 Yesterday was generally observed

 In the retirement of Thos. Linville
 from the police force the city loses a
 good officer; brave, intelligent and
 upright; quick to see and prompt to
 act. It is but a just tribute to an ef-
 ficient officer to say this of a man who
 goes off the force with the good
 wishes, the confidence and the respect
 of a large majority of this commu-
 nity. Less could not be said, and
 more need not at present be said.
 The renowned Royce & Lansing
 Musical Comedy company and Swiss
 Bell Ringers are coming next Friday
 and Saturday. This company comes
 endorsed by press and public. Dur-
 ing their eight successful years on the
 road over one million people have
 witnessed their entertainment. And
 halls and theaters have been found
 utterly inadequate for the accommo-
 dation of the people eager to gain ad-
 mission. This is accounted for by
 their strict adherence of presenting a
 strictly refined entertainment com-
 posed of the best, and the best vocal
 and instrumental music. They re-
 main here two nights. Reserved seats
 at the New York Novelty store.
 Yesterday's edition of the *Daily
 Oregonian* is a compendium of the
 growth and present condition of Ore-
 gon and Washington and a full show-

ing of the manifold resources of the
 northwest. It is complete in data,
 elaborate in statistics, unusually full
 in varied information regarding the
 field, the forest and the mine, com-
 mercial figures, etc., and is artistically
 accompanied by four pages of really
 fine engravings, the whole being pub-
 lished and furnished in a style that
 would reflect credit upon any news-
 paper establishment in the United
 States.
 The endorsement of *German
 Syrup* is unparalleled. We will pub-
 lish 1000 testimonials received during
 the last six months. Read them.
 May save your life.
 BERKSHIRE, N. Y., May 31, '86.
 G. G. GREEN, Dear Sir:—I am fre-
 quently troubled with severe colds,
 and the only remedy that will relieve
 me of them is your *Boschee's German
 Syrup*. I have used it for more than
 12 years. It is a constant household
 companion with me. Our merchant
 here procured it first at my solicita-
 tion, and says he has sold a great
 many bottles. It is a very popular
 remedy in this section. Every per-
 son who has used it speaks in the
 highest terms of its merits. I do not
 know of a single case it has not
 cured. I first used it in Vermont,
 where I lived before coming here. I
 advise everyone to use it, as it is cer-
 tainly the best cough medicine I have
 ever known. I have tried nearly all
 of them at different times.
 Yours respectfully,
 MOSES GRAY,
 Proprietor Grist Mill.

THE ASTORIA LEGISLATURE.
 The Old Council and the New.

The Two Messages—Discharge of the
 Police Force—Appointment of
 Two Policemen.
 At 1:45 yesterday afternoon the
 city council met according to the
 charter, Mayor Trullinger in the
 chair, five members present.
 The report of Thos. Logan for De-
 cember, '87, and the year '87 were
 read and referred to street committee.
 The report of the auditor and police
 judge for the year of '87 was also read
 and referred.
 The reports of city treasurer Hustler
 for December, '87, and the year
 1887, were read and referred to ways
 and means committee.
 Ordinances making appropriation
 of \$254.03 and \$1,050 for the benefit
 of the Astoria Iron Works were read
 third time and passed.
 The following claims were ordered
 paid: Philip Taylor, \$14.50; J. F.
 Halloran & Co., \$12.80; J. G. Hustler,
 \$265.58; D. C. Ireland, \$7; W. W.
 Belcher, \$50; M. C. Crosby, \$7.75; J.
 W. Conn, \$1.90; Electric Light Co.,
 \$168; Astoria Gaslight Co., \$12.25;
 \$124.25; P. L. Taylor, \$42.50; H.
 Goldback, \$4.50; John McCann, \$2.25;
 J. A. Kenny, \$25.75; Clatsop Mill
 Co., \$11.30; R. R. Marion, 75c; West
 Shore Mills, \$32.08; Sherman &
 Ward, \$1; Silaby M'ing Co., \$134.50;
 \$36.50; W. E. Dement, \$27.60; Win-
 cent & Carlson, \$2.50; M. C. Crosby,
 \$6.02; \$18.30.

of the city of Astoria, and in pursuance
 of Sec. 40 of the charter, I have the honor
 to communicate to you a brief and
 general statement of the condition of
 the affairs of the municipality, together with
 the reports of such officers of the city as
 have had the courtesy to make a report
 and hand the same to me.
 This municipality was created by the
 sovereign power of the state, with all its
 officers, powers and machinery, to the
 end that its citizens should better enjoy,
 and be secured in those inalienable rights
 of life, liberty and pursuit of happiness,
 and for which all governments are insti-
 tuted, whether great or small, and for
 the accomplishment of that end, gentle-
 men, and for no other purpose, have the
 people elected you to their respective of-
 fices of trust and honor.
 The financial standing of the city, if
 all the claims incurred during the year
 just closed were paid by warrants, will
 be a total of \$1,232,000, less \$829,
 683.96. The total income of the munic-
 ipality for the year was about \$25,086.68,
 and the total expense for the same time,
 as reported, and claims unpaid amount
 to about \$31,926.88. Deficiency existing
 against the city for expenses over re-
 ceipts, for 1887, of \$6,839.75.
 This to my mind is not a creditable
 showing and admonishes this council to
 study the condition of the expenses of the
 municipality in every department and ear-
 nestly endeavor to reduce the same. This
 result is after a tax of fifteen mills for
 1888, and seven and one-half mills for the
 year 1887. It is my opinion that the busi-
 ness of the city for the ensuing year
 could be and should be carried on effec-
 tually and properly at an expense not to
 exceed \$16,000. This, however, gentle-
 men, is a matter in your sound discre-
 tion.

