Ayer's Hair Vigor keeps the hair soft and pliant, imparts to it the lustre and freshness of youth, causes it to grow luxuriantly, eradicates Dandruff, cures all scalp diseases, and is the most cleanly of all hair preparations.

**AYER'S Hair Vigor** has given me perfect satisfaction. I was nearly bald for six years, during which time I used many hair preparations, but without success. Indeed, what little hair I had was growing thinner, until I tried Ayer's Hair Vigor. I used two bottles of the Vigor, and my hair is now well covered with a new growth of hair.—Judson B. Chapel, Peabody, Mass.

**HAIR** that has become weak, gray, and faded, may have new life and color restored to it by the use of Ayer's Hair Vigor. My hair was thin, faded, and dry, and fell out in large quantities. Ayer's Hair Vigor stopped the falling, and restored my hair to its original color. As a dressing for the hair, this preparation has no equal.—Mary N. Hammond, Stillwater, Minn.

**VIGOR,** youth, and beauty, in the appearance of the hair, may be preserved for an indefinite period by the use of Ayer's Hair Vigor. A disease of the scalp caused my hair to become harsh and dry, and to fall out freely. Nothing I tried seemed to do me any good until I commenced using Ayer's Hair Vigor. Three bottles of this preparation restored my hair to a healthy condition, and it is now soft and pliant. My scalp is cured, and it is also free from dandruff.—Mrs. E. R. Foss, Milwaukee, Wis.

**Ayer's Hair Vigor,**

**PERFECT SAFETY,** prompt action, and wonderful curative properties, easily place Ayer's Pills at the head of the list of popular remedies for Sick and Nervous Headaches, Constipation, and all ailments originating in a disordered Liver.

The Lakeview Examiner has sold two columns of its space, one to the Democratic central committee and the other to the Republican central committee. These columns are under the entire control of the two parties and the publishers give notice that they are not responsible for what appears under the respective headings.

**Helped Hang Themselves.**  
A gentleman direct from the Flathead country gives authentic particulars of the lynching of the two Indians concerned in the murder of the prospectors on Wolf creek. It appears that three Kootenais, named Antley, Slume and Jonnina composed the gang who did the bloody deed. As soon as this was known the party of eighty men went from Ramsdell's store to the Indian encampment, where they captured Slume and Jonnina without any difficulty. Antley was at another camp and before the whites could get there he escaped. Two prisoners were taken over to Demarville, where a deputy sheriff took them away from the party and handcuffed them together. The boys, however, recaptured their men and took them across the Flathead river into the timber about a quarter of a mile. The oldest of the three Indian boys, who had been at the murder, was taken along. Three interpreters were provided in order that there should be no chance of injustice being done to the Indians. The Indian boy told the story of the murder. Then Slume confessed in English his part in the crime exulted over it.

The verdict was death. The lynchers had but one rope, so they hung the murderers one at a time. Jonnina was first strung up. He assisted them to fasten the rope around his neck. The other end was then thrown over a limb and he was pulled up, Slume still being handcuffed to him. Slume seemed to enjoy it hugely and laughed at his companion's struggles while strangling. Then they let Jonnina down, untied the rope and adjusted it about Slume's neck, he assisting them. As soon as he was fastened he pulled back in such a manner as to draw the rope tight and thus strangled, not even attempting to help himself with his disengaged hand.

Chief Eneas promises to deliver Antley to the whites as soon as he can be found.—*Leiston News.*

**Merchants, Read This.**  
To those subjected to the vexations of business life, dyspepsia and a feeling of debility, irritability and despondency, we say, take Simmon's Liver Regulator. The Regulator is free from any injurious mineral substances; not disagreeable and can be taken at any time without interfering with business or pleasure. It is gentle, safe, and a good digester. It is unequalled in the cure of piles, constipation, bad breath, sick headache, and bilious complaints.

An Indianapolis church has established a Dime Savings and Loan company, which receives any sum, down to 1 cent. Its object is to encourage poor people to save money, and to help them to buy fuel in the summer time when it is cheap, for use the following winter when it is dear. Thus far it has proved successful beyond expectation.

The Canadian premier expresses confidence that the United States will be forced to compensate all Canadians damaged by the seizure of their sealing vessels. "Forced" is rather a rough word for a nation of sixty odd millions to swallow.

Sam Small has made some money in preaching and now he wants to start a prohibition paper in New York.

**The Politest People.**  
A newspaper correspondent says that the politest and most accommodating people in the world live in Mobile, and proves it thus: "I saw a street car stop in order to allow a lame negro, who was a passenger, to order and receive a flask of whisky at a corner grocery. The storekeeper came out to the car for the purpose and the goods were afterward wrapped up and delivered with all the deliberation due to so important a commercial transaction. Then the car, with its ten passengers, passed on."

**The "Pale Faces."**  
This is the generic designation of the white race bestowed by our copper-colored brother the "noble savage." The Caucasian, though many shades lighter, is not necessarily palid. But when his cuticle has the parchment-colored tint, and his cheeks the hollowness indicative of a want of bodily stamina, he well deserves the appellation of "pale face." These facial indications should suggest a course of Hostetter's Stomach Bitters, an acknowledged rehabilitator of a falling strength and renewer of bodily substance. It is derived exclusively from botanic sources—pure and efficient. Its invigorating action is prompt, thorough and speedily felt. Can the like be said of most tonics? Scarcely. Appetite, as well as the ability to satisfy it without subsequent discomfort, is renewed by it, and it effectually tones the liver and bowels; it fortifies the system against rheumatism, and remedies nervousness and kidney complaints.

Page county, Va., had probably the most unique fire of the season—a house there having been set afire by the burning swallows that flew out of a chimney, and the fire having been put out with hard cider, several barrels of which happened to be on hand.
