THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

The *Netherby* and *Riverside* sailed yesterday.

There are 625 men in Pacific county liable to military duty.

The funeral of the late Mrs. Harriet Jackins will be at 1:30 this afternoon.

The Mistletoe Social club had a pleasant dance at Pythian hall last evening.

The *Corwin* leaves for San Francisco to-day, and will return here after the 1st prox.

The Pacific *Journal* expects to discard its patent the first of December and print an all home paper.

The *County of Anglesea* cleared yesterday for Queenstown with 18,139 bbls. flour, worth $63,000.

German divine service, by Rev. John Gantenbein, to-morrow at 2 o'clock, at the Baptist church.

D. L. Beck & Sons will have their opening day of choice Christmas goods, next Tuesday, the 22nd inst.

In Congregational church to-morrow morning, memorial in memory of late Mrs. Jackins; evening "Friendship."

In the police court yesterday Wah Chung, charged with the henious crime of smoking a peaceful pipe of opium, withdrew his plea of not guilty, owned up, and was assessed $10.

Coroner Surprenant returned from Skamokawa yesterday whither he had been summoned by telegraph to hold an inquest on the body of Wm. Pray, who had been found dead in his scow near there. He found that deceased had died of heart disease; he brought the body down, and will give it interment to-day.

Beginning to-day the *Montesano* will resume running between here and Westport, making trips twice a week, leaving here at 2 P. M., Wednesdays and Saturdays, and Westport, 6 A. M., same days, touching at Svensen's landing. On other days of the week the boat will do a general towing business.

THE NIGHT BOAT.

The "R. R. Thompson" to Begin Running Next Monday.

The *R. R. Thompson* will make her first trip to this city as as a night boat next Monday. Her regular schedule is as follows: Leave Portland Monday, Wednesday and Saturday at 11:30 P. M., arriving here at 7 A. M.; leave here Tuesday, Thursday and Sunday at 8 P. M., arriving in Portland at 5 A. M. Fare one way is $2, and for the round trip $3. Return tickets are also good on the day boats of the O. R. & N. Berths will be 50 cents and staterooms $1. The *Thompson* will carry a through mail pouch containing the mail which arrives from the east at 2 P. M., and from California at 10 A. M.; also the Portland mail deposited in street boxes before 8 P. M. A similar pouch will also be carried from Astoria.

It will result in giving us mail from the east, in connection with the new N. P. card which goes into effect to-morrow, 36 hours earlier than at present. It will be a novelty to have mail delivered at the postoffice here shortly after 7 in the morning and after Monday next those of us who go to the post office about nine in the morning may expect to find some mail. On off days the same old rule of darkness and daylight will probably prevail.

The convenience of going on board and asleep after a hard day's work and waking in Portland instead of at Astoria will be also appreciated. The new line is an advance and is the next thing in connection with the fast *Telephone* to having a railroad.

Death of Dr. Chitwood.

On his return from Tacoma on the 14th inst., C. B. Watson was called by telegraph from Portland to Ashland where his father-in law, Dr. J. H. Chitwood, was thought to be dying. Yesterday morning he telegraphed his brother in this city that the doctor expired on the previous morning. Dr. Chitwood was an early pioneer of this state, having first settled on the banks of the Willamette where Portland is now located; he was well known throughout the state as a successful physician and a zealous, patriotic citizen; a man whose death although at a ripe age, will be mourned by many throughout the entire state.

BERLIN, Nov. 18.—Alexander III., czar of Russia, arrived at Berlin this morning. The preparations to properly receive him were in keeping with his rank.

WILL SHUT DOWN DECEMBER 1ST.

PITTSBURG, Nov. 18.—The twelve Bessemer rail manufacturers of the country announce that they have decided to order a general suspension of work in their industry. Just when is not stated, but the first day of December is the expected time. The twelve manufacturers are conferring together here and give as a reason for the suspension the unsatisfactory condition of the rail market. Many contracts are expiring and new ones are being held back in the hope of low prices; others are willing to place contracts, but the terms are entirely unsatisfactory. The manufacturers say that the prices cannot be reduced owing to high wages and the rates demanded for ore. The suspension will throw an immense number of men out of employment, not only in the mills, but in the coke regions of this section. It is estimated that fully one third of the coke output will be thrown on the market, and this will not only reduce the price, but may result in shutting down a large proportion of the ovens and will consequently reduce the number of workmen.

PARNELL'S HEALTH.

LONDON, November 18.—Parnell has written a letter to the news agency stating that he does not intend to speak during his parliamentary recess as his doctors have advised him to avoid exposure which would probably bring on chills. He has been warned against undue exertion; he writes that his health is slowly but steadily improving. He is now staying at Hastings where he will remain during the winter unless the weather becomes so severe as to compel him to go to Egypt.

A BIG FIRE.

CINCINNATI, Nov. 18.—The immense car shops of the Cincinnat Southern railway at Ludlow, Ky., opposite this city were burned completely at eight o'clock this morning with all their contents. The loss is estimated at over two hundred thousand dollars. They were uninsured.

AN IMPORTANT SUBJECT.

Prune Culture In Western Oregon.

ASTORIA, Nov. 18, '87.

EDITOR ASTORIAN:

Much attention has, by the near completion of the O. & C. R. R., been attracted to fruit growing in western Oregon and particularly to the cultivation of prunes.

