 ISSUED EVERY MORNING.
 (Monday excepted.)
 J. F. HALLORAN & COMPANY,
 Publishers and Proprietors,
 ASTORIA BUILDING, - - CASS STREET.
 Terms of Subscription.
 Served by Carrier, per week..... 15 cts
 Sent by Mail, per month..... 50 cts
 one year..... \$7.00
 Free of postage to subscribers.
 THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

The Western Amateur band will play on the roadway band stand this evening.

The Gen. Canby started for Portland yesterday morning where she will be put on the ways for repairs to her hull.

Capt. Hanson, formerly of the Walla Walla, takes charge of the Willamette, exchanging with Capt. Blackburn.

E. H. Jackson, former proprietor Seaside bakery is in the dry goods business at Redding, Cal. He has been all over Montana, Utah and Arizona since leaving here and has located in northern Cal.

There will be public speaking at the Seaside at 7.30 next Tuesday evening and at the same hour at Skippan next Wednesday evening. Other public speaking through the county is announced elsewhere.

Col. Jas. Taylor has leased a part of his property east of Smith's point on Youngs bay to two parties who propose the erection there of a commodious hotel, for the convenience of summer visitors. The site is a most eligible one for the purpose.

At a meeting of the directors of the Astoria building and loan association last evening the following officers were elected: President, J. P. Dickinson; vice-president, C. S. Wright; treasurer, A. S. Reed; secretary, W. L. Robb; attorney, C. R. Thomson. The fourth series of stock will be opened on the 1st of next month. The subscription bonds are now open at the secretary's office.

Up to noon yesterday the sun was hot and an east wind made people seek the shady side of the street. As the sun crossed the meridian the wind shifted to the west, a cool breeze from the Pacific blew through the streets, and the listless, dry languor that the east wind always brings, gave way to the delicious freshness of feeling and buoyancy of frame that is an unending accompaniment of our bracing western breeze.

Senator Dolph said last Monday that he proposed to see that a number of appropriations for the improvement of rivers and harbors of Oregon should be increased. He thinks the state has been neglected by the house committee, and as he is a member of the committee on commerce in the senate, to which the bill has been referred, he will take the opportunity to enlarge the appropriation for Oregon. He said that the committee was at work upon the bill, and would in all probability have it done in three or four weeks.

The following changes have been made in the positions of officers in revenue service on this coast: First assistant engineer Charles W. Munroe of the launch Search at Baltimore and second assistant Horace B. West of the Corwin have been ordered to the Bear; chief engineer J. C. Jeffries and third lieutenant J. H. Brown, to the Corwin; chief engineer J. A. Doyle, detached from the Wolcott at Port Townsend, and with third lieutenant Frank H. Dimock assigned to the Rush, and chief engineer James T. Wayson, detached from the Corwin, to go to the Wolcott.

Two Cannery Assignments.

The Columbia Canning company of this city yesterday made an assignment to C. W. Fulton. On account of its commercial relations with Wm. T. Coleman & Co., the recent assignment of that firm makes it necessary to have a business settlement, and to facilitate matters an assignment has been made. The cannery is doing well and it is believed will make money this season. If all of the investments and business enterprises of Wm. T. Coleman & Co. were as satisfactory financially as his Columbia river salmon ventures and transactions they would be many million dollars on the right side of the ledger.

The Thistle Packing Co., another of W. T. Coleman & Co.'s agency canneries, also made an assignment yesterday afternoon. These two with the Aberdeen Canning company are the only canneries in this vicinity in which Wm. T. Coleman & Co. were interested at the time of their failure. They have, however, several important holdings in Alaska salmon canneries.

To Rent.
 A good house; 5 rooms; fine locality. Inquire of I. W. Case.

Wanted.
 By a Scandinavian woman: a situation to do upstairs work in a hotel or private family. Apply at B. Gibson's saloon.

Money To Loan.

