Self-Control.

An expert and experienced official in an insane asylum said to us, a little time since, that these institutions are filled with people from an insane asylum who allows himself to give up to his feelings. The importance of this fact is altogether too little appreciated, especially by teachers. We are a ways talking about the negative virtues of discipline, but we rarely speak of the positive virtues. We discipline the schools to keep the children out of mischief, to maintain good order, to keep things quiet, to enable the children to study. We say, and say rightly, that there cannot be a good school without good discipline. We do not, however, emphasize as we should the fact that the discipline. discipline the schools to keep the

above, was led to make the remark to us by seeing a girl give way to the "sulks." "That makes insane women," she remarked, and told the story of a woman in an asylum who used to sulk until she became desperate, and the expert said, "You must stop it. You must control yourself." To which the insane woman replied, "The time to say that was when I was a girl. I never controlled myself when I was well, and now I cannot." The teacher has a wider responsibility, a weightier disciplinary duty than she suspects. The pupils are not only to be controlled, but they must be taught to control themselves, absolutely, honestly, completely .- Journal of Education.

The government surveying contracts, for which prosecutions are now pending in our federal courts, present some features in common with the star-route swindle. For instance, on one contract the estimated government liability was \$133,275, and there was paid on it \$455,275. That swelled worse than dried apples.

"Willie Wafflers," said the teacher, "which is the shortest day in the year?" "Twenty-first of December," replied Willie, who was correct as far as the writer knows. "And Tommy Tuff may tell us which is the longest day,' said the teacher, indulgently, "Sunday," shouted Tommy.

THE INCURABLE **CURED!**

Hofkisstille, Kt., Feb. 24, 1887.

Gentlemen-Seven years ago a sore developed on my nose from a finger nail scratch, i tried a few simple remedies, but the sore would not yield. I grew worse every year for seven years. Many thought I had a cancer. Over a year ago I commenced taking S. S., and two dozon bottles entirely cured me. When I began with Swift's Specific I was in very poor health, and could hardly drag about. After I had finished the course of S. S. I was strong and buoyant, and had a good appetite. I regard it as a most valuable medicine for ladies in weak, delicate health. It is a bousehold medicine with me. Yours respectfully.

Spantannung, S. C., April 2, 1887.

variance medicine for lanes in weak, delicate health. It is a household medicine with me.

Yours respectfully.

Miss. R. W. Willox.

Spartaners, S. C., April 2, 1837.

Gentlemen—for twenty years I have had a sore on my left cheek. It had gradually been growing worse. The many physicians whom I had consuited were unable to do me any good. Last fall a year ago I began using S. S. S. At first it inflamed the sore, and it became more virulent than ever; so much so, indeed, that my family insisted that ishould leave off the medicine. I persisted in using the S. S. S. At the end of two months the sore was entirely healed. Thinking that the evil was out of my constitution, I left off the medicine; but in November, ten months after, a very slight breaking out appeared. I at once began again on S. S., and now that is also disappearing. I have every faith in S. S. S. It has done me more good than all the doctors and other medicines I ever took.

Wisston, N. C., April I2, 1997.

Genilemen—Two or three years ago a cancer came on my face. It soon grew to be quite large. It wore on me, and my general health was very poor. Last September I began a course of S. S. S., which I have continued to the present time with the happeared, there being no evidence or symptom of a cancerous character left. My general health was very poor. Last September I began a course of the green with the happeared, there being no evidence or symptom of a cancerous character left. My general health was very soot. Hast September I began a course of the field planting corn. Yours truly, Jonas Linksach.

Gentlemen—I had a sore on my upper lipfor eight years. Seven different doctors attempted in vain to heal it. One gave me a small vial for five dollars, which was a "cortain cure." It is needless to say that it did me no good. About two years ago I became quite uneasy, as people thought I had a cancer, and I took a course of eighteen bottles of S. S. The result has been a complete cure. The ulcer or cancer healed beautifully, leaving scarcely a perceptible
