Plea for Annexation.

NEW YORK, Nov. 27 .- Edward Atkinson has written a second letter to F. B. Thurber, chairman of the commercial union committee of the chamber of commerce, of the advantages to be derived from freedom of traffic by commercial by the United States would be a trifle, and the net preceeds of taxation each year would be about \$5,000,000. If we paid \$50,000,-000 for the provinces it would be recovered by taxation in ten years.

It is reported that the interstate commerce commission will recommend the abrogation or modification of the long and short haul clause of the act. It has been given a fair trial and found impracticable and opposed to business interests. The general regulative idea of the act is good, and with amendment from time to time as expenence suggests, it may eventually become a valuable of every effort to cure this eruption, it in-restrictive measure. Thus far it creased until the fiesh became entirely east. I was troubled, at the same time, has demonstrated that the busi ness of the country cannot be successfully conducted in accordance with abstract mathematical theories. Practical matters must be practically treated.

A woman tramp, who claimed to have walked from Canada to Oregon, stopping en route at Dakota, was accested at Jefferson Marion county, Saturday, and a charge of insanity was made against her. She carried no blankets or camping utensils, but aid she generally built a fire in the woods and slept beside it.