Umbrellas Repaired.
 At my old stand. J. JOPLIN.

The latest style of Gents' Boots and Shoes at P. J. GOODMAN'S.

A fine cup of coffee, at the Telephone Restaurant.

TOLD BY THE TELEGRAPH.

Specials To The Astorian's Readers.
 CINCINNATI, May 15.—The national convention of the union labor party was called to order at noon with 28 states represented.

S. E. Morton of Chicago was chosen temporary chairman. After the opening address and the appointment of the usual committees the convention adjourned till two o'clock. It is clear that the chief difficulty before the convention will be preparing a platform. The green-backers at their conference last night made but little progress toward merging into the new party. The drift of the sentiment is in favor of holding fast to their name and the leading principles of the organization. The union labor faction shows anxiety to combine but their cardinal principles of land tax is repugnant to the greater portion of the union labor men.

THE M. E. CONFERENCE.
 NEW YORK, May 15.—At the Tuesday session of the Methodist conference bishop Andrews presided. The roll call of the conference was taken up and it was decided that it should be the last call. The board offered a resolution providing for extending enquiry as to organic union of the Methodist Episcopal church still further and include the African Methodist Episcopal church and all boundaries of Methodism in the country. This was referred to the committee on state and church.

The report of the general conference committee on consolidation, unification and reorganization of church benevolences was handed in and occasioned a spirited debate. The report recommended the consolidation of all missionary societies, church and board of foreign missions, consolidation of board of home missions and church extensions, consolidation of Sunday school union and tract society. It also recommended that a commission be appointed to determine what property held for missionary purposes in this country shall be conveyed to the board of home missions and church extension and also to make equitable division of the assets of the society.

STETSON IN BUSINESS.
 BOSTON, May 15.—Jno. Stetson in addition to owning the Police News and Globe theatre and running a bar-room, loan-office, and a big pool room has lately purchased a large interest in the Boston Herald giving him practical control of that paper. For years the Herald has been owned by R. M. Palzifer & Co.; another arrangement was effected last Tuesday and yesterday the paper began under the business management of E. P. Woods while Colonel Palzifer is a silent partner. A reorganization of the sporting department will be made under Jno. Stetson's personal supervision.

HIGH JINKS.
 ST. PETERSBURG, May 15.—The queen of Greece is expected to soon pay a three months visit to this city. Her daughter, the princess Alexandra will marry grand duke Paul the czar's youngest brother. Russia has invited the powers to send 12 delegates each to the august military maneuvers.

A NEW GUN.
 A Warsaw engineer has invented a gun capable of firing 62 shots a minute.

A ROSE COLORED REPORT.
 PARIS, May 15.—The Suez canal dividend will be two francs; an increase of ninety centimes. The report congratulates the company on having without cost surmounted one of the most intense and prolonged commercial and maritime crises.

FRENCH REPUBLICANS WIN.
 The second ballot for municipal councillors resulted in favor of the Republicans.

DEMOCRATIC CONVENTION.
 NEW YORK, May 15.—The Democratic state convention to choose delegates to the St. Louis national convention was called to order at a quarter before one in the academy of music and Frederick R. Conder, chosen temporary chairman. The building is crowded with prominent Democrats.

NEW MARKET RACES.
 LONDON, May 15.—At the Newmarket second spring meeting to-day, the race for the Paine stakes for three year-olds won by Galore, Patchoula second, Sceneshifter third.

LAIRD RENOMINATED.
 LINCOLN, Neb., May 15.—Hon. Jas. Laird has been renominated for congress in the second Nebraska district.

POLICEMAN DEAD.
 PORTLAND, May 15.—Andrew Henline, who for some years has been a member of the police force of this city, died this morning after a painful illness of over 6 weeks. The deceased was 42 years old and leaves a wife and one child.

