Steam Engine For Sale.
A FIFTEEN HORSE POWER ENGINE in first class condition, with all the fittings, etc., complete, for sale at
ARNDT & FERCHEN'S.

For Toilet Use.
Ayer's Hair Vigor keeps the hair soft and pliant, imparts to it the lustre and freshness of youth, causes it to grow luxuriantly, eradicates Dandruff, cures all scalp diseases, and is the most cleanly of all hair preparations.

AYER'S Hair Vigor has given me perfect satisfaction. I was nearly bald for six years, during which time I used many hair preparations, but without success. Indeed, what little hair I had was growing thinner, until I tried Ayer's Hair Vigor. I used two bottles of the Vigor, and my head is now well covered with a new growth of hair.—Judson B. Chapel, Peabody, Mass.

HAIR that has become weak, gray, and faded, may have new life and color restored to it by the use of Ayer's Hair Vigor. My hair was thin, faded, and dry, and fell out in large quantities. Ayer's Hair Vigor stopped the falling, and restored my hair to its original color. As a dressing for the hair, this preparation has no equal.—Mary N. Hammond, Stillwater, Minn.

VIGOR, youth, and beauty, in the appearance of the hair, may be preserved for an indefinite period by the use of Ayer's Hair Vigor. A disease of the scalp caused my hair to become harsh and dry, and to fall out freely. Nothing I tried seemed to do me any good until I commenced using Ayer's Hair Vigor. Three bottles of this preparation restored my hair to a healthy condition, and it is now soft and pliant. My scalp is cured, and it is also free from dandruff.—Mrs. E. R. Foss, Milwaukee, Wis.

Ayer's Hair Vigor,
Sold by Druggists and Perfumers.

PERFECT SAFETY, prompt action, and wonderful curative properties, easily place Ayer's Pills at the head of the list of popular remedies for Sick and Nervous Headaches, Constipation, and all ailments originating in a disordered Liver.

I have been a great sufferer from Headache, and Ayer's Cathartic Pills are the only medicine that has ever given me relief. One dose of these Pills will quickly move my bowels, and free my head from pain.—William L. Page, Richmond, Va.

Ayer's Pills,
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Dealers in Medicine.

ITEMS OF GENERAL INTEREST.

Parliamentary returns show that thirty-two people starved to death in London in 1887.

It is estimated that about eighty infants are born in this world every moment, while nearly as many human beings, in the same moment draw their last breath.

A clever New York chicken thief has trained two bird dogs so that they will enter heneries and carry off the hens, while he waits at a safe distance with a bag to receive the booty.

The infant child of Mr. Louis A. Conti, of Richmond, Va., was bitten by a spider the other night and died in great agony, his body swelling before death to twice its natural size.

Mrs. James J. Harrington, the wife of a well-known Chicago druggist, committed suicide the other day by drenching herself with oil and setting fire to her clothes. She was temporarily insane.

According to a Troy (N. Y.) florist, Perle des Jardin roses are often palmed off for Marechal Niels, and not one bride in five hundred who is described as wearing orange blossoms is so fortunate as to have them.

The highest priced piano in America is owned by Mr. H. G. Marquand of New York. The works were made by Messrs. Steinway & Sons, and the case, which was built in London, was designed and painted by Alma Tadema. It cost \$46,000.

It is reported that seven of the men who struck on the Burlington road have committed suicide because of inability to get work. Numbers of the striking engineers have had to give up the homes for which they were making gradual payments, losing much of what had already been paid.

A few days ago while John Bugg was plowing near Danville, Ky., which is part of the battlefield of Perryville, he unearthed a camp kettle, in which he found some \$45 in foreign silver coin, most of it dated as far back as 1792. It is thought to be the deposit of a soldier afterwards killed in battle.

In the cemetery for federal soldiers at Florence, S. C., is a small headstone inscribed "2480, Florence Budwin," which marks the grave of a young woman who donned the blue and followed her husband into the army. She was taken prisoner, but not until her death in child-birth was her sex suspected by her captors.

Luther W. Holman of Boston Mass., charged with conspiracy to kill his sister and thus secure her share of their dead father's estate, pleaded guilty on Monday and was sentenced to ten years' imprisonment in the house of correction. Medical testimony was given to the effect that the prisoner was partially insane.

A young married woman of Cincinnati quarreled with her mother-in-law the other day, and to frighten her left the house, ostensibly to call a policeman to arrest the old lady. Believing the threat, the latter jumped from a second story window, breaking one knee-cap and spraining her ankle. She will be a cripple for the remainder of her life.

Investigations by scientists in New York City have revealed the unpleasant fact that the Croton water of New York swarms more thickly with bacteria than the water supply of any other large city. They are to be found in it at the rate of 96,000 in each ordinary tumblerful of water. This is far above the rate recognized by scientists as dangerous—fifty to the cubic centimeter.

