Carry the news to Mary.  
City council meeting to-night.  
There was about \$1,000 won on the result.  
The city polled a fairly large vote yesterday—1,021.

The weather was wet yesterday—a little chilly, too, in some quarters.  
The R. B. George Chorus concert at the opera house to-night. Go and hear them.  
Those dear, delightful, discordant bells tolled the knell of prohibition yesterday.

Prohibition is swept back to grasshopper Kansas by the majestic tide of the Pacific.  
The late Fort Canby garrison, now at the Presidio, will have to "double up" till new quarters can be built.  
The Columbia is due this morning. J. Strauss and wife and Miss Pinschower, are among the passengers.

There's a heap of common horse sense in Oregon, and about as much to the square inch in Astoria as any other part of the state.  
To the 4th inst., 176,619 cases Alaska salmon had been received at San Francisco. To the same date last year 120,700 cases had been received.  
It is thought that the state tax levy for this year will be a heavy one, probably twice as much as last year. Yesterday's election entailed quite an expense on the taxpayers of the state.

The New York World says, and other papers approve it by quoting the assertion, that Mrs. Lincoln is among the living wives of ex-presidents. That estimable lady died about two years ago.  
The president of the Rescue club says there will be an election of officers next Saturday, and he wants a full attendance. He doesn't want any crimonations or recriminations; moral reform, solely.

The Western Amateur band took advantage of a lull in the storm last night, and were out in force playing fine music. They serenaded Mr. and Mrs. F. H. Surprenant, Mr. and Mrs. C. W. Fox, and Major Estes and then went home.

The American ship *Oliver S. Southard* now lying here, has been bought by Messrs. Montgomery & Caldwell of the Columbia River Lumber Manufacturing company, and will carry lumber from Skamokawa to southern California. The price paid was \$12,000. Capt. Walker will retain command.

There was a quiet little gathering at the residence of Mr. and Mrs. A. J. Megler last evening, the occasion being the marriage of Miss Mary M. Jewett and Mr. Frank H. Surprenant, both well known residents of this city and general favorites. The Astorian extends its heartiest congratulations to the newly wedded pair and its best wishes for a lifetime of unalloyed happiness and prosperity.

**Music and Drama**, commenting upon "The Black Flag," with which Edwin Thorne will open at Ross' opera house next Thursday night. Of Edwin Thorne as Harry Glyndon it is unnecessary to speak at length, for he plays the part so perfectly in all respects that it would be folly to hunt for flaws. After seeing "The Black Flag," the crowded condition of the California and the vociferous applause Thorne received, a lady remarked that her faith in the critics of the dailies was forever gone.

PROHIBITION PROHIBITED.  
Beaten by About 7,000 Majority.

Latest Returns from Yesterday's Election.  
—New York Democratic by 50,000.

PORTLAND, Nov. 8.—Considering the importance of the election and the deep public interest in the contest, it passed off very quietly. No far as known no disturbance occurred anywhere. The saloons closed last night at midnight, and remained so until this evening. Not a single drunken man was seen to-day. The anti-prohibitionists had most thoroughly canvassed the state and had a perfect organization. In their work at the polls they were united and determined, and effective. The prohibitionists seemed to have no organization and all efforts were made without concert.  
The dispatches indicate that in many sections they practically abandoned all hope early in the day. Notwithstanding that a heavy rain prevailed during the most of the day, the vote was large everywhere. The total vote cast in East Portland was 1,197; majority for prohibition 261. Albina will give a majority of 100 against prohibition. It is estimated that the majority for prohibition in the county outside of Portland is 200.  
The total majority in Multnomah against the amendment will be probably 4,800.

**LATEST FROM THE STATE.**  
PORTLAND, Nov. 9, 1 A. M.—Returns from the state are coming in slowly. The best estimates from Wasco county give a majority against the prohibition amendment of nearly 600. Jackson county will give about 400 against prohibition. The estimated majority in Marion county is from 600 to 1,000 against prohibition.

The latest returns from Linn and Polk counties show a majority in favor of prohibition; but the majorities are not obtained. It is thought that two other counties in the state will give small majorities in favor of the amendment.  
Lane county, it is estimated, will give 500 majority against prohibition.

The returns are coming in very scattering, but the best estimates show that the amendment is defeated in the state by not less than seven thousand.  
The total vote cast in Portland was 7,106. The total majority in the city against prohibition is 4,775; total majority in Portland, East Portland and Albina against the amendment is 5,108.  
It is estimated that the majority against prohibition in the state outside of this county will be from 1,500 to 2,000. It is impossible to determine with certainty with regard to the other amendments. The election amendment will probably be carried by a small majority. Strong indications are that the one increasing the salaries will be badly defeated.

**THE VOTE LATEST.**  
PORTLAND, Nov. 9, 3:30 A. M.—The latest returns show a small gain in eastern Oregon which will probably come down with not less than one thousand against prohibition.