BERLIN SOCIALISTS.
 BERLIN, May 15.—The socialists have issued a proclamation calling upon the socialists to make war on the emperor and crown prince. It concludes as follows: "You shall, untroubled by the consequences, devote yourselves exclusively to social democratic agitation. You shall employ each minute, each opportunity to bring the light of the social democratic idea into an ever-widening circle till the death-knell of the ruling classes sounds and out of the ruins which this regime of nobility and Hohenzollerns buries under it, self, shall rise a red social republic."

The Steamer Montezano.
 Will make regular round trips between Westport and Astoria every day (Sunday excepted), leaving Westport at 6 A. M.; returning leave Wilson & Fisher's wharf at 2 P. M., touching at all way landings. (Svenson's Wednesdays and Saturdays.) D. H. WELCH.

Ludlow's Ladies' \$3.00 Fine Shoes; also Flexible Hand turned French Kids; at P. J. GOODMAN'S.

A BADLY INJURED MAN.

Samuel Ternahan, a young man of Green's point, on the Columbia, was badly injured by a rolling log yesterday morning, and was brought to this city last night on the Bonita. The steamer arrived in about 7:30 o'clock, and he was taken to St. Vincent's hospital. The accident happened at Mr. Ternahan's logging camp, at Green's point, which is near Brabury, Or., about half-way between Portland and Astoria. About 10 o'clock A. M. Mr. Ternahan was handling five yoke of oxen with five large logs. He had started to come down a very steep skid road when the logs took a start, and before he could get out of the way one of the logs rolled over him, his foot and carried him under, dragging him along the ground for a distance of three rods, when it came to a stop against an embankment. It was found impossible to extricate the wounded man until wedges and jackscrews were brought to bear. Eight men worked three-quarters of an hour before they were able to relieve him from his position. The log that rolled over him was very large and would scale 2400 feet. The injured man was conscious throughout the day, giving orders how he should be extricated, and that he should be at once removed to his home, if it could be done. Dr. Harry Cliff having been telegraphed for, met the boat at St. Helens and carefully dressed the man's injuries on the way up. Mr. Ternahan is a young man of 24 years, the eldest son of E. Ternahan, an old-timer, who came to Oregon twenty-five years ago. His father and young wife (he having been married only seven months) accompanied him to this city. He is a young man of fine physique, and of steady and industrious habits. He was working at his own logging-camp getting out logs for Hogue & Young of Oak Point.—Oregonian 15.

FROM BOSTON.

BOSTON, May 15, 1888.
 EDITOR ASTORIAN: Our Gloucester mackerel fleet are fitting out for June 8th, the expiration of the close season. The market is bare of this class of fish. The cod fleet will be large the coming season from Labrador to Cape Cod. The feeding demand of the world is large, and fishermen have no excuse for idleness. The fishing capacity of our continent is limitless.

New England is taking increased quantity of your salmon tinned. It is a commerce that will grow as the magnitude of resource on your shores enable the canneries to utilize the machinery of canning to a very low cost. Its great volume is capable of carrying into its commerce men of great intelligence and business capacity.

The wires inform us of the failure of your great commercial house, W. T. Coleman & Co. The regret is not confined to Boston, but extends all over the country. It illustrates the meaning of the saying that commercial enterprises are limitless, but alas capacity is a function of limit." W. S.

What The "News" Hears.

It has been rumored on the streets for some time that the O. R. & N. Co. have been negotiating with the Willamette River Steamboat company for a lease of their steamer Multnomah. It has also been rumored that Mr. Jacob Kamm and Capt. U. B. Scott would work together in trying to capture the seaside trade this season.

Although the News is very reliably informed that both of the above rumors are well founded, they have not been officially confirmed. Mr. Kamm, with the two fleet boats, the Undine and Larkine, would be a valuable addition to the Columbia River Transportation company's forces. It looks as though the O. R. & N. Co. with its numerous boats, is going to make a hard fight for the seaside trade this year, and it stands Messrs. Kamm and Scott in hand to double up their forces.—Portland News, 15.

