

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, NOVEMBER 23, 1911. ISSUED EVERY MORNING (Munday excepted.) J. P. HALLORAN & COMPANY, Publishers and Proprietors.

Rescue Engine company has been engaged to pump the water from the hull of the burned Telephone.

The insurance adjusters regarding the loss of the Telephone came down from Portland yesterday morning.

The Miles arrived in from Shoalwater bay yesterday with a load of salmon from Bay Center and returned in the afternoon.

The Clara Parker came down from Portland last evening with a miscellaneous load of feed, vegetables, fruit, poultry, etc.

Ross Bros. have received a telegram stating that the Monte Christo company will appear at the opera house in this city next Monday evening.

The Thompson, on its up trip last night, carried an unusual number of passengers, all the state-rooms being occupied and every accommodation utilized.

The Welcomes says that Portlanders were disappointed in Edwin Thorne. Well, what did you want? He could walk and talk. Some actors can't even do that.

The Gen. Miles came over from Shoalwater bay yesterday afternoon with 2,300 cs. salmon and cannery outfit from the A. P. Co. To-day she goes to North river.

There was no mail came down on yesterday morning's boat and none went up last evening, orders relative to the expected change not having yet been received here.

City politics begin to stir. So far it appears to be a mixed mess. The chief of police and street superintendent's billets, as usual, appears to be the most prominent in present discussion.

Yesterday's edition of THE ASTORIAN was sold before noon. The account of the burning of the Telephone will appear with additions of interest in the WEEKLY next Saturday morning.

In the police court yesterday John Doe, Richard Miltiades and Dick Roe, each charged with indulging his combative propensities against the peace and dignity of the city, forfeited bail aggregating \$30.

A fine raft of logs belonging to Mayor Trullinger was exposed to the northeaster Monday night and became considerably scattered. Early yesterday morning efforts were being made to secure what was possible.

The R. R. Thompson came down at 7:30 yesterday morning and left up at 8 last evening. Quite a number of Astorians went up on last evening's boat, the initial trip of what will be a convenience to the traveling public.

In the absence of Mayor Trullinger, President Bergman and Councilmen Cleveland and Gratke, council adjourned last evening, without transacting any business, to convene in special session next Tuesday evening, November 29th.

To-morrow will be Thanksgiving. THE ASTORIAN has only a word of suggestion. Do you know of any one whom you could aid in any way? If you do, and him, or her, or them. Your own Thanksgiving dinner will taste all the better for it.

At the annual meeting of the Fishermen's Packing company, Albert Johnson, John Enberg, Aug. Sheiden, Aug. Fosberg and John Peterson were elected directors for the ensuing year; Robert Johnson president and Frank Patton secretary.

Some little political canvassing has been done so far, but the dates for the primaries for the coming city election candidate convention delegates have not yet been set. Some suggest a straight party contest; others a "go-as-you-please." That's what it will amount to on election day.

The Manzanita arrived in from the southern coast at two o'clock yesterday afternoon. The vessel went as far south as Cape Arago this time, where Frank Carlson was placed as light house keeper. The officers report a big sea all the way, and a stiff wind from the northwest most of the way up.

Henry Sherman had a close call yesterday. He was washing the hoofs of one of the boarders at his livery stable, when the horse let drive, kicking him in the face, cutting his forehead, nose and neck. The kick sent him ten feet and doubled him up in a heap. Fortunately his accidents proved to be no worse than a temporary disfigurement, but it was a narrow escape from serious injury.

Coming down on board the ill-fated Telephone last Sunday Joe Charters had a case of exceedingly fine razors,

of which he was, naturally, very proud. When asked why he carried them around with him he said that he thought a great deal of them, held them in great value, and lest at any time his place should take fire he preferred keeping them with him on his travels for safety. Half an hour after the Telephone was a mass of flames and his razors burned along with other valuable property. Such is fate.

A good deal depends on the disposition. Among a happy crowd of boys sliding down Main street over the frosty planks yesterday morning was a ten-year-old, without a sled, but with plenty of ingenuity and a disposition to make the best of the situation. He was sliding down the hill on a pie plate in great shape, and by the time he got to his journey's end it was evident the plate was hotter than when he started. But by the time he and the dish got to the top of the hill again they had both cooled off considerably.

PERSONAL MENTION. Capt. J. G. Hustler is the winning candidate for city treasurer. He will succeed himself—sure.

Walter Cobb and Frank Stokes are talked of for candidates for councilmen in the second ward.

