The Norwegian bark Vikar went ashore on the rocks opposite Esquimaux last Sunday morning, and was pulled off loading badly.

The Telephone, Astoria's favorite boat, arrived down a little after two o'clock yesterday afternoon. All the river boats are making better time since the 10th.

So far the weather this fall has been unusually warm, the chilling frosts of last year have not been repeated, and the hillside and gardens are bright with summer tints.

Final election returns come in slowly. It is thought that the result of the vote on the proposed prohibition amendment will show a majority against between 7,000 and 8,000.

The hunting schooner O. S. Fowler, Captain Morrison commander, is on the way to Behring sea. She has been commissioned to secure a pair of Polar bears for Paris and Philadelphia, and to secure, if possible, a live walrus. Two thousand dollars has been offered for one. The Fowler has been fitted up with cages and tanks for her menagerie.

Says a Washington dispatch of the 14: Senator Mitchell of Oregon arrived this evening. He reports a very general protest against the abandonment of Fort Canby, as recommended some time ago by Gen. Articles of incorporation of the Astoria street railway company were filed in the county clerk's office yesterday. The incorporators are J. W. Conn, F. W. Newell, F. B. Stokes, Martin Foad and W. A. Messrs. Crow and Nurnberg, our county commissioners, met again, pursuant to adjournment yesterday to set the tax levy for the ensuing year, but received a telegram from Salem, saying "county rolls not all in yet," so that they had to adjourn without doing anything. This looks like fooling on the part of the state officials, to compel county officials to dance attendance on delays this way. The tax levy should have been made September 1st; two and a half months ago. First thing we know it will be delinquent.

Give Them a Chance!
That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

The English Salmon Market.
The London Grocer of October 22d says of the market in that city: Salmon still finds a very firm market and transactions continue to be reported at extreme rates, the purchases for the week having been at from 28s 6d per case for outside rivers, up to 33s for Columbia river. The fish in tall tins, according to brands; and it is also said that contracts have been entered into for arrival at the last-named price for salmon in "10" tins, which is exceedingly dear, whether we regard the exceptional position of the article, or the price at which it can be retailed to the consumer.

Of the Liverpool market the Grocer's Gazette of the same date says: There is no special feature in salmon at present, but there is a good, steady, regular demand, and some large parcels have been placed at full market prices; a much larger trade could have been done at a slight reduction, but holders decline to make any concessions, and their holdings are very limited.

SKIN SCALP BLOOD

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by the CUTICURA REMEDIES when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs, and consulted several doctors without success, and at last our principal druggist, Mr. John P. Finlay, to whom I shall ever feel grateful, tried several remedies in the country without effect. I think I can show the largest surface where my sufferings sprang from of any one in the State. The CUTICURA REMEDIES are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. D. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss.

SAVED MY MOTHER'S LIFE.
Ever since I can remember, my mother has suffered from it. Nothing would do her any good. She had the best medical talent, but they all did her no good. She suffered with her leg for three years, and would have to sit up half the night, holding up her leg and moaning. She had no peace. She used all the tried remedies in the country without effect. I asked her to try your CUTICURA REMEDIES. Got her a bottle of CUTICURA RESOLVENT, and she took it, and has taken in all about six or seven bottles, and now she is a well woman to-day, her leg is entirely healed, and her health was never better. She can go out every day, something she has not done in ten years, so you see I cannot help stating to you about your wonderful CUTICURA REMEDIES. My mother's life is my mother's life. I cannot find words to express my gratitude. I have advised your CUTICURA REMEDIES far and near.

Sneezing Catarrh.
The distressing sneeze, sneeze, sneeze, the acid, watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches, — how familiar these symptoms are to those who suffer periodically from head colds or influenza, and who live in ignorance of the fact that a single application of SANBORN'S RADICAL CURE FOR CATARRH will afford instantaneous relief.

But this treatment in cases of simple Catarrh affords a far better and more permanent relief than any other, where the breathing is obstructed by choking, putrid mucus accumulations, chronic inflammation, swollen and inflamed throat, throat ulcerated and hoarseness gradually fastening itself upon the debilitated system. Then it is that the marvelous curative power of SANBORN'S RADICAL CURE manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

SANBORN'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box CATARRHAL SOLVENT and an IMPROVED INHALER, Price, \$1.

C. R. Thomson Married.

This evening at 8 o'clock, Elder G. W. Longau, of Sedalia, united in marriage Miss Mary Procter to Mr. C. R. Thomson, of Astoria Ore. The wedding was a surprise to the host of friends of the bride here. No announcement whatever was made of the wedding until yesterday, when Miss Procter, who for three years has had with satisfaction filled a position in the public schools, sent in her resignation to the school board. It then soon became known that independence was to lose one of its most highly esteemed young ladies, and the information was received with no little regret by friends who held Miss Procter in such high esteem. The wedding was not burdened by formality, no attempt being made at display. The wedding march was played by Mrs. Ed. White, of Kansas City, who is a particular friend of the bride. There were no attendants, save the ushers, Messrs. W. S. Wells, Calvin Adkins, C. R. Thomas, and W. W. Peacock. The ceremony was brief, and was listened to with bated breath by a church filled with friends. The altar was tastefully and beautifully decorated with flowers. The bride was attired in a neat Gobieline blue broadcloth, with hat and gloves en suite. Mr. and Mrs. Thomson took the 8:50 Missouri Pacific for Sedalia, where they will visit relatives of the groom, thence pay a visit to Kentucky. They will return here about the 24th and, after a brief stay, will proceed to their future home at Astoria, Or., whither Mr. Thomson went and established himself in the practice of law after having been a member of the faculty of Woodland college of this city. The bride is the eldest daughter of Elder Alex. Procter, pastor of the Christian church, of this city, and has a host of friends throughout the state, who unite with those here in wishing the couple happiness throughout life. — Independence, Mo., 8.