An Explanation.
 What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet that is not only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Biliousness, Fevers, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

It Only Needs a Little Push.

A competent engineer states that a railroad from Astoria to Clatsop beach would of necessity be very expensive. The ground on the west side of Young's river is very marshy and would necessitate piling and trestling the greater part of the whole distance. Such work would cost \$5 or \$6 a foot or an expense of over \$25,000 a mile. Even at this great cost the road would undoubtedly be a paying investment, could capitalists be induced to venture their money upon its construction. While there are so many other certain means of making money bear the fruit of large interest, it is difficult to obtain it for the less lucrative purpose of developing the country and enlarging its resources and capabilities.—Oregonian, 15.

Merit Wins.
 We desire to say to our citizens, that we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Jno. C. Dement Druggist.

The best Oysters in any style, at the Telephone Restaurant.

A FRIGHTFUL SKIN DISEASE.

Sufferings Intense. Head nearly raw. Cured by the Cuticura Remedies.
 Messrs. STEVENS & BRUNER, Moore, N. C.
 Dear Sirs:—About a month ago, on your recommendation, I bought a bottle of CUTICURA RESOLVENT, one box of CUTICURA SOAP, and one cake of CUTICURA SOAP, for my son, aged thirteen years, who has been afflicted with eczema for a long time, and I am pleased to say that I believe the remedies have cured him. His sufferings were intense, his head being nearly raw, his ears being sore except the gristle, and his body was covered with sores. His condition was frightful to behold. The sores have now all disappeared, his skin is healthy, eyes bright, cheerful in disposition, and is working every day. My neighbors are witnesses to this remarkable cure, and the doubting ones are requested to call or write me, or any of my neighbors.
 W. M. S. STEPHENSON,
 WINCHESTER P. O., Union Co., N. C.

Moscow, N. C., Oct. 29, 1887.
 THE POTTER DRUG AND CHEMICAL CO.:
 Gentlemen—My wife, E. Stephenson of this county brought his boy to town to-day for us to see him, and to show us what CUTICURA REMEDIES had done for him. This is the case referred to in our letter to you some time ago. To look at the boy now, one would suppose that there had never been anything the matter with him—seems to be in perfect health. We have written and herewith inclose what his father has to say about the matter.—Wrote it just as he dictated.
 We are selling quite a quantity of CUTICURA REMEDIES and hear nothing but praises for them. We regard the CUTICURA REMEDIES the best in the market and shall do all we can to promote their sale.
 Yours Truly,
 STEVENS & BRUNER,
 Druggists and Pharmacists.

CUTICURA, the great skin cure, and CUTICURA SOAP, prepared from it, externally, and CUTICURA RESOLVENT, the new blood purifier, internally, are a positive cure for every form of skin and blood diseases from pimples to scrofula.

Sold everywhere. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, \$1. Prepared by the POTTER DRUG AND CHEMICAL CO., Boston, Mass. Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, free. PIMPLES, black-heads, red, rough, chapped and itchy skin prevented by CUTICURA SOAP.

Sneezing Catarrh.
 The distressing sneeze, sneeze, sneeze, the acid, watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches,—how familiar these symptoms are to thousands who suffer periodically from head colds or influenza, and who live in ignorance of the fact that a simple application of SANFORD'S RADICAL CURE FOR CATARRH will afford instantaneous relief.

But this treatment in cases of simple Catarrh gives but faint idea of what this remedy will do in the chronic forms, where the breathing is obstructed by choking, putrid mucous accumulations, the hearing affected, smell and taste gone, throat ulcerated and hacking cough gradually fastening itself upon the debilitated system. Then it is that the marvelous curative power of SANFORD'S RADICAL CURE manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

SANFORD'S RADICAL CURE consists of one bottle of ASTORIA CURE, one box of CATARRHIC SOLVENT and an IMPROVED INHALER; price, \$1. POTTER DRUG AND CHEMICAL CO., Boston, Mass.
