 THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.
 The schooner Premier is discharging hay at Gray's dock.
 On the first page is an interesting letter regarding the Portland and Astoria railroad.
 The Democratic primary in this precinct will be held at Liberty hall at 7 p. m. next Thursday.
 The semi-monthly meeting of the C. R. F. P. union will be held at their reading rooms this evening at 7:30.
 The latest salmon cannery heard from is the Booth Packing Co., at Mapledell, Oregon. The salmon will be packed under the "Cascade" brand.
 The editor of the Walla Walla Union goes to California, being in need of a little change. Most of the press gang stay right at home for the same reason.
 Potatoes retail for \$1.25 a sack; butter for 65 cents a roll, the rolls average one and three-quarters lbs. Eggs 20 cents a dozen, cheese 25 cents a pound.
 The Journal says that men who understand driving oxen in the logging camps are paid from \$100 to \$125 per month and board and are not very plentiful either.
 At two o'clock this afternoon to close out all consignments, and on account of departure, E. C. Holden will sell a large lot of miscellaneous articles described elsewhere.
 There will be a pleasant little social dance at the armory this evening, the occasion being a complimentary farewell to Misses Emma Sherman and Katie Thrall, who leave for California next Thursday.
 C. T. Thomas lost an overcoat taken from the hat rack while at dinner at the Occident last evening, and would be pleased to have it returned to him as he is going to a region where an overcoat is a necessity.
 All the fishermen at Oregon City have agreed not to catch salmon during the close season. This is the result of the visit of Geo. Penoyer and state fish commissioner E. P. Thompson to Oregon City, Saturday.
 The Astoria Street Railway's force was in front of H. G. Van Dusen's yesterday, and is now about finishing that part of the route in front of N. Johansen's. The part opposite the mill next receives their attention.
 The bark Hope was taking on boats and cannery supplies at the main street wharf yesterday, and will load lumber at the West Shore mills today. Mr. Thomas says he will take about thirty white men with him to Alaska.
 The Portland Journal of Commerce says that there are now two committees from the Portland Board of Trade investigating the manner of shipping sailors. The Journal thinks the matter should be presented to the Legislature.
 From J. D. Cairns it is learned that the report circulated last Saturday, regarding the reported loss of a small steamer this side of Shoalwater bay is happily unfounded, diligent search eliciting the fact that there was apparently no foundation for the rumor.
 Work on the Wallcut bridge across the river is progressing it is expected to be completed by the 10th of next month. The Wallcut road has been graded and put in shape for planking. The next step will be to open the road to the Chinook and build a good bridge across that stream.
 A lady who has tried it with the most satisfactory results suggests that pruning and clipping trees in the early spring will prevent those disgusting caterpillars later in the season. She mentions several instances where the trees were so treated and remained free from caterpillars the season through. Her idea seems reasonable and worthy of practical observance.
 Nearly every day now we are called upon to chronicle the departure of Astorians who are temporarily employed elsewhere. John Hay will go with C. T. Thomas, to Alaska, this season; Will C. Logan also goes to Alaska; Maurice Du Buisson goes to Tacoma where he has accepted a business offer. Geo. Goodell will be engineer of B. A. Seaborg's steamer, the Enterprise, in Alaskan waters.
 Parker & Hanson call attention to their advertisement in which they propose to keep the public posted on what new goods they receive each week.
 We hear that Purse Seines and Pound Nets furnished the fishermen last season of the manufacturers of the American Net & Tine Co., of Boston, gave complete satisfaction. They were all made from the Shepard Gold Medal Twines which this company manufactures directly from the raw cotton.

A COLORADO TRAGEDY.
 Blaine Says He Is Out of Politics.
