In the police court yesterday, Frank Hoak, drunk, forfeited \$5 bail Jim Lynch, drunk but not disorderly, fined \$2.

The ownership of the O. & C. railroad company was formally turned over to the Southern Pacific management last Monday.

Hobson & Summerfield have opened their type-writing office and are now prepared to do all kinds of work in the line of copying dictations, etc.

It was reported yesterday evening that the Montezuma which left here for Coos Bay a few days ago, was ashore on the south spit of the Neulsem. No particulars could be learned.

The British bark Mary Lou cleared for Queenstown yesterday carrying 47,968 bus. wheat, worth \$36,700. The British ship County of Carnarvon also cleared for Queenstown, carrying 71,487 bus. wheat, valued at \$49,300.

The postmaster at Cowitz, reports that Mount St. Helens is smoking. A grayish smoke or steam can be plainly seen issuing from the south side near the summit. Observation through a strong glass convinces the beholder that it is from the mountain.

Not more than 15 or 20 per cent, says the Oregonian, of the amount of lumber is being shipped east from this section as was shipped a few months since, and orders are received only for long sticks or planks more than a foot in width. No other place can compete with this section for such lumber.

The terms of the newly elected county officers begin on the 2nd of next month. Official bonds are now in order. In this county the sheriff's bonds are fixed at \$10,000, clerk \$10,000, treasurer \$10,000, assessor \$5,000, coroner \$3,000; the others are fixed by the county court. Several of the newly elected officers have already taken the oath of office.

Rev. Dr. G. J. Burchett, of McMinnville, this state, recently delivered an address before the national Baptist convention, in Washington City, which is a perfect gem in the way of advertising Oregon. It was published in full by a daily paper of that city and will, doubtless, from its unique style, concise pointers and other meritorious features, be widely copied.

There is some talk at government headquarters of having all the land office business that is now done at the offices of the county clerks done at the land offices themselves. Should such an order be made the proving up, final notice proof, etc., would have to be made at the Oregon City land office, instead of at the county clerks office in this city. But as to that nothing definite is known as yet.

No. One, Vol. I, of the Tillamook Headlight, published at Tillamook, C. E. Wilson & Co., proprietors, J. B. Edwards editor, came to hand yesterday morning. It is a neatly printed sheet, and starts off on its right foot. Tillamook deserves to have a good paper, for it is one of the richest sections of the state though as yet comparatively undeveloped. The people of Tillamook owe it to themselves to accord a hearty support to the Headlight.

The principal excitement on Chenamus street at eleven yesterday morning was a race for the heavy-weight championship between P. W. Weeks and J. D. Kairns, 150 yards for \$200 and gate money. The former pulled down the scales at 212 and the latter at 183 pounds. The time of the race was 16 1/4 seconds. When it came to awarding the prize a dispute arose as to who won the race which resulted in declaring all bets off. Subsequently the heaviest of the two got a little gilt rooster with the inscription "Cleveland will be the next president" and wears it over his third rib.

A remonstrance from Cedar street property owners against the improvement of that street was read, representing 2,535 feet of the 3,600 feet in the street. The remonstrance was, on motion, received and placed on file.

Councilman Cleveland asked street superintendent Clinton how much lumber the city put down every month on Cedar street. He said that last month 3,000 feet of lumber were used on Cedar street; that about 2,500 to 3,000 feet were thus issued every month. On motion of councilman Cleveland, the street superintendent was instructed to put no more lumber on Cedar street, except on the crossings.

On motion it was ordered that the Wall street grade be established. The West Ninth street matter was also dug up and after being ventilated was hung up along with the other back numbers.

A NEW YORK TRAGEDY. New York, June 12.—Fillipo Guastoni, agent of the large wine house shot Mrs. Louisa Marri, in a Green St. tenement this morning and then blew out his own brains. Guastoni was an Italian. He was a constant visitor in the Marri household and had for some time made no secret of his love for the woman. He had been warned by the woman's husband not to interfere with his domestic relations; notwithstanding the warning early this morning he forced himself into Mrs. Marri's bedroom where the tragedy was committed. Mrs. Marri is in a critical condition and will probably die.

DIGNITARIES EXPECTED. A YOUNG FIRE BUG. BUFFALO, June 12.—A boy named Andrew Howard, aged 14, has confessed that he started the million dollar fire which destroyed the drygoods store of Baver, Henegger & Co. He says he started the fire because he was mad at Starring, the floor walker, who would not excuse him to go to a funeral at which he was to be a pall bearer.

GEN. SHERIDAN'S CONDITION. WASHINGTON, June 12.—Gen. Sheridan passed a quiet night, but was a little disturbed after midnight by coughing. His general condition this morning is about the same.

An Explanation. What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

A man with a pair of patent thills is scaring the people here to death in Grand Rapids, Mich. The thills are calculated to be used in driving runaway horses, as they are made to become detached from the carriage when the runaway is in its giddy period, allowing the vehicle to stop and the horse to run along alone if he wants to. The wretched exhibitor is accompanied by a woman and a horse, and whenever she strikes a town she drives the animal upon the principal street and lets him run away. And how he does run! The woman meanwhile waves her hands and screams, and says like the was about to go into a fit, while the spectators crowd the street and stand frozen with horror, when—presto, change. The horse becomes detached, gallops another block and stops, and the buggy quietly slows up, and the woman jumps out and laughs, and the advertisement is complete.

SORE FROM KNEE TO ANKLE.

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the Cuticura Remedies.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle, the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one-third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICURA Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen. S. G. AHERN, Dubois, Dodge Co., Ga.

Terrible Suffering From Skin Diseases. I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shut public places by reason of my disgusting condition. I have had the best of physicians and spent hundreds of dollars, but got no relief until I used the CUTICURA Remedies, which have cured me, and left my skin as clear and my blood as pure as a child's. IDA MAY BASS, Olive Branch P. O., Miss.

Constitutional Catarrh. No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human mind—one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust constitutions. Ignored, because but little understood, by most physicians, it is incessantly assailed by quacks and charlatans, those suffering from it have little hope to be derived of it this side of the grave. It is, therefore, the most popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the sense of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATABRICAL SOLVENT, and Iodized Iodine. Price, \$1.00.

How Funny This Sounds! A striking instance of the popularity of Gearin for congress, in this county, is shown in the support, directly or indirectly, of every new member in the city and in East Portland. Most of the Republican papers support him outright and the balance do so by giving sly words of praise that really are more effective than open support. Gearin will carry this county by 300 majority and come to Portland with 1,500 majority. These are the present indications.—Portland World (Just Received.)

Reducing the Surplus. The disposition of the Surplus in the U. S. Treasury engages the attention of our Statesmen, but a more vital question has our attention, and that is the reduction of the Surplus Consumptives. Since the discovery and introduction of Dr. King's New Discovery for Consumption, there has been a marked decrease in the mortality from this dreaded disease, and it is possible to still further reduce the number of Consumptives. How? By keeping constantly at hand a bottle of Dr. King's New Discovery, and using according to directions, upon the appearance of the first symptoms, such as a Cough, a Cold, a Sore Throat, a Chest or Side Pain. Taken thus early a cure is guaranteed. Trial bottles free at Jno. C. Dement's Drug Store.
