The Alaska canneries expect to pack 400,000 cases of salmon this season.

Note C. H. Cooper's advt., and the fact that he has what you want at prices that will suit.

The steamer *Oregon* seems to strike windy weather every trip out—a hex-traordinary coincidence.

Capt. Spencer is having the *Rovena* decked over and will bring her around from Shoalwater bay this week.

A returned Astorian who attended a ball at Portland last week says he hasn't seen such a sight since he was weaned.

The *Journal* expects that a telephone line will soon be built between Ilwaco and Oysterville. Good enough!

The evening service in the Congregational church will be at 7:30 o'clock, and at that hour hereafter till further notice.

It is said that Mrs. T. W. Eaton, formerly of this city, is about to open a fashionable millinery establishment in Spokane Falls.

Hugh McCormack seems to have had luck with his dyke this season, it having sprung a leak again yesterday under stress of storm.

Max Mowat has deposited salmon fry to the number of 2,000,000, principally sockeyes and spring salmon, in the Sumas, British Columbia.

Mrs. Derby and Miss Heilborn fashionable milliners at Mrs. Derby's old stand under the Masonic Temple invite the patronage of the ladies.

If you want to talk to the people of Astoria and the lower Columbia region why not talk to all of them? An advertisement in THE ASTORIAN will do it.

Ladies contemplating the purchase of fancy goods, millinery, etc., are invited to call at Mrs. W. J. Barry's, where they will find a stock in every way complete and satisfactory.

The other day a Pendleton Indian asked a group of white men who the Indians were that Columbus first discovered, and not one of his pale-faced brothers could answer the question.

The members of Rescue No. 2's Hose team will meet at No. 2's engine house at two o'clock this afternoon to take the initiatory steps for organizing for the firemen's tournament of '88.

Scarlet dresses are all the go. Another reason why the city council should pass an ordinance keeping four-legged horned critters off the street. It's a terrible death to be hooked to death.

Note the advt. of Phil. A. Stokes & Co., the live second ward clothiers. There is a good stock bought with special reference to the wants of this market and offered at very reasonable figures.

The *Maiden City* now on the way from Maryport and 76 days out, is a steel bark of 1,197 tons. She is on her maiden voyage and is commanded by Capt. Montgomery, formerly of the British bark *Gartmore*.

Whittier must have had the Gray's harbor country in his mind's eye when he wrote:

"Behind the squaw's light birch canoe,
The steamer rocks and raves,
And city lots are stalked for sale
Above old Indian graves."

That country is settling up very fast.

Salvation army No. 2, made another parade last night and sang some

songs in a manner that attracted as much attention as their brethren with the red bands around their caps. Salvation army No. 2 only needs a big drum and a soprano to be fully equipped.

Registration of voters in Tacoma and Seattle is reported slow. The ladies naturally object to giving their ages. The law ought to be fixed up some way so that a woman who wants to vote needn't be obliged to tell an impudent registry clerk how old she is. What is it his business when she was born?

A good many of our citizens remember Mrs. Toombs, the colored lady who sang so sweetly at J. H. Hector's meetings in Liberty Hall and elsewhere a few weeks ago. She died of typhoid fever in San Jose, Cal., last Sunday. Her last public appearance was in the Presbyterian church in this city.

"People grumble," says an exchange, "because the number 1888 is rather hard to write, but they should console themselves by thinking of what they should have to put down if the Arabian figures had never been invented, and we used only the Roman notation. Think of writing MDCCCLXXXVIII!"

The United States restaurant, re-fitted throughout, opened yesterday and starts in with a good run of custom. Jeff is delayed in England, but Mrs. Jeffrey is running the restaurant, and visitors to the city will find a good meal and all the delicacies of the season served in style at the United States restaurant, Jeff's old stand.

Several of the fire department of Astoria who helped to win well-earned honors in former fire tournaments are temporarily absent from the city. Of the former Rescue hose team, alone, are gone Messrs. Logan, Middlebrook, DuBoisson, Prael, Wilson, Farbell. Still there is good blood to choose from and at next June's contest the boys expect to get there just the same.

Services morning and evening as usual at the Presbyterian church to-day, conducted by the pastor, Dr. E. W. Garner. The sacrament of the Lord's supper will be observed in connection with the morning service. Evening service will commence at half past seven o'clock instead of seven, as heretofore. Seats free and a cordial invitation extended to all to attend these services.

F. C. Reed, president of the Oregon state fish commission came down from the headquarters yesterday evening. He reports favorable progress at the Clackamas salmon hatchery; the rack across the river is completed, thus corralling all the salmon that come along. About 1,250,000 salmon fry have been let loose, and there isn't over 100,000 left there. He brought down a few with him and they are on exhibition at the Occident. They are lively young samlets and only need size to be good specimens of the salmon quinnat.

A Walla Walla man who deals in second-hand furniture found \$520 in an old lounge which he was repairing. He was honest, so he sent word to the man from whom he purchased the lounge. It turned out that the man who had sold the lounge had hidden the money there when he was drunk and had forgotten all about it. Then he had accused his wife of taking it, and the row that ensued caused the sale of the furniture and broke up the family. She is now in Portland, but the man is still in Walla Walla, ready to make up and be forgiven.

