## AYER'S PILLS.

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

**Regulate**  
my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

**The Bowels.**  
By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. G. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Estling, Richmond, Va. 11

## FACTS AND NEWS.

A full toned violin, made of clay is exhibited in Berlin.

Mix stove polish with vinegar and a tablespoonful of sugar.

Clogged wicks can be cleaned by boiling them in soapsuds.

Sweet milk or cream is excellent for sunburns or chapped feet on the little boys.

White spots on varnished furniture will disappear if you hold a hot plate from the stove over them.

Bent whalebone can be straightened and used again by simply soaking in water a few hours, and then drying it.

A law suit in Tennessee has revealed the fact that whisky "warranted to be ten years old," can be made, barreled and branded in a few days.

A giant poplar tree recently felled at Taylorville, Ohio, was nearly twelve feet in diameter at its base, and 240 feet high. It will yield nearly 20,000 feet of lumber.

Pneumonia, says a New York authority, is a house disease, originating with diphtheria and inflammatory rheumatism, in damp, dirty and unventilated rooms or cellars.

Senator Beck, it is reported, is to be married during the summer to Mrs. Henderson, daughter of Dr. Vandell, of Louisiana. The bride in prospective has a fortune of \$400,000.

An English seer has discovered that the numerical value of the letters in Boulanger's name, when added up, amounts to 666, the number of the beast of the Apocalypse.

A Rochester, Pennsylvania, widow has brought suit for \$100,000 damages against the wealthiest man in the place, because he called at her house four times in the year and will not marry her.

San Francisco is short of sailors. The coasting trade is so brisk that all the sea faring men who want jobs can get them; and the result is, that at last accounts, twenty ships laden with wheat were waiting to find crews.

It is ease and comfort more than elegance and glitter that makes home happy, and where the good housewife has the work to do there is nothing that tends to lighten her labors so much as having things convenient.

Dr. J. C. Ayer's widow, says the *New York World*, is worth \$25,000,000. It must be a present comfort to those who in days gone by forced the little bits of bitterness down their reluctant gullets to reflect that they were contributing to the happiness of somebody.

Don't ever begin to walk with a child when ever he begins to cry unless you are strong enough to continue the treadmill indefinitely. A baby has a most remarkable memory about these matters, and if he happens to fancy this style of amusement he will insist on it every time.

Professor Roberts of Cornell urges the importance of a complex diet for a man, and especially the use of condensed products, such as beef, milk, butter and cheese. Only on such food is it possible to reach the fullest perfection of physical health and intellectual development.

Los Angeles, California, is going to try to have a good municipal government by hiring men to carry it on. Her new city charter provides for the payment of each member of the board of aldermen, at the rate of \$250 a month and he is forbidden to engage in any other employment during his term of office.

The governors of the thirteen original states met in Philadelphia Saturday, and adopted resolutions called upon the federal government and the various states and territories to contribute to the erection of a monument in that city commemorative of the framing and adoption of the constitution of the United States.

The manager of the Hotel del Monte, at Monterey, California, recently contracted for a lot of cheap swallow-tailed coats, which he offered to supply to his waiters at eight dollars apiece, at the same time promulgating the order that all the waiters in the hotel should wear dress coats. This was too

## What Saved the Stage-Driver's Brother.

The little coterie of scientists that utilize the shady back yard of an Austin saloon, in which locality is as hot as blazes long before May, were discussing hydrophobia, Asiatic cholera, and similar cheerful topics. Among them was Dr. Bozage, who was regarded by most people as a man who "knew it all." It was the sentiment of the convention that vaccination was a great thing, and never failed to save life.

"That depends on the locality," said an old-stage driver named Prigmore.

"Locality has nothing to do with it. Vaccination will save life as readily in one place as in another."

"Tharar don't apply to Colorado. I had a brother out thar whose life was saved by his not being vaccinated."

"A very extraordinary case. I'd like to hear the particulars of that case to report at the next meeting of the Texas Medical Association. Was the patient confined to his room?"

"Yes, I should say that he was confined somewhat, seeing that he was in jail."

"How did his not being vaccinated save him from the small-pox?"

"The vigilantes broke in to string him up, but when they seel that he was broken out all over with small-pox they scattered like a covey of partridges. Now, you see, doctor, if he had been vaccinated he would never have got well. He would have died right then and thar. I tell you, doc, sciences is all right; but you have to make allowance for climate. If that man had been vaccinated he would never have had them pustules on his face, and when the vigilantes called in he wouldn't have lived ten minutes; so I say you have to take climate and surroundings into consideration."

## Trial of a Boodler.

On May 3d began in New York the trial of another of the long list of "boodler men" who waxed fat in 1884 and bought a way for the Broadway railroad through the board of aldermen. Thomas B. Kerr was the treasurer of the Seventh-avenue railway company and is indicted for bribery and conspiracy. He was one of Sharp's right-hand men; and the testimony before the investigating committee—how strange it is that the man who conducted this investigation, ex-senator Conkling, and the man against whom it was principally aimed, Sharp, are both dead!—showed that he had the handling for Sharp of huge sums of money. He paid bills for Sharp, in oral orders, of sums as big as \$25,000, taking no receipts; he brought to Sharp's lawyer's office on the day of the grand "round-up" on June 19, 1884, no less than \$500,000 in cash, and described how it, with the \$200,000 and more from other sources, was divided among the lobbyists and lawyers who had "stirred around" in behalf of this important enterprise. Sharp gave him over \$300,000 for "disbursements" that he had made in aid for the same cause. Kerr's lawyer is Bourke Cochran, who saved Sharp from the humiliation of state prison garb. District attorney Fellows is no match for him or for any other clever lawyer. The district attorney's office is in a hopeless state of imbecility and incompetency, its representatives being reprimanded every few days by the judges for the slovenly preparation of cases or for gross carelessness.—N. Y. *Cor. Boston Transcript.*

## Distress After Eating.

This result of indigestion will no longer be experienced if Simons Liver Regulator is taken after each meal. It is such a good digester, and so mild and pleasant in its effect that it is used by many, after a hearty meal, to insure good digestion. The Regulator does not nauseate or irritate the stomach, but corrects acidity, dispels foul gases, allays irritation and assists the stomach in its digestion.

## The Duke of Devonshire lets his lands on ninety-nine years leases, with option of purchase within the first ten years.

If your blood is vitiated, cleanse it without delay by the use of Ayer's Sarsaparilla.

## Copenhagen enters the list of cities that are to hold universal ex positions this year. Her fair occurs this week. Its industrial portion is of local contribution, while its art products will be from Denmark, and from other parts of Europe.

## Lord Lucas, the owner of the domain containing Matthew Arnold's last resting place, spent \$800,000 to keep the railroad from crossing his grounds.

It is estimated that from 50 to 75 per cent of the sparrows in New York city perished during the blizzard.