A Boston girl upon retiring the other night found a rat in her room. She gave chase, and just as she was about to deal it a crushing blow with the heel of her boot it took refuge in the spring of her bed, quite out of reach. Concluding he was too scared to venture out again that night, she went tranquilly to bed, and the next morning had in a neighbor's terror, and the dog ferreted out the rat and killed it.

A three-year-old child was seen on the track in front of an east Pennsylvania train the other day, but too late to stop the train. It

looked as if, despite the engineer's efforts, the little one was doomed, when James Snyder of Harrisburg, the fireman, took in the situation, and at the peril of his own life sprang to the pilot of the engine, picked up the little one and deposited it into a place of safety.

Speaking of Mrs. Porter's exposure of the manner in which cast-iron hotel servants are housed and fed, Joe Howard says in the Boston Globe: I am glad a woman has taken hold of this matter. Every goodnatured man of the world who travels to any extent knows about the treatment, but he has no way to ventilate it. It is a wonder to me that there is a shred of virtue or a fiber of honesty left in any hotel servant on the face of the globe.

"Penny Wise and Pound Foolish."
That's what men are who plod along—trying to do their business, when they feel half dead. Their eyes are dim and throbs; their head aches; the children annoy them; their wives lose their charms; they lose their ambition; they make mistakes in their accounts, and the whole world looks blue; they hate themselves and everyone else. And why? If you feel so, why don't you stop and think a minute—or are you too stupid? Your liver and blood are out of order; that's all. You need a good regulator and tonic. Take a bottle of Dr. Pierce's Golden Medical Discovery, and you will feel like a new man. In three days your wife will be the prettiest and sweetest woman in the world; your children's dispositions will be exactly like your own; your business will improve, and you will make money enough to pay for the Golden Medical Discovery a hundred times over. Don't be stubborn, but try it.

If you suffer from "cold in the head," or from Nasal Catarrh, use Dr. Sage's Catarrh Remedy. It cures when everything else fails.

A poultryman advises that eggs should never be placed near lard, fruit, cheese fish, or other articles from which any odor arises. The eggs are extremely active in absorbing power, and in a very short time they are contaminated by the particles of objects in their neighborhoods, by which the peculiar and exquisite flavor of a new-laid egg is destroyed.

Children Cry for Pitcher's Castoria
When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

"You wouldn't think," he said, indicating a gentleman across the street, "that that ordinary, commonplace looking person has many times stared death unflinchingly in the face."
"Why no! Is he a desperate character?"
"Not very, he's an undertaker."
We have found no remedy for malaria, so reliable and safe as Ayer's Ague Cure.

"These fish, my dear Mrs. Hendricks," remarked the minister, who was discussing a Sunday dinner with the family, "are deliciously fresh. I am enjoying them very much."
"They ought to be fresh," volunteered Bobby, who was also enjoying them. "Pa caught 'em only this morning."

He Got Away With It.
At the conclusion of a sermon somewhere in Iowa, the preacher requested some one to pass the hat and take up a collection. A young man jumped up and commenced circulating the hat in such a manner as to finish the job and pass out with the proceeds. The preacher, eyeing him as he went out, observed: If that young man runs away with that money, he'll be damned. A deacon sitting by the window, seeing him make off down the street, responded: "And if he hasn't run away with the money I'll be damned."

The Stops of an Organ.
With such important functions as the liver, are of course productive of serious bodily disturbance. When it relaxes its secretive and distributive activity, bile gets into the blood and tinges the skin and white of the eyes with yellow, the bowels become constipated, the tongue coated, the breath sour. Then come headaches, vertigo and congestion of the organ, accompanied with pain in its vicinity or under the right shoulder blade. Shall bile be the remedy sought? No, for mercury in any form is pernicious. What then? Experience indicates Hostetter's Stomach Bitters as the true remedy for inactivity of the liver. It not only relaxes the bowels without pain, but has a direct stimulating effect upon the hepatic gland itself, the seat and origin of the trouble. All malarial complaint involves disorder of the liver, and of these the Bitters is the most popular curative. It also cures dyspepsia, nervousness, rheumatism and kidney troubles.

Catarrh cured, health and sweet breath secured by Shiloh's Catarrh Remedy. Price 50 cents. Nasal Injector free. For sale by J. C. Dement.

Make a mixture of hydraulic cement and skim milk for painting farm buildings and fences by putting the cement in a bucket and stirring in the milk until it is the consistency of cream. The proportions are about one pound of cement to one gallon of milk. Color may be added if desired. This paint is cheap and durable.

Ayer's Sarsaparilla requires smaller doses, and is more effective, than other blood medicines.

The Rev. Geo. H. Thayer, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURER." Sold by J. C. Dement.

Boston and Montana officials believe the company will get out 2,000,000 pounds of copper in June and 2,500,000 pounds in July.

SAVE MONEY! by Buying Your Goods
