The year opens lively with petitions. Every other man has a petition he wants signed. It is the easiest thing in this world (next to going into debt) to get a man to sign a petition.

For the last few days THE ASTORIAN'S morning dispatches have been telegraphed from San Francisco to Chicago; from there to Portland, and down here. The W. U. T. Co. has the advantage of having a choice of routes and if there's any news going we get it.

Of all earth's teeming millions there are few living who have seen the time before when it required three figures of the same kind to write the number of the year and few living now will ever see the time again. It will be one hundred and eleven years before it occurs again.

On yesterday evening's boat arrived forty tons of iron for the Astoria street railway company. This is the first installment. The company proposes to begin at Johnson's when they get ready and when they can get matters decided, and they will then build westward.

There was a pleasing performance at Ross' opera house last evening, and one that was thoroughly enjoyed by the large audience present. The company are good throughout and give an entertainment that is well worth the price of admission. They appear again in a change of programme this evening.

The aggregate cut of the mills on Gray's harbor is 3,000,000 feet per month, and the canneries shipped 30,000 cases salmon the past year. It takes forty logging camps to supply the present demand for logs. Three large schooners have been built on the harbor, and a number of small steamers, and more will be built next season.

Such weather as this gives us a chance to sympathize with eastern folk. But we have by far the best of it, for presently will come from the west the warm breath of the Pacific and all our doors will soften and become genial, and all this chill and discomfort will have gone glimmering through the dreams of things that were.

Dr. Robt Morris, the venerable poet laureate of Free Masonry, delivered a public lecture on the aims and merits of the order at the hall of Temple Lodge, No. 7, last evening. The lecture was interesting and instructive, was delivered in a most pleasing style and was enjoyed by the audience. There are few living men better exponents of the tenets of the Masonic fraternity than that venerable gentleman. He leaves this morning for Victoria, and will shortly return to his home in Kentucky.

The endorsement of German Syrup is unparalleled. We will publish 1000 testimonials received during the last six months. Read them. May save your life.

BURLINGHAM, N. Y., May 31, '86. G. G. GREEN, Dear sir:—I am frequently troubled with severe colds, and the only remedy that will relieve me of them is your Boscche's German Syrup. I have used it for more than 12 years. It is a constant household companion with me. Our merchant here procured it first at my solicitation, and says he has sold a great many bottles. It is a very popular remedy in this section. Every person who has used it speaks in the highest terms of its merits. I do not know of a single case it has not cured. I first used it in Vermont, where I lived before coming here. I advise everyone to use it, as it is certainly the best cough medicine I have ever known. I have tried nearly all of them at different times.

Information has reached Washington that the Coquille river has deflected its current at the mouth so as to change its channel from the government jetty and endanger shipping, and congressman Herman has notified the engineer department, and has urged the necessity for increased estimates for additional improvement. General Duane at once communicated with the local engineers for a detailed report.

SCRATCHED 28 YEARS

A Scaly, Itching Skin Disease with Endless Suffering Cured by Cuticura Remedies.

If I had known of the CUTICURA Remedies twenty-eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease (Poriasis) commenced on my back in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales were endless, and without relief. One thousand dollars would not tempt me to have the disease over again. I looked like the worst of scaly skin diseases. I was a poor man, but I was rich in suffering. I was told by some of the doctors that I would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have the disease over again. I looked like the worst of scaly skin diseases. I was a poor man, but I was rich in suffering. I was told by some of the doctors that I would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have the disease over again.
