 THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.  
 To-morrow night.  
 "A Planter's Wife."  
 At Boss' opera-house.  
 Reserved seats at the New York Novelty store.  
 Sacred song service at the Methodist church to-day at 7 P. M.  
 The sale of reserved seats for the Mand Granger performance continues at the New York Novelty store.  
 Thirty per cent. of the votes cast in this county last Tuesday were for prohibition: seventy per cent. against it.  
 Thirty whales were seen swimming between Tacoma and Seattle last Thursday; so the *Post-Intelligencer* says.  
 A fine new piano was received from Portland yesterday, and will be heard for the first time at the opera house to-morrow evening.  
 The four masted British ship *Vandura* cleared yesterday for Hull, England, carrying 106,321 bushels wheat, worth \$69,114.  
 Latest reports from the state place the anti-prohibition majority at 3,000. The "rival despatches" were just as badly ferreted it as the cities.  
 The Western Amateur band orchestra, consisting of eight pieces has been engaged as an orchestra for to-morrow evening's performance at Ross' opera house.  
 The Edwin Thorne Co. closed a three nights' engagement last night, and will open to-morrow in Portland. The company is a good one and deserves unlimited success.  
 Mand Granger, who will appear at Ross' opera house to-morrow evening in her great play, "The Planter's Wife," comes with strong indorsement by the press and public.  
 The Oregon board pilot commissioners had a meeting yesterday and granted a renewal of bar branches to pilots Thos. Doig, G. W. Wood, J. E. Campbell and H. A. Matthews.  
 The *Northwest* says: There is a young lady in Portland who likes sweet cider so well that she declares she can't do without it, and when she can't get it any other way she eats a lot of apples and then gets her lover to squeeze her. She says that is nearly as good as cider.  
 C. J. Trenchard, county clerk, A. A. Cleveland, justice of the peace, and L. E. Selig, representing T. S. Jewett, auditor and police judge, met yesterday in the county clerk's office and canvassed the vote. The official returns are given in another column. The total number of votes cast was 1,573.  
 Theo. Wygant, assistant treasurer of the O. R. & N. Co., goes out on the 10th of next month. This leaves but one now in the company's employ who was with the old O. S. N. Co.,—E. A. Noyes, who for over seven years has been in charge of the company's business in this city. For thirteen years he has had important positions with the O. S. N. and O. R. & N. companies, and has handled millions of dollars in coin and property during that time, making for himself an enviable and honorable record.  
 Shipping men, and masters in particular, are making bitter complaints regarding the management at Tatoosh Island lighthouse, situated at the entrance of Juan de Fuca straits. They affirm that the fog whistle is sounded at intervals an hour apart. Instances are noted where, when the weather cleared, vessels were in dangerous proximity to the shoals near the station. That is an important station, and certainly should have employees who would use sufficient vigilance to avert disasters that might occur through official negligence.

**CHICAGO AFTERMATH.**  
 Condensed Specials From Various Points.  
 Special to THE ASTORIAN.  
 CHICAGO, Nov. 12.—Fielden and Schwab were taken from the county jail to-day, to the penitentiary at Joliet, where they are under sentence of imprisonment for life.  
 DON'T WANT A DEMONSTRATION.  
 CHICAGO, Nov. 12.—It looks very much as if the city authorities would refuse to allow the friends of the executed anarchists to carry out their programme respecting their funerals which are set for to-morrow. It has been learned from the most reliable sources that Mayor Roche, chief of police Eberson, Inspector Bonfield and commissioner of public works, Swift, have had a long conference respecting what they would or would not allow. The chief and mayor are both against letting crowds line the streets through which the cortege proposes passing, and it may be decided that the burial of them will have to be made separately.  
 CHARGED WITH MURDER.  
 SAN FRANCISCO, Nov. 12.—Capt. Lees of the detective force, this morning presented an affidavit in Judge Lawler's court, charging John A. Dimmig with the murder of Henry Benhayon, and Dimmig's application for a writ of habeas corpus was denied.  
 MORBID CURIOSITY.  
 CHICAGO, Nov. 12.—About five thousand people viewed the remains of the anarchists Parsons and Fischer at the undertaker's shop this morning. The remains were removed to the residence of the deceased about 10 o'clock. There was no excitement over the transfer. The bodies of Spies and Engel were removed last evening.  
 WHAT GLADSTONE THINKS.  
 LONDON, Nov. 12.—Gladstone writes that Lord Hartington's recent speech is conclusive evidence that he will be decidedly one of the most extreme in opposition to the liberal party while the Irish question exists. "We must settle that question quick if we desire to win him back."  
 A WAR OF RAGES.  
 LYNCHBURG, Va., Nov. 12.—A riot has broken out at Pocolontas between native and Hungarian miners. The military from this city have gone to the scene of the disorder.  
 DYNAMITE IN MINNEAPOLIS.  
 MINNEAPOLIS, Nov. 12.—A dynamite bomb was picked up to-night by a night watchman on Fourth street. It was made of gas pipe and was about one foot long. At one end was a fuse which had evidently been lighted.  
 A FATAL COLLISION.  
 LONDON, Nov. 12.—An English steamer, with Nicolaeff, Russia, collided with and sunk the Russian man-of-war *Latborous*. Seven persons aboard the latter vessel were drowned.  
 Horses For No. Two's Engine.  
 Members of Rescue Engine Co., No. 2, are talking of getting a team of horses to pull the engine to fires. They figure that a good span of horses can be had for \$350, a couple of stalls rigged up, the necessary harness and other appliances procured, and once bought the only expense will be the feed. Then in case of need the engine will "get there Eh," instead of the boys breaking their backs pulling over the slippery planks. The idea will be worked up, and it is not unlikely that by '88 the boys of Rescue No. 2 will have horse power to take their Sibsby to the fire on the double quick.  
 By Whom Government Bonds Are Held.  
 Register Rosecrans has made a report concerning the ownership of registered United States bonds, which he places as follows:  
 Held by National Banks..... \$12,415,450  
 Other domestic holders..... 679,076,902  
 Foreigners..... 11,904,900  
 Total..... \$863,493,352  
 It is believed that all the coupon bonds, amounting to about \$200,000,000, are held in this country. These are fortunate facts.—S. F. Bulletin.

