AYER'S PILLS.
Sugar-Coated Cathartic
If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.
For years I have relied more upon Ayer's Pills than anything else, to

Regulate
my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.
By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.
My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esting, Richmond, Va. #1

SOME FUN AND A FEW FACTS.

An exchange has the following item, which may seem to be all right, but it will get some poor fellow's back broke yet if strictly followed:

"An Illinois justice has decided that 'courtship is a public necessity, and must not be interrupted; therefore if a young man wanted to kiss a girl, he might put her father out of the room first if he liked.'"

The publication of the above may cause some smart young man to do something he will regret. The lame, sickly looking father of a girl may come into the parlor some night and find the warmhaired youth on the sofa with the girl, and when the old man speaks of its being time to put a stop to such nonsense, the young man, with the above judicial decision in his mind, will tell his prospective father-in-law to wipe off his vest and go to bed. The old man will then spit on his hands and grasp the warmhaired young man by the county seat and tie him up in a double bow knot and pin a scar on him, and throw him out on the path to the gate, and he will turn and slap the girl across where the dress is pleated, and she will go up stairs with hand on her heart as it were, and the old man will jump up and say "whoop!" The young men of this country have gall enough about visiting girls in the evening, at their homes without filling their heads with any such idea in regard to their legal rights. There are few fathers who would quietly submit to being told to go away by a young man with a striped necktie and pants too short at the bottom. These sparkers are looked upon by parents as a nuisance, and often they are right. Nine-tenths of the sparking is done by boys who haven't got their growth, and they look so green that it is laughable to the old folks to look at them. They haven't generally got a second shirt, and they are no more qualified to get married than a steer is fit to preach. And yet marrying is about the first thing they think of. A green boy, without a dollar, present or prospective, talking about marrying is a spectacle for gods and men. He should be reasoned with, and if he will not quit until he is able to support a wife and to know the difference between love and passion, he should be quarantined or put in a convent for such cases. Nine-tenths of the unhappy marriages is the result of green human calves being allowed to run at large in the society pasture without any yokes on them. They marry and have children before they do mustaches; they are fathers of twins before they are proprietors of two pair of pants, and the little girls they marry are old women before they are twenty years old. Occasionally one of these goosling marriages turns out all right, but it is a clear case of luck. If there was a law against young galoots sparking and marrying before they have got all of their teeth out, we suppose the little cusses would evade it some way, but there ought to be a sentiment against it. It is time enough for these bantams to think of finding a pullet when they have raised money by their own work to buy a bundle of laths to build a hen house. But they see a girl who looks cunning and they are afraid there is not going to be afraid enough to go around, and they begin to get in their work real sly, and before they own a cook-stove or bedstead, they have to get up in the night and go after the doctor, so frightened that they run themselves out of breath, and abuse the doctor because he don't run too, and when he gets there he finds there is not linen enough to wrap up a doll baby. It is about this time that a young man begins to realize that he has been a colossal fool, and as he flies around to heat water, and bring in the bath tub, and goes whooping after his mother or her mother, he turns pale around the gills, and his hair turns red in a single night, and he calls on high heaven to witness that if he lives until morning, which he has doubts about, he will turn over a new leaf and never get married until he is older. And in the morning the green looking "father" is around before the drug store is open, with no collar on, his hair sticking every way, his eyes bloodshot and his frame nervous, waiting for the clerk to open the

door so that he can get some saffron to make tea of. Less than a year ago he thought he was the greatest man there was anywhere, but as he sits there in the house that morning with his wedding coat rusty and shiny, and his pants frayed at the bottom and patched at the elbow and the nurse puts in his arms a little roll of flannel with a baby hid in it, he holds it as he would a banana, and as he looks at the girl wife on the bed, and thinks that there is not provisions enough in the house to feed a canary, a lump comes into his throat and he says to himself that if he had it to do over again he would leave this little girl at home to grow up with her mother, and he would wait till he had \$6 to buy baby flannel and \$10 to pay the doctor.