It is expected that the C. & O. and O. & C. railroads will be connected by the 10th of next month.

Jas. Tatton goes to San Francisco on the next steamer to take charge of a vessel in the coast trade.

Capt. U. Sebree, Dr. W. D. Baker, Wm. McCabe, were among last evening's departures for Portland.

C. H. Page, D. Morgan, Jr., Samuel Elmore and A. S. Reed are mentioned in connection with the nomination for mayor.

W. J. Barry, Thos. Linville and Harry Smith are among those talked of as probable candidates for the very responsible position of chief of police.

Among those talked of as candidates for city auditor and police judge are Thos. Jewett, the present efficient incumbent, J. P. Dickinson and Geo. Rowe.

Sergeant Sutherland and wife left for Vancouver on the Thompson last night, being called by the news of the death of Mrs. Sutherland's father and mother at that place.

Notice to Mariners. OFFICE LIGHT HOUSE INSPECTOR, THURSDAY DISTRICT, PORTLAND, Or., Nov. 22, 1887.

Notice is hereby given that on and after this date stake lights will be shown from buoys 2 and 4, Columbia river, lights are fixed red, and are visible about 4 miles.

As soon as practicable a first-class red buoy, numbered 2 1/2, will be established off the end of Clatsop wharf, between buoys 2 and 4, Columbia river bar. By order of the lighthouse board.

U. SEBREE, Inspector. No Tereos in These Waters.

By examination of the piling made a short time ago at the Northern Pacific railroad wharf it was found that tereos had undermined almost the whole foundation of the dock. The piling was driven two years ago. Today drivers are at work sinking new piles between the old ones. Four thousand piles will be placed. The warehouse on the wharf will be removed west about forty feet, and piles will be driven and then the house will be moved back to its old position. The new addition to the warehouse is almost roofed. As soon as completed the offices of Mr. Cooper and assistants will be moved into it. —Tacoma News, 18.

No Present Redaction. SAN FRANCISCO, Nov. 21—R. B. Jackson, agent of the O. R. & N. Co., to-day showed a Postal Press reporter a telegram from A. L. Maxwell, general passenger and ticket agent at Portland, in which the latter stated that there will not be a reduction in steamship rates between this city and Portland after December 1st, as has already been reported. The rates will remain \$20 and \$10 as at present.

Wanted. Young girl to do housework in a small family. Apply to Mrs. J. F. McGOVERN.

AN AMERICAN VESSEL SUNK.

Herr Most on Trial in New York City.

VANCOUVER, November 22.—Patrick Clancy and wife, an aged couple, were burned to death in their dwelling at an early hour this morning. How the fire originated is not known. Their son, aged 16 years, escaped. Mrs. Clancy, too, came out, but going back to save her husband perished with him.

SUCIDED. Chas. Bartels, a private of Co. H, 14th Infantry, suicided this morning. He shot himself through the heart with a rifle ball, having pulled the trigger with a ramrod.

WHIPPED TO DEATH. CHICAGO, Nov. 22.—August Hatzka is locked up at West Chicago avenue police station for killing his stepson, Max Gilman, 11 years old. The latter came home last night after three months' absence and Hatzka whipped him unmercifully with a strap which had a buckle on it. This strap was found dead in his bed this morning, with his face and body covered with the marks of the strap.

HARD TO GET A JURY. NEW YORK, Nov. 22.—Johann Most, the anarchist, was placed on trial in the court of general sessions to-day on a charge of inciting violence by an inflammatory speech a week ago last Saturday night. He had been admitted to bail and entered the court room without an escort of policemen. Most kept his hat on after entering the court, but the officers brusquely took it off his head. Counselors Howe and Hammel were present to conduct his defense, while assistant district attorney Nicoll was on hand to represent the prosecution. The work of getting a jury progresses very slowly, as the tally when called showed a decided prejudice against anarchists in general and Most in particular.

WHAT KNOTT THINKS. NEW YORK, Nov. 22.—A Washington special quotes assistant postmaster general Knott as saying he is convinced that the government will establish a system of postal telegraphy within three years.

A DISASTROUS COLLISION. LONDON, Nov. 22.—The American ship E. F. Sawyer, Capt. Dinsmore, from San Francisco, June 11th, for Queenstown, sunk by a collision with the British steamer Pallurus at Folkestone this morning. The crew were saved.

