Astoria derives more profit and does a greater volume of business with Pacific county than she does importance of the trade from this ly of all hair preparations. chased supplies in Astoria the past season to the amount of four thousand dollars and he is only one out of a number of hundreds who do business with that place. The fact of the matter is that we of this side look upon Astoria as our metropois, with interests closely akin to our own. Hence she should regard this section in the same light, and endeavor by all means possible to cultivate a closer relationship; she should take a prominent stand in every enterprise that will assist this section and aid its maintenance. We are now trying to build a railroad and need aid, and it is time for her to show us what she is willing to do in the way of encouraging it. Astoria ought to he deeply interested in this matter and subscribe very liberally toward helping it along. She will be as North Pacific much benefited and even more so, than from any enterprise heretofore contemplated on the other

Constitutional or scrofulous catarrh, shre eyesf etc., surely cured by Ayer's Sarsaparilla.

Astoria should make a strong effort to get those railroad men up from California and find out if they propose to build that road to the Willamette valley or not; and if not then put theirown shoulders to the wheel and build it themselves. They have money and can get more. Portland has enjoyed the shipping trade and commerce that comes to the Columbia river, long enough, in fact enjoyed it at the expense of commerce and shipping interests. There is no sense in dragging deep sea ships up a river 110 miles into the interior to be loaded, it is against everything that is practical and business-like and comes from an old established custom entered into when the country was new. It should be changed if the commerce of the

river is expected to be maintained and the sooner Astoria does some thing in this direction, besides talk, the sooner will she derive the benefit and shipping be relieved of the great burden now weighting it down. The building of that railroad from Astoria will assist in this but will not do so alone .-Journal.

## The Only Remedy

Contagious Blood Poison.

Mr. D. R. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physiciaus, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me sound and well."

Col. R. L. Kleser, editor and proprietor of the Opelika, Aia., Times, under date of August 3, 1861, writes: "When I was a young man, through indiscretion, I commacted a disease which has stuck to me for years. Some five or six years since I was troubled with pains, so as to make it difficult for me to walk. Having advertised the S. S. In my paper for saveral years, I concluded I would try it to see it there was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting left, I waiked the seven miles and have never felt any return of the old malady. After experiencing the sood effects I must say I am satisfied with the result. I am skriy-eight years of age and I feel now like a young man and can go to the case when necessary and set up from six to eight thousand ems without any inconvenience. I send you that without solicita.

Mr. F. Woehl, 211 North Avenue, Chlesgo.

to eight thousand ems without any inconvenience. I send you this without solicitation.

Mr. P. Woehl, 211 North Avenue, Chicago, under date of June 12, 1837, writes: "I deem it my duty to thank you for the cure I received from your excellent medicine. I contracted a very severe case of blood poison madefeine. I went to a drug store, the proprietor of which persuaded me to huy a preparation of his own, which he said was a succeure. I used 1sr bottles of his stuff and grew worse all the time. At last I got disgrassed and despaired of a cure. I met a criend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He reluctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit derived from your medicine."

Dr. J. N. Chener, a prominent physician, residing in Eliaville, Schley County, Georgia, in a letter recomming the infallible success he has in curing contagious blood poison cases in his extensive practice, writes: "Those who know the almost inevitable, permanently dangerous effects of mercury will welcome your discovery of 8.8.8. as a boon to humanity. The medical profession, always wary of proprietary medicines, is coming slowly, and in some cases so blood disorder. Of course a medicine that cures polsoning in its worst form must purify the blood of every disorder."

Who may be suffering from the effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will Guarantee to Forfeit S500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and falls to oure.

MIDDLE-AGED MEN There are many at the age of 30 to 60 who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits, a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin, whitish hue, again changing to a dark, torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. DR. this discound stage of seminal weakness. DR. SPINNEY will Guarantee a Perfect Cure in such cases, and a healthy restoration of the genito-urinary organs.

Hours, 10 to 5 and 7 to 9 : Sunday, 8 to 11 A. Consultation free : Examination, \$2.00.