THE GREAT RAILROAD STRIKE.

Condensed Specials To The Astorian.

MILWAUKEE, March 31.—General manager Miller, of the Chicago, Milwaukee & St. Paul road, said this morning that the trouble with their men is still confined to Chicago. The Chicago engineer dispatchers have joined the ranks of the disaffected and before their places could be filled there was some delay in the matter of messenger trains at the Chicago terminus.

This is caused by the failure on the part of the company to get their engines out on time. About two hundred employees of the company have quit work at Chicago. "We are getting new engine dispatchers to supply the places of those who have stopped work and all passenger trains except those of the early morning are about on time. We are running as many freight trains as we can take care of in Chicago."

St. Paul is in the market for market for freight both at Chicago and Milwaukee, on all other divisions of the road trains running as usual. I do not believe there will be any further trouble."

PROGRESS OF THE STRIKE.

CHICAGO, March 31.—The rumors that a tie-up of the Chicago, Milwaukee and St. Paul road was decided upon at the meeting held late last night, have proved true. Engineers, firemen, switchmen, brakemen and a number of conductors of that road have quit work. The strike includes the employees of all divisions centering in Chicago, both freight and passenger. The last passenger train manned by a brotherhood crew left the Union depot at 11 o'clock last night.

At a meeting held last night, at which fully 700 St. Paul employees attended, a motion was made to tie up the road, and carried without a dissenting vote. A strike was not declared by any organization or brotherhood, at least not formally. The men say it was entirely individual action.

HOPKINS SENTENCED.

CINCINNATI, March 30.—Benj. E. Hopkins, late assistant cashier of the Fidelity national bank, who has been in jail two months awaiting his sentence under conviction for violation of the national banking law, was brought into the United States court this morning. Upon motion of district attorney Burnett, he was sentenced to the penitentiary for seven years and two months. He appeared broken down from illness but did not manifest any deep emotion on receiving his sentence. When the judge was saying it would be better for him to be at Columbus during his illness than at the county jail because he would not have to pay there for extra attention he might require, he interrupted, saying that that disadvantage had been removed by the jailor, who had ceased making extra charges.

THE HARDING-PEARL CASE.

PORTLAND, Mar. 31.—Judge Stearns to-day sentenced C. M. Harding to the penitentiary for five years and Pearl Page one year.

A stay of execution was granted in the case of the woman and a very strong petition will be presented Gov. Penney, asking him to pardon her. This petition is numerously signed by wealthy and prominent citizens and the general opinion is that the governor will grant the prayer of the petitioners.

The Boss Fish Story.

An *Oregonian* reporter is the champion authority on eccentric fish. Here is what he says: The old gentleman from Sauvie's island who sometime ago furnished several statements in regard to the sturgeon which live in Sturgeon lake on that island, was in the city yesterday, attending church. An *Oregonian* reporter, who is a member of the same denomination, met the old man on the church house steps after meeting was out, and was pained to see that he was aging rapidly and looked worried and careworn. He said the sturgeon were getting worse and worse and made life a burden to him. This spring they took to coming out into his calf pasture and enticing his calves to go swimming in the lake, and over a dozen of them were drowned. A short time since they raised a lot of sheep belonging to Evarding & Farrel into the lake and devoured thirty spring lambs. At all events the sheep were missing. Some thought dogs were responsible for the mischief, but he knew better. But the last and worst trick of the sturgeon was breaking up the Sunday school. A whole drove of these fish crowded into the building where the Sunday school was being held, and joined in the exercises, and their attempts at singing were so horrible that the children and teachers were all driven away and the school broken up, and it was not considered advisable to attempt to hold meetings any more till the spring run of sturgeon had stopped. "And this is why," said the old man, "I have to drive clear to Portland to listen to a stranger preach."

A Delicate Compliment.

Miss Clara—Young Mr. Simpson paid me such a pleasant compliment last evening, Ethel.

Miss Ethel—Oh, did he.

Miss Clara—Yes; I was complaining about being compelled to do some shopping in that dreadful rain storm yesterday. He thought I must have found it delightful because it was such fine weather for ducks. He has such a delicate way of putting things.

The endorsement of *German Syrup* is unparalleled. We will publish 1000 testimonials received during the last six months. Read them. May save your life.

BURLINGHAM, N. Y., May 31/86.

G. G. GERRY, Dear sir:—I am frequently troubled with severe colds, and the only remedy that will relieve me of them is your *Boschee's German Syrup*. I have used it for more than 12 years. It is a constant household companion with me. Our merchant here procured it first at my solicitation, and says he has sold a great many bottles. It is a very popular remedy in this section. Every person who has used it speaks in the highest terms of its merits. I do not know of a single case it has not cured. I first used it in Vermont, where I lived before coming here. I advise everyone to use it, as it is certainly the best cough medicine I have ever known. I have tried nearly all of them at different times.

Yours respectfully,

MOSES GRAY,
Proprietor Grist Mill.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections.
