ASTORIA, OREGON: SATURDAY, NOVEMBER 26, 1887

ISSUED EVERY MORNING (Monday excepted.) J. F. HALLORAN & COMPANY, Publishers and Proprietors.

ASTORIAN BUILDING, - CASH STREET. Terms of Subscription. Sold by Carrier, per week 15 cts Sent by Mail, per month \$4.00 per year \$47.00 Free of postage to subscribers.

THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

Skating at the rink to-night.

Iwao talks of organizing a militia company.

THE WEEKLY ASTORIAN is published this morning.

The daily mail service has been extended from Montessano to Hoquiam.

The Baker's bay trap men will have a meeting at Iwao's this afternoon, to organize.

A silver collar button picked up at the Telephone firm, awaits an owner at this office.

A subscription of \$270 by A. Booth is the latest addition to the railroad subsidy fund.

The prohibition vote in the affirmative included just one-third of the voters of the state.

The Gen. Miles went to Tillamook yesterday noon; the Dolphin goes to Gray's harbor to-day.

Turkeys and geese were about equally divided on Astoria Thanksgiving dinner tables.

San Francisco and Sacramento are going to celebrate the completion of the railroad next month.

Nearly all the fishermen have returned who were engaged at the different outside canneries this fall.

Members Western Amateur band meet at seven, sharp, this evening for practice. Fines for non-attendance strictly enforced.

In the police court yesterday Frank Green forfeited \$10 bail deposited the day before on a charge of shooting inside the city limits.

During the month of October there went eastward from San Francisco over the Southern Pacific road 1,557,950 lbs canned salmon.

The Columbia arrived from San Francisco yesterday; the Oregon sails to-day. The Charlotte Croom crossed out yesterday afternoon.

A church in Portland, on South First street, is the only church west of the Rocky mountains which has incandescent electric lights.

But three days from Astoria to St. Paul! That is annihilating time and distance in comparison with the years when it was a three months' trip.

In the probable event of a municipal election on the 14th prox., city auditor Jewett is busy making out polling books for the voting precincts.

Reserved seats for the Monte Cristo performance at the New York Novelty store at ten o'clock this morning. The sale closes at 6:30 Monday evening.

The British ships Androsa and Glencairn cleared yesterday, the former with 114,474 bus. wheat, worth \$78,973, and the latter with 83,485 bus. wheat, worth \$55,608.

C. H. Cooper has just received 300 pairs of Hansen & Son's men's fine shoes in hand sewed, machine sewed and oiled soles. He is sole agent for Astoria for these fine goods.

A petition is in circulation and numerously signed by taxpayers asking that the salaries of the lady teachers in the public school for district No. One be raised ten dollars per month.

The Portland papers say "Monte Cristo" drew large audiences in that city, and that the audiences were much pleased with Mr. Horace Lewis's pre-entertainment of that famous character.

The suit against Muckle Bros., of St. Helens, resulted in a verdict for the government of \$255. The Mist thinks that the difference between \$255 and \$100,000 represents the gall of the special agent who instituted the proceedings.

The Androsa and Glencairn that cleared yesterday crossed out to sea in the afternoon. That speaks volumes for the Columbia bar: deep sea vessels clear with large grain cargoes and cross out on their way to their home port without an hour's detention.

Pacific Lodge, No. 17, K. of P., elected the following officers last evening for the ensuing term: C. C., J. W. Hare; V. C., Ed. Hallock; P. C., W. Fox; K. of R. and S., W. A. Sherman; M. of T., J. H. Johnson; M. of Ex., J. C. Clinton; M. at H., W. W. Belcher; trustee, J. W. Hare.

The board of directors of the Astoria street railway company met and organized yesterday evening, with the following officers: president, J. W. Conn; vice president, W. A. Sherman; treasurer, F. R. Stokes; secretary, F. W. Newell. Lumber, iron, and other material has been contracted for, and the intention is to begin work as soon as practicable, probably about the first of next month.

Under an act passed in 1882 the state of Oregon has been endeavoring to collect from the general government money to reimburse it for expenses incurred in raising troops in 1862 for the late war. It has been found that the act in question is not sufficient, and special legislation will be necessary. Senator Dolph will probably introduce a bill for the purpose soon after the meeting of congress.

Elijah Smith has resigned the presidency of the Oregon & Transcontinental company, and Sidney Dillon has been chosen as his successor. It has been known for some time that radical changes in the management of the Oregon companies were about to be made, and the return of Henry Villard to the control of the Northern Pacific, at the recent election, was merely the prelude to his further restoration.

The present Pacific county mail facilities, or lack of mail facilities, illustrates what a fine thing "economy" is. The government is so "economical" that the government contractor is not carrying the mail, and the Oysterville postmaster can't get any one to take hold of the temporary service authorized at the miserable figures offered. In the meantime the business interests of Astoria and vicinity suffer, and there seems to be no redress.

