Ayer's Hair Vigor keeps the hair soft and pliant, imparts to it the lustre and freshness of youth, causes it to grow luxuriantly, eradicates Dandruff, cures all scalp diseases, and is the most cleanly of all hair preparations.

AYER'S Hair Vigor has given me perfect satisfaction. I was nearly bald for six years, during which time I used many hair preparations, but without success. Indeed, what little hair I had was growing thinner, until I tried Ayer's Hair Vigor. I used two bottles of the Vigor, and my hair is now well covered with a new growth of hair.—Judson B. Chapel, Peabody, Mass.

HAIR that has become weak, gray, and faded, may have new life and color restored to it by the use of Ayer's Hair Vigor. **A disease of the scalp caused my hair to become harsh and dry, and to fall out freely. Nothing I tried seemed to do me any good until I commenced using Ayer's Hair Vigor. Three bottles of this preparation restored my hair to a healthy condition, and it is now soft and pliant. My scalp is cured, and it is also free from dandruff.—Mrs. E. R. Foss, Milwaukee, Wis.

Ayer's Hair Vigor,
Sold by Druggists and Perfumers.

PERFECT SAFETY, prompt action, and wonderful curative properties, easily place Ayer's Pills at the head of the list of popular remedies for Sick and Nervous Headaches, Constipation, and all ailments originating in a disordered Liver.

I have been a great sufferer from Headache, and Ayer's Cathartic Pills are the only medicine that has ever given me relief. One dose of these Pills will quickly move my bowels, and free my head from pain.—William L. Page, Richmond, Va.

SOME THINGS AND OTHERS.

Why should pianos be the favorite instrument in heaven? Because they are grand, square and upright.

Walt Whitman is at last outdone. The Duluth, Minn., *Paraphraser* rhymes conjunction with Zenith City.

Miss Olive Green and Mr. Ivory White were wedded in an Iowa town recently, Rev. Mr. Black performing the ceremony.

Rosetta Washington, of Louisville, claims to be 121 years old. She says her mother was half Indian and her father a native of Guinea.

A British shipmaster at New Orleans reports that while off the coast of Patagonia butterflies were blown aboard his vessel at a distance of 150 miles from land.

A young country girl living near Atlanta, Mich., fainted from fright the other day at the sight of an express train that came thundering by the station. She had never seen a locomotive before.

A St. Louis hotel clerk claims to have made the discovery that tall men sleep later in the morning than short men, and that persons of dark complexion invariably require more rest than blondes.

"Did you make any money out west?" "Not a dollar." "What was the matter?" "The United States detectives got on to me, and I had to leave plates, dies and everything in a hurry."—*Washington Critic.*

A little girl in Williamsport met a strange death. She was head of her class and to reward her she was given a toy balloon. While playing with it she accidentally swallowed the balloon and choked to death.

A twelve-pound cannon shot was found imbedded seventeen inches deep in an oak tree in the suburbs of Franklin, Tenn. It was evidently fired from a federal cannon during the bloody battle twenty-three years ago, as it entered the tree on the side next to the town. The fibers of oak are still attached to the ball and nearly as hard as the iron itself.

Society belle—Mother, Mr. de Brass has proposed and I have accepted." "What? Oh, you wicked, ungrateful girl, after all we've done for you. Mr. de Brass hasn't a cent to bless himself with and won't have until his father and grandfather die." "The Mr. de Brass I am referring to is the grandfather." "Oh! bless you, my children."—*Omaha World.*

Sir Robert Hall, the Irish astronomer royal, is an iconoclast of the worst sort. In a recent lecture he said that careful calculations showed that the moon could not have been shining on the night when Sir John Moore was buried and therefore that there is no scientific accuracy in the line of the poem, "The Burial of Sir John Moore," "By the struggling moon-beam's misty light."

A man named William Gilmore, of Delaware county, worked on one Sunday recently drawing logs. He believed it was Saturday until he met the Rev. William Weger on his way to preach a sermon in a school house near by. As Mr. Gilmore is a strict observer of Sunday, he "felt awful" when he found out his mistake. He now owns thirty-six almanacs by actual count.—*Walton Reporter.*

Four years ago Addison Gifford of Rochester, Mass., went shooting. His dog started a fox, followed it, and never returned. A few days ago Mr. Gifford was out again with another dog which started a fox and chased it to its hole. Mr. Gifford began to dig the fox out, and while at work unearthed the skeleton of a dog, the collar on the neck of which showed that it was his own lost dog. It had evidently tried to dig the fox out and got fast in the hole.

