. It is believed that the influences which would be thrown around such a gathering in Washington, under the circumstances of a Democratic administration, would be conducive to the welfare of the party. The committee has formally requested the district commissioners to issue a call for a public meeting, at which the matter will be discussed and the plans arranged. It is proposed to erect a hall for the accommodation of the convention in case it becomes certain that it will meet here, and with that object in view the committee

tee is already figuring on a plot of ground now owned by the government, at Tenth street and Louisiana avenue, and used as a hay market. It is thought that if the District pledges itself to erect a hall upon this square congress will pass a joint resolution relinquishing the ownership. A two-story building, with an audience hall for 10,000 people, galleries, committee rooms and other conveniences, is proposed.

Remarks From Mrs. Dunaway.

Verily a sad, humiliating day has come to the church of Christ when it demands a change of venue from the Throne of Grace to the Oregon ballot box. The spiritual significance of Christ's teachings is wholly lost sight of in such a contest. The spotless robe of Immanuel is trailed in the mire of political warfare, and the red torch of the Protestant inquisition is brandished in the face of the followers of the Nazarene who would not compel the multitude to follow him, although he possessed all power, and could, if he had chosen, have called "twelve legions of angels" to his aid to prohibit human disobedience. The church by its present conduct is committing suicide. It crucifies the Son of Man afresh and puts him to open shame. It virtually denounces all its past methods; and, abandoning the cross for the ballot box, it detaches itself from its spiritual inheritance, making it subservient to human law.

Not a True Bill.

Last August Hugh Murray, the manager of the Ocean Cannery company, at Bay View, was arrested, charged with violating the salmon law of the territory, and given a preliminary hearing before Justice Walker, at Cathlamet. The grand jury is now in session at Kalama, and yesterday in that case returned not a true bill. Mr. Murray and his attorney, J. Q. A. Bowley, will return this afternoon.

THE REGULAR MEETING OF THE C. R. F. P. Union will be on Tuesday, Nov. 1st, at 7:30 p. m., at Liberty Hall. All members are requested to attend.

A. SEATTLE, President.

A. SEATTLE, Secretary.

Three Favorites.

Have the following to say of Wisdom's Robertine, the great beautifier and preserver of the complexion: To Mr. W. M. Wisdom—Dear Sir:—I have tried your Robertine. It is excellent and I shall be pleased to recommend it to all my lady friends. Believe me, yours truly, RHEA.

PORTLAND, Dec. 1885. To Mr. W. M. Wisdom—The "Robertine" you so kindly sent me is excellent. It is the finest preparation I have ever used, and is a decided acquisition to every lady's toilet. JEANNE WIDSTON.

PORTLAND, Oct. 4, 1887. Dear Mr. Wisdom—I have tried your "Robertine," and it gives me much pleasure to say that it is excellent for the complexion, being one of the best articles of the kind I have ever used. Believe me, yours sincerely, Z. TREBELL.

Lecture To-night.

Mrs. Henrietta Skelton will speak again this evening at Rescue Club hall. Many who heard her last evening think her superior, even, to Mrs. Lathrop. The subject to-night will be "Prohibition and its benefits." Mrs. Skelton labored throughout Kansas and Iowa during their campaigns for prohibition, and will give us facts, not fiction. Everybody cordially invited.

Mrs. W. W. PARKER, R. c. Sec. W. C. T. U.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Notice to Mariners.

Notice is hereby given that the range lights at Walker's Island bar, Columbia river, have been moved up the river three-fourths of a mile, and now mark the channel between buoys 2 and 3.

A red light has been established at Binearsen point, near buoy 1, Walker's Island bar. By order of the L. H. board.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had not been for Dr. King's New Discovery for Consumption, I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at W. E. Dement & Co.'s Drug Store.