Now that we have a night boat it seems to THE ASTORIAN that it should carry the mail. The matter can easily be arranged: it will be a big convenience to Astoria merchants to get their letters nearly twelve hours in advance of the present time, and place us that much nearer the east. The attention of the mail officials is urgently directed to this matter, which rests solely with them. Let us have our through mail by the boat that arrives from Portland in the morning.

Says the Pacific Journal: The Bay Center Indians are dancing for a new doctor. They began the dance Monday and will keep it up for a week. It is a curious custom and as near as learned is as follows: There are several competitors for the doctorship, and the one who dances for one week night and day without giving out, and succeeds in the meantime in finding some object which has been previously hidden, is the chosen man. He is forthwith declared the medicine man and the healing business at once turned over to him. The doctor now on hand is about to give out and hence the graduation of a new man.

"Monte Cristo."

"Monte Cristo" was given at the Academy of Music last evening before an audience rather larger than is generally expected on Monday night. The scenic effects were by far the best produced on this stage this season. Horace Lewis is of course the central figure, and from the beginning to the finish he thoroughly satisfied the audience. The first scene, perhaps suited him less than any other, but as the action of the play progresses he seems to feel the situations with greater force and enters into their spirit in a manner which carries the audience with him. He is the best in the strongest parts, which is frequently not the case with otherwise fair actors. He has the best of support and he does not fail to take advantage of them. His acting is, perhaps, the most finished of any of the cast, and made a decided hit. The support generally was good, and taken altogether, "Monte Cristo" may be put down as one of the successes of this season. - Chicago Times.

With a Madrat in Its Mouth. Two codfish were caught by fishermen from Yesler's wharf yesterday, weighing ten pounds each. These fish are becoming quite common in the sound waters again. One of the cods, when caught, had a mudrat in its mouth, about two-thirds swallowed. - Seattle Post-Intelligencer, 24.

CINCINNATI, Nov. 25.—It is reported that Charles Albert Kebler, the attorney who committed suicide yesterday, was driven to the deed by the approaching revelation of heavy forgeries by him in the management of estates and trust funds entrusted to his care. The estimate is made that the liabilities thus incurred amount to \$170,000, while the property left by Kebler will not exceed \$60,000.

SOMEBODY BLUNDERED. PITTSBURGH, Nov. 25.—Two freight trains on the B. & O. railroad collided on a sharp curve fifteen miles from this city this morning. The two others are still under the debris and their names are unknown. Three of the injured—engineers Gates and Goff, and fireman McGinn—may die. The blame apparently rests with the train dispatcher.

A VERY TIGHT ROPE. SAN JOSE, Nov. 25.—Chas. Goslaw was hanged at 10:50 this morning, for the murder of an old man, H. A. Grant, at Los Gatos in January last. Goslaw bore himself well on the scaffold and when the trap fell died without a quiver, his neck being broken. When the body was cut down it was found that the rope had cut into the flesh to the bone severing the jugular vein. The blood still flowed profusely. The body will be sent to the man's family.

THE CASE ENDED. JOLIET, Ill., Nov. 25.—A verdict was rendered in favor of Lambert & Bishop in the celebrated insurance case this morning, the jury holding that the California insurance company has no cause for action. Whyte, who confessed the crime of arson, will be arrested.

In Brief, and to The Point. Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

SKIN SCALP BLOOD

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by CUTICURA Remedies when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last our principal druggist, Mr. John P. Finlay, to whom I shall ever feel grateful, spoke to me about CUTICURA, and I consented to give them a trial with the result that I am perfectly cured. The cure is now no more about me. I think I can show the largest surface where my suffering sprang from of any one in the State. The CUTICURA Remedies are the best blood and skin cures manufactured. I refer to druggist John P. Finlay, and Dr. D. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss.

ALEXANDER BEACH, Greenville, Miss. Mr. Beach used the CUTICURA Remedies, at our request, with results as above stated. A. B. FINLAY & CO., Druggists.

SAVED BY MOTHER'S LIFE. Ever since I can remember, my mother has suffered from milk leg. Nothing would do her any good. She had the best medical treatment, but they all did her no good. She suffered with her leg for thirty years and never knew a week day. She would have to sit up half the night, holding up her leg and moaning. She had no peace. She used all the best known remedies in the country without effect. I asked her to try your CUTICURA Remedies. She had a bottle of CUTICURA Remedies, and she took it, and has taken in all about six or seven bottles, and now she is a well woman to-day. Her leg is entirely healed, and her leg is never better. She can go out every day, something she has not done in ten years, so you see I have not been stating to you about your wonderful CUTICURA Remedies. You have saved my mother's life. I cannot find words to express my gratitude. I have advertised your CUTICURA Remedies far and near.
