The Fish Commission.

WASHINGTON, Nov. 17.—Some confusion exists as to the functions of the fish commission which is about to meet here. The present commission comes together with no other power than that of free conference upon the question, which practically has been an open one as long as this country has had an existence. Briefly stated, it has been from the beginning the claim of the United States that whatever privileges the treaties with Great Britain recognized as due to Americans were original rights, and were not in any sense grants or concessions for which something could be demanded in return. In other words, when territory once under control of Great Britain was divided, the partition related to land alone, rights upon the waters remaining common to the vessels of both nations. This the Britons have always denied. Treaties and arrangement heretofore made have been makeshifts, securing recognition of our rights in one way or another, but merely for the time being, whilst postponing the main question definitely.

Storm On Shoalwater Bay.

The storm of last Friday and Saturday was the most severe that has been experienced for ten or fifteen years in this county. Cattle on the tide land across from South Bend stood in water up to their middle and many had to keep their heads above the water to keep from drowning. Large quantities of drift wood came down from all the streams. The wreck of the *Jessie Nickerson*, which had become embedded in the sand, off Bruceport, washed up and went a drift in the channel and the steamer *Favorite* nearly run into it in the fog. Nearly all the traps on North river and all the set nets, were washed out.—*Journal*, 17.

The cannery at North river belonging to P. J. McGowan and sons, has closed for the season. The Long Island has also closed. At the latter cannery something over 5,000 cases were packed.

The Wicked Bustle.

The latest baptismal incident is related by a dignified judge of the supreme court of Minnesota. A colored congregation were out on the border of a conveniently-located lake attending the immersion of a harvest of young converts gathered in at a recent revival. Among the candidates for the rite was a strapping great mulatto woman whose ample proportions were enhanced by a bustle, itself of no mean dimensions. When she went into the water the minister found the bustle a stumbling block to his holy work. It acted as a buoy for the candidate, floating her up when the minister attempted to put her under the water. After he had experimented two or three times with the candidate, each time being defeated in his purpose by the bustle, one of the dusky brethren on the shore yelled out.

"Crowd dat ar bustle under de water, parson; crowd it under; it's de wickedest thing you've got to deal with."

THINGS WORTH REMEMBERING.

When you feel a kind of goneness about the stomach it is a sign that your food does not sit well and that you are about to have a fit of indigestion.

When you begin to feel nervous and are unable to sit still comfortably; when your clothes suddenly seem to lose their fit and become too tight in places the fit of indigestion is surely upon you.

When this fit of indigestion is repeated from day to day it finally resolves itself into dyspepsia.

Chronic dyspepsia will surely make the happiest life a hell upon earth.

Remember that three to ten of BRANDRETH'S PILLS will cure the worst case of indigestion or dyspepsia, or both, and that a regular course of them, say two every night for a week or ten days will act as a preventive of either complaint.

In Volapuk, the new language, mug stands for mouse, ad wump for ridiculous; hence mugwump, the ridiculous mouse the mountain labored to produce.

Have you taken a cold? You can cure it promptly with Ayer's Cherry Pectoral. The safest remedy for throat and lung troubles.

A machine has been invented that will "sew on 3,000 buttons in one day." This is too much. No man wants 3,000 buttons sewed on a single garment he wears. The profusely-buttoned dresses worn by the ladies a year ago didn't contain over 2,700 buttons.

Several millionaires have recently given their advice to young men as to how to get rich. Now if the men who have been happy without getting rich would tell how that is done they will perform a much more valuable service.

Ayer's Sarsaparilla. Its record of forty years is one of triumph over blood diseases.

Nearly three million feet of logs came down the Nasel with the freshet caused by the recent heavy rains.

—That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by W. E. Dement.