 DENVER, March 19.—By the insane jealousy of Charles Sweigart, a German about forty years of age, was caused a terrible tragedy to-day, which resulted in the murder of Geo. Kreiner and the suicide of Sweigart. The latter was divorced from his wife two years ago in this city, since when he has been residing in Utah. He returned from there this morning and went to boarding house kept by his former wife, three miles from the city and demanded breakfast. The woman refused to have anything to do with him. He immediately drew a revolver and fired three shots at her without effect. The woman ran screaming from the house. Sweigart followed her, she jumped into the back standing at the door in which the man had driven to the house. The driver put the whip to his horses and drove rapidly away, but not before the insane man fired three shots into the carriage, neither of which harmed the woman. He then returned home and opened fire on Charles and Kreiner, two boarders, who had just entered the house for dinner. The former's right arm was broken while Kreiner received a ball through the temple and died instantly. Sweigart then pointed the revolver at his own head, the bullet crashing through the skull. The murdered man had boarded in Sweigart's family for ten years and it is the general opinion that the latter thought improper relations existed between Mrs. Sweigart and Kreiner and this had so worked upon his mind as to drive him to commit the deed.
 GRAIN SUPPLY.
 NEW YORK, March 19.—The visible supply of grain, March ten was, wheat 36,257,000 bushels; corn, 9,238,000 bushels; oats, 4,297,000; rye, 368,000; barley 2,030,000.
 BUSY AT KANSAS CITY.
 KANSAS CITY, March 19.—All the passenger trains on the Santa Fe road go this morning. At the freight yards all is activity. The switch engines are making up freight trains as rapidly as possible and every effort is being made to relieve the freight blockade.
 WHAT J. G. E. SAYS.
 LONDON, March 19.—Jas. G. Blaine in a private letter written from Florence states that he will visit London in May and reach New York about the end of June. His return to America he says has no political significance and he will under no circumstances participate in the coming presidential canvass.
 FIRE IN NEW YORK.
 NEW YORK, March 19.—The Elberon flats at the corner of 86th and Madison avenue burned this morning about 7 o'clock. There was great excitement and many people jumped from the windows. One of them Mrs. Francis Westland was killed. The rest were badly hurt and burned.
 The Work On The Fort Stevens Jetty.
 Work goes ahead at the government works on the jetty at the mouth of the river. The driving of piles on the extension of the jetty seaward begins to-day. Six barges are now used in hauling rock from the quarry near Vancouver, the four government barges and two of the O. R. & N. Co's barges. The government barges hold 225 tons each; the O. R. & N. barges 600 tons each. If rock is going to be brought so far eight barges are needed to properly expedite the work. A railroad is what is really needed, and the saving of hauling charges would pay for the railroad before the work is completed.
 Henry Utzinger Dying at Nordhoff.
 A. W. Utzinger yesterday received from Nordhoff, California the sad news that his brother Henry was dying. He came here about two months ago from Crookston, Minnesota, suffering with his throat and was doing well for a while. Since going below he seemed to steadily lose. About a year ago he worked all night with the fire company to which he belonged at Crookston, and got wet through, the thermometer being 30 below zero. He took cold and since then has had trouble with the bronchial tubes, of late finding considerable difficulty in swallowing.
 Trial In the Police Court.
 The captain and special constable of the Salvation army had Jas. Kinney arrested yesterday charged with disorderly conduct at the barracks. Last Sunday night, when he went in and sat down he was ordered out, and refused to go, thus raising a hubbub in the barracks and several points of law in the court yesterday afternoon; the latter will be settled at three this afternoon before a jury consisting of Messrs. J. W. Conn, Moses Rogers, Wm. Edgar, H. E. Nelson, G. A. Stinson, and C. W. Holt.
 Respectfully Declined.
 I hereby give notice that I most respectfully decline the nomination of county commissioner for Clatsop county, Oregon, which honor was conferred by the Prohibition convention.
 The nomination was unsolicited and I was greatly surprised on being informed that my name was placed as a candidate before the convention.

 Decision in a Land Case.