Merchants, Read This.

To those subjected to the vexatious of business life, dyspepsia and a feeling of debility, irritability and despondency, we say, take Simon's Liver Regulator. The Regulator is free from any injurious mineral substance; not disagreeable and can be taken at any time without interfering with business or pleasure. It is gentle, safe, and a good digester. It is unequalled in the cure of piles, constipation, bad breath, sick headache, and bilious complaints.

The Sealing Fleet.

A. Frank arrived from the stations on the west coast on Tuesday evening, in a canoe manned by six Indians. He reports that the sealers have had, in some cases, very good luck and kindly furnished our reports with the following list of the catches: Mary Ellen, 400; Pathfinder, 400; Viva, 400; Black Diamond, 96; Theresa, 76; Mary Taylor, 50; Juanita, 50; Mountain Chief, 50; Adele, 50; Walter L. Rich, 60; Lettia, 60; Kate, 23.

The schooners Alfred Adams, Sapphire and Favorite had experienced very bad luck up to the time Mr. Frank left and had not succeeded in catching anything. Three crews of Indians left Clayquot a few days ago for Ahousett.—*Victoria Colonist, April 19th.*

For all diseases peculiar to the throat and lungs, Ayer's Cherry Pectoral, promptly administered affords speedy relief and will cure.

Ayer's Sarsaparilla vitalizes and purifies the blood. If you feel languid, you need it.

Before the Philadelphia Grocers association last week, Robert M. Floyd delivered an interesting address in which he gave valuable statistics of western trade centers from which we obtain the following: Arriving at the starting point, Chicago, the immense business of P. D. Armour & Co. was reviewed. Commencing business in Milwaukee in 1864 the firm, the first year, did a business of \$100,000 which has been increased to \$55,000,000; killing 12,500,000 hogs, 500,000 horned cattle and 108,000 sheep. 6,000 persons were employed last year. 74,000 barrels of pork, 106,000 barrels of beef and 1,316,250 barrels of smoked, salted and canned meats were packed. The establishment of James S. Kirk, soap maker was spoken of to show the increase in their business. Mr. Floyd said that their business was formed in 1839. The sons of the founder, as they grew to maturity were regularly employed. At present they are managing the different departments of the business. The first year's boiling amounted to 20,000 lbs. Last year they boiled 70,000,000 lbs., employing 600 hands. A very clear description of the workings of the established ment was given.

For Dyspepsia and Liver Complaint, you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by J. C. Dement.

Are you made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. For sale by J. C. Dement.

The Rev. Geo. H. Thayer, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by J. C. Dement.

Says the Harriston, Nebraska, Herald: Wanted immediately at Warbonnet, 100 single women, who are prepared to rough it for a time, to come to Hat Creek valley and marry our thrifty young men, who have located on 160 acres of land and are now living in dug-outs, tents, and cabins. The boys are all noble Americans, except one, and he is a little unfortunate in being the son of an English lord.

Riflemen On Skates.

Perhaps the most curious battalion in any army is the Norwegian corps of skaters. These corps are composed of the picked armed men with rifles, which they use with great precision. The skates used are admirably adapted for traveling over rough and broken ice and frozen snow, being six inches broad and nine and ten inches long. The soldiers can be maneuvered upon the ice or over the snow-fields of the mountains with a rapidity equal to that of the best trained cavalry. As an instance of the speed they attain it is stated that a messenger attached to the corps has accomplished 120 miles in eighteen hours and a half over a mountainous country.

When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Charles Crocker and C. P. Huntington succeeded in acquiring several very promising coal mines when they were in Washington territory and British Columbia lately. The mines are situated on both sides of the border and are located near the Dunsuir and Chandler mines, from which the best coal on the Pacific coast is taken. An inexhaustible supply of coal is thus assured the Southern Pacific company, which, with the Carbon Hill mine near Tacoma, renders it independent of all strikes or rings like those which recently raised the value of coal to so exorbitant a figure. The directors have also given orders for the preparations of plans for three first-class steel colliers, each capable of steaming about 10 knots an hour, and having a registered capacity of 3,500 tons. These steamers will probably be built at the Union Iron Works, and it is probable that the company will erect extensive coal wharves and bunkers close to the Pacific dock.