It is estimated that the western and southern parts of the state will have about an equal majority. The returns from Washington county indicate that it will give not less than one hundred majority against the amendment. Thus far the returns from various counties outside Linn and Polk, show majorities against prohibition. Wasco, Marion, Jackson and Lane counties give decided majorities against prohibition.  
Returns from all other sections indicate that the election has been close. However, the latest estimates do not materially change the results in the state before given.

It now appears that the amendment in regard to the election is probably defeated.  
A Salem dispatch just received shows a reduction of 200 votes there against that amendment.

The defeat of both amendments was generally conceded up to half past two. The returns are so fragmentary that it is impossible to give definite majorities by counties.

**BUT HERE'S SOME LATER STILL.**  
NEW YORK CITY, Nov. 9, 3 A. M.—Returns show the defeat of Col. Fred Grant for secretary of the state. The *Herald* estimates that Fred Cook's majority will be not less than 50,000.  
The latest returns from Iowa show large Democratic gains. The result is still in doubt.

Returns from 55 city precincts in New York indicate the election of Fellows, the Democratic machine candidate for prosecuting attorney over Nicol, the candidate of Republican and citizens. This is taken as an illustration of the strength of the Democratic machine. The Henry George vote is surprisingly small.

The seven precincts still to hear from cast 240 votes in June, '96. Assuming they cast 200 votes yesterday and gave 60 majority against, would make 650 majority in the county against prohibition. The vote on the salary amendment is, for 260, against 749; on the proposed change in time of election, for 47, against 499 are recorded for it and 418 against.

IN THE CITY.  
The Vote On The Three Amendments.

Yesterday opened gloomily. The rain had fallen in torrents during the night and everything was wet and sodden. As the morning wore on there was a clearing up and by nine o'clock the rain had dwindled to a gentle drizzle of fine mist. At the several polling places through the city all was activity. The ladies were out in force, their headquarters bright with banners, mottoes, and transparencies and were not the least in their zeal in securing votes. Their appearance was the first of the kind in public and attracted considerable attention and furnished considerable comment, favorable and unfavorable.

The polls were promptly open and the work of voting began. In front of each voting place was the usual knot of bystanders, some carrying tickets, others assisting persuasion and argument, and others looking rather disappointed that nothing was happening of special interest.

The church bells rang at frequent intervals, though just what good they did or how they influenced votes is not given the carnal mind to perceive. They certainly made racket enough and greatly disturbed everyone within the sound of their jangle.  
All manner of vehicles covered with all manner of devices dashed up and down carrying American sovereigns to vote for or against the amendments.

The second and third propositions aroused little attention; everything was centered on the prohibition question, and no one put a vote in without knowing just what he was doing. There was but little challenging or excitement, and generally the voter walked quietly up, put in his vote, asked the tally clerk, perhaps, how the vote stood, and went away.

About one o'clock rain again began falling, the church bells tolled mournfully, and the aspect of things was not what might be called gay. The ladies' headquarters were well patronized by those who felt in need of refreshments, and their thoughtfulness was duly appreciated.

At six the polls closed and at 7:30 returns began coming in. A bulletin board was rigged in front of Alex. Campbell's and as fast as returns were announced were bulletined in big figures.  
The interest manifested was great and crowds stood in the mud and rain to get a sight at the latest figures.

Following is the vote of the city: In each summary the prohibition amendment is designated as "No. One;" the amendment to salaries of state officers as "No. Two;" and the amendment to time of holding general elections, as "No. Three."

**Give Them a Chance!**  
That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.  
When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

**PERSONAL MENTION.**  
Mrs. McCurtie, who has been making an extensive visit in New York, returns to-day.  
Mrs. Connelly of San Francisco, and her two daughters, Mrs. Bishop and Mrs. Garretson, formerly of this city, are visiting Mrs. Connelly; they are the guests of Mrs. Judge Taylor.

SKIN SCALP BLOOD

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by the CUTICURA REMEDIES when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last our principal druggist, Mr. John P. Finlay, (to whom I shall ever feel grateful), spoke to me about CUTICURA, and I consented to give them a trial with the result that I am perfectly cured. There is now no more about me. I think I can show the largest surface where my sufferings sprang from of any one in the State. The CUTICURA REMEDIES are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. C. C. Montgomery, both of this place, and to Dr. Smith of Lake Lee, Miss.  
ALEXANDER BEACH, Greenville, Miss.  
Mr. Beach used the CUTICURA REMEDIES, at our request, with results as above stated.

**SAVED MY MOTHER'S LIFE.**  
Ever since I can remember, my mother has suffered from milk leg. Nothing would do her any good. She had the best medical talent, but they all did her no good. She suffered with her leg for thirty years and never knew a well day. She would have to sit up half the night, holding up her leg and moaning. She had no peace. She used all the best known remedies in the country without effect. I asked her to try your CUTICURA REMEDIES. She got her bottle of CUTICURA REMEDIES, and she took it, and has taken in all about six or seven bottles, and now she is a well woman to-day. Her leg is entirely healed, and her health was never better. She can go out every day, something she has not done in ten years, so you see I cannot help stating to you about your wonderful CUTICURA REMEDIES. You have saved my mother's life. I cannot find words to express my gratitude. I have advertised your CUTICURA REMEDIES far and near.