 Not Casting, but Prevalent.  
 "Now," children" said principal W. J. bridge of school 8 to a room full of little pupils, "I want you to tell me if there is any sickness in your homes." The principal was carrying out the instructions of the health board in taking precautions to stay the spread of diphtheria, scarlet fever and typhoid. A few of the pupils answered and the principal at once dismissed those who said there were contagious disease in their homes. "Are there any more who have got sickness in their homes?" asked Mr. Walbridge. A little dot of a girl held up her hand.  
 "Who is sick?" asked Mr. Walbridge.  
 "My mother," replied the little girl.  
 "What is the matter?"  
 "She's got a baby,"  
 "That is not exactly catching," replied the dignified principal, "although," he added, reflectively, looking around upon his numerous flock, "it is very prevalent."  
 Will Appeal to the Commission.  
 P. A. Worthington, of Weston, recently ordered 1,300 feet of lumber from Portland and a bill for \$14.20 freight charges was tendered him. Thinking a mistake had been made, he wrote to Freight Agent B. Campbell, who replied that the charges were just and reasonable. Mr. Worthington will appeal to the state railroad commissioners, who are holding a meeting in Salem.—Sentry.

**BETWEEN HERE AND PORTLAND.**  
 The river service between here and Portland is unsurpassed in cheapness and utility anywhere in the world. This sounds exaggerated; but it is the plain truth. The *Telephone*, Astoria's favorite boat, can come flying down from Portland in four-and-a-half hours. No stern-wheeler anywhere can beat her. Her Sunday trips are a great convenience and she always brings her passengers in ahead of every other boat. The O. R. & N. company's daily boats both ways are now to be supplemented by a most welcome addition to the service in the way of a night mail and passenger boat between the two cities.  
 Our mail facilities are to be grandly expedited. Beginning to-day the mail from the east will arrive at Portland at 1:45 P. M., instead of 10:15 the next morning—twenty-one hours ahead of the old schedule. Were there a mail boat leaving Portland at six or eight o'clock this evening the eastern through mail to Astoria that arrives there at 1:45 this afternoon would be here for Astorians at six o'clock to-morrow morning, instead of laying over all night in the Portland post office and taking all the next day to come down—as has been the case.  
 PERSONAL MENTION.  
 Chas. Brown left yesterday, overland, for Nestucca.  
 Miss Rogers and Miss Eaton are visiting friends in this city.  
 Mrs. J. M. Fix has returned from California and is now with her parents at Upper Astoria.  
 Give Them a Chance!  
 That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.  
 When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.  
 Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.  
 BEFORE AND AFTER.  
 VERY ILL.  
 Name, O doctor! name your fee, Ask—I'll pay whatever it be. Skill like yours, I know, comes high. Only do not let me die.  
 Let me out of this and I The cash will ante instantly.  
 CONValesCENT.  
 Cut, O doctor, cut that fee, Cut, or not a dime from me; I am not a millionaire, But I'll do whatever's square: Only make a bill that's fair, And I'll fix it presently.  
 WELL.  
 Book, O doctor, book your fee, Change—I'll pay it futerly; When the crops all by are laid, When all other bills are paid (Or of death I am afraid) I will pay it grudgingly.  
 Three Favorites.  
 Have the following to say of Wisdom's Robertine, the great beautifier and preserver of the complexion:  
 PORTLAND, Or., June 4, 1887.  
 To Mr. W. M. Wisdom—Dear Sir:—I have tried your Robertine. It is excellent, and I shall be pleased to recommend it to all my lady friends. Believe me, yours truly,  
 RHEA.  
 PORTLAND, Dec. 1886.  
 To Mr. W. M. Wisdom—The "Robertine" you so kindly sent me is excellent. It is the finest preparation I have ever used, and is a decided acquisition to every lady's toilet. Yours truly,  
 JEANIE WINSTON.  
 PORTLAND, Or., April 6, 1887.  
 Dear Mr. Wisdom—I have tried your "Robertine," and it gives me much pleasure to say that it is excellent for the complexion, being one of the best articles of the kind I have ever used. Believe me, yours sincerely,