 read his farewell address to the coun-

 printed.
REMARKS OF MAYOR TRULLINGER.
 To the Honorable City Council:
 GENTLEMEN:—According to past usages,
 in connection with the requirements of
 the city charter, I present you my annual
 message which, in brief, will present
 to you the present state of finances of
 the city.
 In the past year, we can safely say that
 the city of Astoria has been blessed by
 not having been visited by fire, pesti-
 lence, storm, or depression in business.
 In the first place fire has not visited us
 because our common council has seen fit
 to furnish our noble fire boys with ample
 facilities to combat the fiery elements,
 which is the greatest enemy of a wooden
 city.
 Contagious disease has not done our
 great wrong injury, on account of the
 great efforts on the part of our city phy-
 sician not even allowing a case of black
 measles, Hothain or German measles, to
 stalk through our streets under the name
 of smallpox.
 We have had an energetic chief of po-
 lice, who has not only had supervision
 over the police force, but to a considera-
 ble extent over the honorable city council,
 while the streets have not been kept
 in much better condition than the back
 yard of my messhouse, still, here, during
 the holidays, we were expecting some
 distinguished guests, there has been a
 faint effort made by the Chinamen, in
 front of their doors, in the heart of the
 city, to get some of the mud carted away;
 this, with some herculean efforts on the
 part of some of our white business peo-
 ple, have moved some of the old boxes
 and piles of cordwood toward the back
 end of their magnificent business places,
 and some of the mud has been removed
 from the front.
 But, dear people, remember the condi-
 tion of your streets and gutters. The
 council is not wholly to blame, because,
 you know, some of them want to retain
 their places.
 The mayor is wholly dependent upon
 the treasurer and auditor for the reports
 of the city finances, and firmly believes
 them to be correct, on account of their
 ample capabilities and integrity, and I
 will submit the following:
CITY AUDITOR'S REPORT, JAN. 1, 1888.

 cluding balance in treasury

 As this is my last message to your hon-
 orable body, I thank you for your kind
 indulgence in my private business and
 non-attendance, and for general kind-
 ness extended to me.
 I hope the city council will in the fu-
 ture better provide for the comfort and
 convenience of the new mayor, Hon. C.
 H. Page, in the way of a few official let-
 terheads and stamped envelopes, in aid
 of correspondence with other municipal
 corporations, as well as individuals, on
 official business.
 It would perhaps be well for the city
 council to take into consideration the
 need of changing the city charter so that
 the mayor could have a casting vote in
 case of a tie in the city council, so that
 the wheels of government can roll on.
 The above suggestions are, I know,
 hardly proper for me to make at this
 time, but I hope the new mayor and
 council will excuse me for the inadvert-
 ence, and now wish you all a happy New
 Year and a prosperous future, and again
 thanking the council for their uniform
 courtesy and kindness, I remain respect-
 fully yours,
 J. C. TRULLINGER.

On motion of councilman Bergman
 a unanimous vote of thanks was ten-
 dered Hon. J. C. Trullinger for his
 uniform dignity, courtesy and im-
 partiality during the two years of his
 official term.
 The resignation of Dr. J. F. Page,
 as health officer for the city, was read
 and, on motion, accepted.
 The retiring mayor then appointed
 councilman Fulton and Bergman to
 introduce the newly elected mayor,
 Hon. C. H. Page, and councilmen
 Garruthers and Cleveland to intro-
 duce councilman J. W. Welch, the
 newly elected councilman from the
 second ward, this being done,
 amid applause, the newly elected
 mayor proceeded to read his message,
 as follows:
MAYOR PAGE'S ADDRESS.
 Gentlemen of the Common Council
 of the City of Astoria:
 As the incoming mayor and ex-offi-