It is said that one man at Vancouver this year realized $2,600 from six acres. That four acres in southern Oregon brought last year $1,200 and this year $2,000. That $7,000 was offered for the fruit on 20 acres near Salem. It is claimed that Oregon is one of the best localities in the world and almost the only one in the United States for raising prunes.

The great success of California in fruit raising is drawing to this coast people from the east, and they are now pressing north into southern Oregon and the Willamette valley—lands having already reached $500 per acre, a price not new to California, but a wonder to Oregonians. Such an interest is awakened that the nurseries are not able to supply the demand for trees.

Some have expressed the fear that the prune business might be overdone, the market overstocked and prices reduced so as not to pay.

According to the statistical bureau there were imported into the United States during the year ending June 30, '87, over ninety-two million pounds of dried prunes of a value of three million dollars. The year before there was imported but sixty-four million pounds.

The demand is both large and growing so large that western Oregon and Washington cannot overstock the market. As for price the home fruit so far excels the common imported article that there is not danger for competion.

The residents of lower Columbia have been so given to fishing and lumbering that they have done very little with fruit. But from the best information that can be gathered the prune would produce abundantly here. The experience of Adams and Miller at Westport, Knapp at Knappa, Nurnburg on Young's river, Jeffries and Boelling on Lewis and Clarke, Matier at Skipanon and Stanly at Seaside is favorable. All of these persons with exception of one or two having trees in bearing.

To grow for market, however, large quantities must be grown. The orchards should be counted by the acre.

The Italian is reckoned the best but there are other good kinds. The last meeting of fruit growers at Portland recommended high, dry, well manured, cultivated and drained land for such orchards. Also that the prune be grafted into peach stock.

An attempt to grow the prune in quantities should be made in Clatsop and Pacific counties, but whoever makes that attempt should do so with a full determination to cultivate the orchard with as much care as he would his potato or cabbage garden.

PERSONAL MENTION.

Major Blakeney and Professor Von Beyer leave overland for Yaquina: Lieut. McClellan will remain a few days.

The Last Of It.

WASHINGTON, Nov. 18.—With regard to the order issued by the war department for abandonment of Fort Canby, it may be said that the proposed transfer was favored by the inspector that visited the post, and the same was approved in turn by Gen. Gibbon, Gen. Howard and Gen. Sheridan. Thereupon the secretary of war considered it as a wise thing to do, and has so ordered. Senators Mitchell and Dolph have exerted themselves to prevent the transfer of troops, but their efforts have been in vain. The reason given for the change is that with new railway lines traversing the Pacific coast, troops can be transported from San Francisco to the enterior of Oregon or Washington territory as speedily as though they were stationed at Fort Canby, for in the latter case they would be compelled to rely to a great extent upon water lines of travel, which are much slower than railways.

In Brief, and to The Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Eastern Oregon Election Echoes.

We further say that M. D. Abbott, of the *Reveille*, is a bribe taker, a traitor, a slanderer of character, dishonest, corrupt, untrustworthy, contemptible and not worthy of belief.—*Baker City Democrat.*

Doc. Bowen, of the Baker City *Democrat*, made the remark to-day that if he had had $200 yesterday he could have bought votes enough to have elected R. S. Anderson. Doc. Bowen is a liar.—*Baker City Reveille.*

SKIN SCALP BLOOD

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by the CUTICURA REMEDIES when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last our principal druggist, Mr. John P. Finlay, (to whom I shall ever feel grateful), spoke to me about CUTICURA, and I consented to give them a trial with the result that I am perfectly cured. There is now no sore about me. I think I can show the largest surface where my sufferings sprang from of any one in the State. The CUTICURA REMEDIES are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. D. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss.

ALEXANDER BEACH, Greenville, Miss.

Mr. Beach used the CUTICURA REMEDIES, at our request, with results as above stated,

SAVED MY MOTHER'S LIFE.

Ever since I can remember, my mother has suffered from milk leg. Nothing would do her any good. She had the best medical talent, but they all did her no good. She suffered with her leg for thirty years and never knew a well day. She would have to sit up half the night, holding up her leg and moaning. She had no peace. She used all the best known remedies in the country without effect. I asked her to try your CUTICURA REMEDIES. Got her a bottle of CUTICURA RESOLVENT, and she took it, and has taken in all about six or seven bottles, and now she is a well woman to-day. Her leg is entirely healed, and her health was never better. She can go out every day, something she has not done in ten years, so you see I cannot help stating to you about your wonderful CUTICURA REMEDIES. You have saved my mother's life. I cannot find words to express my gratitude. I have advertised your CUTICURA REMEDIES far and near

Sneezing Catarrh.

The distressing sneeze, sneeze, sneeze, the acrid, watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches,—how familiar these symptoms are to thousands who suffer periodically from head colds or influenza, and who live in ignorance of the fact that a single application of SANFORD'S RADICAL CURE FOR CATARRH will afford *instantaneous relief.*

But this treatment in cases of simple Catarrh gives but a faint idea of what this remedy will do in the chronic forms, where the breathing is obstructed by choking, putrid mucous accumulations, the hearing affected, smell and taste gone, throat ulcerated and hacking cough gradually fastening itself upon the debilitated system. Then it is that the marvellous curative power of SANFORD'S RADICAL CURE manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box CATARRHAL SOLVENT and an IMPROVED INHALER price, $1.
