A MYSTERIOUS MURDER. NEW YORK, Dec. 23.—James Miller a real estate dealer, 50 years old, was found lying dead this morning on the floor of his room. Beside him lay his wife, unconscious and dying. On her face and head were several deep gashes. It is supposed that the couple were attacked and beaten by robbers. The discovery was made by the letter carrier who knocked at their door. He received no answer, but heard labored breathing from within that caused him to think that something was wrong. He called a policeman who broke open the door. The furniture of the room and the kitchen utensils and crockery were broken and fragments were strewn

FIRE AT GILA CITY. Yuma, Dec. 23 .- The Gila City section house was destroyed by fire early this morning. The section foreman, Edward Burk, was fearfully burned, probably fatally. He was brought here for medical attention. The cause of the fire is unknown.

DYING AT ALBANY. ALBANY, N. Y., Dec. 23.-At noon it was belived that ex-secretary Manning would not survive the day, but he had brightened up later on and recovered his consciousness. He is slowly but steadily weakening throughout his entire system. It is noticed that the pulse is becoming intermittent and the sight is failing. At latest acstimulant at intervals. The family are prepared for his approaching end.

CAUSED BY BAD DBAINAGE. NEW YORK, Dec. 23 .- A Washington dispatch says: Dispatches from Albany state that the illness of ex-secretary Manning was caused in a great measure by bad drainage in the treasury building. This was one of the causes privately assigned when he was first stricken here with an illness as to the nature of which physicians at the time were not disposed to take the public into their confidence.

FATAL RAILBOAD ACCIDENT. PHILIP, Wis., Dec. 23.—The evening passenger train on the Wiscon-sin Central railway was thrown from the track by a broken rail two miles south of Fifield last night. Three cars were thrown from the track down a fifteen-foot embankment. One person was killed and fourteen wounded.

KILLED BY DYNAMITE. Halifax, Dec. 23.-An explosion of dynamite at a limestone quarry near Brookfield this morning killed four men, one of them being Alexander McDonald, proprietor of the quarry. or girl, from five to seventy-five, who | the dynamite previous to using it for a blast was omitted when it occurred.

> UN TREMOLO. New Bedford, Mass., Dec. 23.—A deep, rumbling sound lasting three seconds and accompanied by a tremor of the earth was noticed here shortly after midnight. The disturbance aroused the people from their sleep. The shock was felt at Acushnell and other towns in this vicinity.

INFANTILE SKIN DISEASES

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, mulismant sin disease. All ordinary remedies fulling, we called our family physician, who attempted to care it; but it spre d with almost incredible ranidity, until the lower portion of toe lit be fellow's person, from the middle of his back down to his kness, was one sold rash, mgly, painful, blotched, and multitions. We had no rest at night, no peace by day. Finally, we were newised to try the CUITCERA REMEDIES. The eff et was simply marvellous. In hree or four weeks a complete cure was wrought, leaving the little fellow's erson as white and healthy as shough he had never been attacted. In my opinion your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred.

Constitutional Catarrh.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice the mind—one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently ascalled by quacks and charlatans, those suffering from it have little hope to be reserved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by rome its within the reach of all passed into hands at once competent and trustw-arthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Rancal Cure has won the hearty approval of thousands. It is instantance is in affording relief in all head colds, sneezing, saudfing not obstructed breathing, and rapidly removes the most oppressive symptoms clearing the senses of smell, taste and hearing, and neutralising the constitutional tendency of the disease towards the lungs, liver and kidneys.