cial of the city of Astoria, and in pursuance
 of Sec. 40 of the charter, I have the honor
 to communicate to you a brief and
 general statement of the condition of
 the affairs of the municipality, together with
 the reports of such officers of the city as
 have had the courtesy to make a report
 and hand the same to me.
 This municipality was created by the
 sovereign power of the state, with all its
 officers, powers and machinery, to the
 end that its citizens should better enjoy,
 and be secured in those inalienable rights
 of life, liberty and pursuit of happiness,
 and for which all governments are insti-
 tuted, whether great or small, and for
 the accomplishment of that end, gentle-
 men, and for no other purpose, have the
 people elected you to their respective of-
 fices of trust and honor.
 The financial standing of the city, if
 all the claims incurred during the year
 just closed were paid by warrants, will
 be a total of \$1,232,000, less \$829,
 683.96. The total income of the munic-
 ipality for the year was about \$25,086.68,
 and the total expense for the same time,
 as reported, and claims unpaid amount
 to about \$31,926.88. Deficiency existing
 against the city for expenses over re-
 ceipts, for 1887, of \$6,839.75.
 This to my mind is not a creditable
 showing and admonishes this council to
 study the condition of the expenses of the
 municipality in every department and ear-
 nestly endeavor to reduce the same. This
 result is after a tax of fifteen mills for
 1888, and seven and one-half mills for the
 year 1887. It is my opinion that the busi-
 ness of the city for the ensuing year
 could be and should be carried on effec-
 tually and properly at an expense not to
 exceed \$16,000. This, however, gentle-
 men, is a matter in your sound discre-
 tion.

FIRE DEPARTMENT.
 The fire department of the city and for
 the year just closed has cost in the ag-
 gregate about \$8,000. This department
 is a very necessary and important branch
 of the municipality, and is worthy of the
 greatest care and attention. It is com-
 posed, as it is, of the youth, intelligent,
 patriotic citizens of the municipality. It
 should be fostered and liberally, but eco-
 nomically provided for. As to whether
 the expense above named for the year is
 greater than it should be, is a matter
 also that should receive your careful at-
 tention and if any reductions in the ex-
 pense can be made, without injuring the
 efficiency of the said department, it
 should be done; and from my opinion,
 of the gentlemen composing said depart-
 ment, I know they will acquiesce in and
 assist you in any economical reforms
 that you may endeavor to carry out
 in the first place fire has not visited us
 because our common council has seen fit
 to furnish our noble fire boys with ample
 facilities to combat the fiery elements,
 which is the greatest enemy of a wooden
 city.
 The police department is also a very
 important branch of the city govern-
 ment, and should receive your careful
 consideration and study, with a view
 of protecting the lives and property of the
 citizens. The police force, for the last
 few years, has been the subject of mor-
 tification, ridicule and derision in the
 eyes of the good people of this city. As
 to whether or not it merits the contempt of
 the citizens of this city, the majority of
 you composing this body know better
 than I. The police force, in my opinion,
 should be well disciplined and composed
 of men peculiarly fitted for their respec-
 tive offices, and should be composed of
 men of character, and standing in the
 community, and if said discipline is
 desired to be effective, the same should,
 as to discipline, be left in the control of
 those that the charter has made the
 special duty to supervise. It is my opinion
 and the opinion of many citizens of the
 city, that the force should be materially
 reduced, and I so recommend. As to
 who shall serve in said department, or as
 to the political faith or creed its mem-
 bers may entertain, or what nationality
 they shall be, is a matter in your sound
 discretion. In my opinion it is utterly
 immaterial to the citizens of this city,
 as to the qualifications, and I trust your
 management of said department will be
 without objection thereon.

THE PROPERTY OF THE CITY.
 Real and personal, consists of the lot
 and city hall, now in use by the council,
 also a house upon the block known as
 the Court House block in the city, two
 steam fire engines, a hook and ladder
 truck, and the necessary appliances to
 said machines, effective and useful.
 This is a very small showing for the
 amount of receipts and taxes that have
 been collected from the people, and for
 the indebtedness that now exists, nearly
 all of which has accrued within the last
 ten years.
 In 1876 the city virtually owned the
 same amount of property, with the ex-
 ception of the engine in use by Fire
 Company No. 1, and the hook and lad-
 der truck above mentioned. At that date
 the indebtedness of the city did not ex-
 ceed five thousand dollars, and I trust
 during your administration, if there is
 any necessity for large expenditures of
 money or indebtedness to be incurred,
 the real and personal property of the
 city will be materially larger and more
 extensive.

RECOMMENDATION.
 I respectfully recommend that you give
 your earnest attention and study to the
 matter, commonly called the roadway, ex-
 tending to upper Astoria. This, as it
 now stands, is in a shameful and dan-
 gerous condition and is a common nu-
 sance. Originally this roadway was
 built at the expense of all the tax payers
 in the city, and there can be no ques-
 tion that a good safe thoroughfare to
 upper Astoria is an absolute necessity.
 The charter makes it the duty of the
 council to see that the roadway is main-
 tained in a safe, adequate and to the
 wants of the community. This is a respon-
 sibility that the law will not allow you to
 shirk or evade, and if any damage should
 arise from negligence and omission by
 the body in the performance of their
 duty, they will be personally liable. The
 charter gives the council the power, and
 points out distinctly the mode and man-
 ner of building and improving streets
 and highways, and it is the duty of the
 council to exercise that authority. If the
 citizens interested in the matter along the
 line of the proposed street refuse and
 defeat the construction of any street, the council,
 in order to protect themselves, should
 abolish as a nuisance, the structure that
 endangers the life and limb of those
 who travel over what is ostensibly a thor-
 oughfare.

 Jesse Middleton, of Dayton, Ohio,

 would have died of Lung Trouble. Was
 given up by doctors. Am now in best
 of health." Try it. Samples, bottles free