Distress After Eating.
This result of indigestion will no longer be experienced if Simmons' Liver Regulator is taken after each meal. It is such a good digester, and so mild and pleasant in its effect that it is used by many after a hearty meal, to insure good digestion. The Regulator does not nauseate or irritate the stomach, but corrects acidity, dispels foul gases, allays irritation and assists the stomach in its digestion.

Berlin has an institution known as the "people's kitchens." They are self-supporting concerns that yearly add to their capital and constantly increase in number; and yet in them working men can get a comfortable dinner for a sum varying from 3 to 7 cents.

Look at my face and my hands—not a pimple. Such as you saw there some time ago. See my fresh cheeks, and I'm getting a dimple. I don't look at all like I used to. I know. My face was all blotches—complexion like talow. No wonder they thought me and called me a fright. No one need have pimples and skin gray and sallow. If she'll take what I took, ev'ry morn' and night. I asked the delighted young woman what she referred to, and she answered, Dr. Pierce's Golden Medical Discovery. It is the best beautifier in the world, because it purifies the blood, and pure blood gives good health, and good health is always beautiful. \$300 reward offered for an incurable case by the proprietors of Dr. Sage's Catarrh Remedy.

The Turkish government has given orders to keep a sharp eye on the so-called Russian pilgrims who are arriving in large numbers at the monasteries of the Galata and Mount Athos, whence they depart after a short stay for the Rhodope Mountains or Eastern Roumelia. It is suspected that those pilgrims are emissaries charged to initiate a rising when the watchword is given.

One reproach directed against general Boulanger by the thorough-going communists of the Prut stamp is that he secretly favors the election of the president by the people, which they regard as the first step toward a return to the empire and the disasters of the invasion.

Some portions of western Kansas, which depended entirely upon irrigation a few years ago, now have so much rain that the ditches have been entirely abandoned.

Twenty thousand women voted at the recent municipal elections in Kansas.

Seven feet of snow fell in Minneapolis last winter. Seven thousand immigrants entered Oregon in March. Damascus is to have street cars just like any civilized city. Baltimore counts on a million population ten years hence. All public religious processions have been prohibited in Italy. It is a Gotham idea to have a jeweler appraise the wedding presents.

The Chinese colony in Chicago consists of 2,000 souls, of whom only two are women. The most densely populated islands on the globe are said to be Barbadoes and Malta.

The Boisterous Atlantic. Is a terror to timid voyagers, scarcely less on account of the perils of the deep than the almost certainty of sea sickness. The best curative of mal de mer is Hostetter's Stomach Bitters, which settles the stomach at once and prevents its disturbance. To all travelers and tourists, whether by sea or land, it presents a happy medium between the nauseous or inefficient resources of medicinal chest, and the problematical benefit derivable from an unmedicated alcoholic stimulant, no matter how pure. The jarring of a railroad car often produces stomachic disorders akin to that caused by the rolling of a ship. For this the Bitters is a prompt and certain remedy. The use of brackish water, particularly on long voyages in the tropics, inevitably breeds disorders of the stomach and bowels. Hostetter's stomach Bitters mixed with pure water nullifies its impurities. Similarly it counteracts malarial and other prejudicial influences of climate or atmosphere, as well as the effects of exposure and fatigue. Use it for kidney complaints, rheumatism and debility.

Falling hair may be prevented, brassy hair made soft, and a renewed growth of the hair stimulated by the use of Ayer's Hair Vigor.

General Neal Dow, in denying the reports that prohibition is on the decline in Maine, says that the newspapers of the country are subsidized by the literary fund of the liquor league to tell such tales.

If your blood is vitiated, cleanse it without delay by the use of Ayer's Sarsaparilla.

Two boys, aged fourteen years, essayed as highwaymen in Lawrence, Mass., and "held up" two clerks at the point of a revolver while they rifled their pockets. Sensational literature is said to be the cause of their exploit.