 The J. P. Graham railroad land case was decided by Messrs. Austin and O'Keane, register and receiver of the Vancouver land office, in favor of Mr. Graham. The Vancouver office also holds that the railroad company never made selection of indemnity lands according to law, for the reason that they have never shown by filing maps what lands have been lost in the 40 mile limit. The Graham land proved to have been settled upon prior to the withdrawal. It would seem that if this decision was sustained throughout, and also the decision of the department with regard to the erroneous withdrawal down the river that the railroad company would have no cases whatever and it would also seem that some precedent ought to be established without the necessity of compelling each of the several hundred settlers to go through with the same routine of testimony and expense when that of a half dozen would elicit the same facts, and by which the rights of the company could be fully determined.
 Goldenrule Sentinel.
 Couldn't Stand The Pressure.
 Last Sunday afternoon Otto Heilborn, Ed. Hallock and Phil Cook started to do some needed cleaning up in the new armory hall, and with the aid of Capt. Flavel's force pump and rubber hose calculated on making a clean job of it. Jas. W. Hara manned the pump, but when it came time to turn the water on, he "let her go Gallagher," with such force that the nozzle rather got away with the boys, piling them up and inflicting some damage. Otto Heilborn was hit in the nose, and his face was seriously hurt, the other two escaped with bruised heels and being knocked out by a stream of water that came like a shot out of a gun.
 Co. "H," O. N. G. In New Quarters.
 Co. "H," O. N. G., has rented new quarters, and on the 1st of next month will vacate the old Episcopal church building and establish their headquarters in what is to be known as "New Armory Hall," being the second floor of Capt. Flavel's wharf, which, with the office adjoining, has been leased by the company. It is 60x120 feet, and the boys calculate to be able to drill there with greater ease and freedom than before. They intend to sign the new departure by a ball to be given in their new hall about the first of next month.
 Renews Her Youth.
 Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following story, the truth of which is vouched for by the residents of the town: "I am 53 years old, have been married 30 years, and have had a complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own householding. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain."

PERSONAL MENTION.
 J. W. Stoneman, of Ft. Stevens, was in the city last Sunday.
 Mr. Thos. Byrie has returned from a business trip to California.
 Mr. N. J. Levinson, city editor Oregonian, has returned from a few weeks sojourn in California.
 N. Jones, P. G. M., Seaside Lodge No. 12, A. O. U. W., yesterday received from E. H. Reading, California secretary of the order, a magnificent jewel, the emblem of the order in heavy gold and suitably inscribed.
 Thomas L. Kimball has been appointed acting general manager of the Union Pacific railroad to fill the vacancy occasioned by the death of Thomas T. Potter. He was formerly assistant general manager under Potter.
 On the State this trip Captain G. Debeney goes as commander for the last time, after a very creditable and successful period of eleven years steadily voyaging between the Columbia river and San Francisco. Upon his arrival at San Francisco he will be transferred to the City of Puebla, plying between that city and San Diego. He will be succeeded in command of the State by Captain C. W. Aakley, of the Geo. W. Elder. Capt. Aakley will be succeeded in command of the Elder by Capt. Carroll, late of the Idaho.
 The endorsement of German Syrup is unparalleled. We will publish 1000 testimonials received during the last six months. Read them. May save your life.
 BURLINGHAM, N. Y., May 31, '86.
 G. G. GREX, Dear Sir:—I am frequently troubled with severe colds, and the only remedy that will relieve me of them is your Boschee's German Syrup. I have used it for more than 12 years. It is a constant household companion with me. Our merchant here procured it first at my solicitation, and says he has sold a great many bottles. It is a very popular remedy in this section. Every person who has used it speaks in the highest terms of its merits. I do not know of a single case it has not cured. I first used it in Vermont, where I lived before coming here. I advise everyone to use it, as it is certainly the best cough medicine I have ever known. I have tried nearly all of them at different times.
 Yours respectfully,
 MOSES GRAY,
 Proprietor Grist Mill.

Worth Knowing.
 Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into Consumption in its first stages. He tried many so called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption Guaranteed to do just what is claimed for it.—Trial bottle free at J. C. Dement's Drug Store.