SALMON IN NEW YORK. Oregon salmon is quoted in the New York markets at 35 cents a pound. That quotation would probably stand for any salmon sent from this coast, from California clear up to Alaska. Kennebec salmon is quoted at \$1 a pound. That is probably because the fish has not been so long out of the water. It does not appear that the quality is better, but Kennebec salmon is a scarce article. A few fish are taken in that river, but the salmon fisheries in the Eastern states cut no figure in the supply of the great markets of this country. At 35 cents a pound there is money in the business of sending salmon to the New York market. But the price now quoted is for the retail trade. At 30 cents a pound the margin is good enough. The average price in Oregon is not much above 10 cents a pound. It may cost for packing and transportation, say 5 cents a pound. Now, deduct 5 cents from 30 cents, the supposed wholesale price in New York, and there is a margin of 25 cents a pound. This figure is not claimed to be absolutely correct. The fish must go on ice. There will be the weight of that article in addition to the weight of boxes. All this weight is charged in as freight. But suppose the margin is cut down one-half and the shipper realizes 11 cents by way of profit? That ought to do very well.

It is to be noted that salmon just now are not in prime condition. They have ascended the rivers during the spring season, which in this state is supposed to be the close season. They have been coming down the rivers and creeks now for some weeks. They are white and therefore are of the best. That is probably true of the Oregon salmon. In this condition they are not canned to any great extent. There is a small but steady shipment of this fish to the Eastern markets. It averages to be eight days on the road, and while well preserved in ice, it will not keep long after a removal from the packing. It is to be noted that Oregon salmon has not been quoted up to Alaska. Kennebec New York for a year or more.—S. F. Bulletin, 18.

Give Them a Chance! That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Insurance on the Telephone. The Telephone was insured for \$50,000 in the following companies: State Investment.....\$ 3,000 Fire Insurance..... 3,000 Hamburg and Bremen..... 3,000 Hamburg-Magdeburg..... 2,000 Commercial, of California..... 2,000 Home Mutual..... 2,000 Scottish Union and National..... 5,000 Liverpool, London and Globe..... 5,000 Phoenix, of Brooklyn..... 2,500 New Zealand..... 2,500 Total.....\$30,000

The insurance is placed as follows: \$13,000 on the hull, \$14,000 on the machinery, \$2800 on the fixtures and \$200 on the piano.

Any case of Croup can be easily treated and cured by using "The Child's Cough Syrup." Full directions with each package, which can only be purchased at Dement's drug store.

SKIN SCALP BLOOD

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by the CUTICURA Remedies when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last one principal druggist, Mr. John P. Finlay, to whom I shall ever feel grateful, spoke to me about CUTICURA, and I consented to give them a trial with the result that I am perfectly cured. The cure is now no more about me. I think I can show the largest surface where my suffering sprang from of any one in the state. The CUTICURA Remedies are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. J. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss. ALEXANDER BEACH, Greenville, Miss. My best recommendation is to CUTICURA, at our request, with results as above stated. A. E. FINLAY & CO., Druggists.

SAVED MY MOTHER'S LIFE. Ever since I can remember, my mother has suffered from milk leg. Nothing would do her any good. She had the best medical treatment, but they all did her no good. She suffered with her leg for thirty years and never knew a well day. She would have to sit up half the night, holding up her leg and moaning. She had no peace. She used all the best known remedies in the country without effect. I asked her to try your CUTICURA Remedies. Got her a bottle of CUTICURA RESOLVENT, and she took it, and has taken in all about six or seven bottles, and now she is a well woman to-day. Her leg is entirely healed, and her health was never better. She can go out every day, something she has not done in ten years, so you see I cannot help stating to you about your wonderful CUTICURA Remedies. You have saved my mother's life. I cannot express my gratitude enough. I have advertised your CUTICURA Remedies far and near. EDWARD L. EDER, 1505 Broadway, N. Y.

Sneezing Catarrh. The distressing sneezes, sneezes, sneezes, the acid, watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches, how familiar those symptoms are to thousands who suffer periodically from head colds or influenza, and who live in ignorance of the fact that a single application of SASSOPAR'S RADICAL CURE FOR CATARRH will afford instantaneous relief.

But this treatment in cases of simple Catarrh is but a faint idea of what this remedy will do in the chronic forms, where the breathing is obstructed by choking, purring noises in the head and splitting headaches, small and taste gone, throat cleared and hacking cough gradually fastening its fangs upon the debilitated system. Then it is that the marvellous curative power of SASSOPAR'S RADICAL CURE manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

SASSOPAR'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box CATARRHAL SOLVENT and an IMPROVED INHALER, price, \$1.
