A Dyspeptic. "I have been suffering for over two years with Dyspepsia. For the last year I could not take a drink of cold water nor eat any meat without vomiting it up. My life was a misery. I had had recommended Simmons Liver Regulator, of which I am now taking the second bottle, and the fact is that words cannot express the relief I feel. My appetite is very good, and I digest everything thoroughly. I sleep well now, and I used to be very restless. I am fleshing up fast; good strong food and Simmons Liver Regulator have done it all. I write this in hopes of benefiting some one who has suffered as I did, and would take oath to these statements if desired."

Fir From The Northwest.

The New Westminister, B. C. Columbian says that adaptability of the Puget Sound fir for fine car work is replacing the higher priced walnut and Louisiana ash as well as West India mahogany. For some time past the Royal City mills, New Westminister, have been shipping sill timber to the largest car works in the United States, and new orders are constantly being received from them -a sufficient proof of the satisfaction the lumber gives. A few days since four car loads of sill timber were shipped to the Crossen Car works, of Coburg, Out. the first of a large order just received. The timber is all sixty tive feet in length, of the best quality and not a knot or flaw will ound in any stick of it. This unster will be used by the Crosser works on the palace and first-class cars now being built tor the C. P. Rz, and which require the very best material that can be produced. Other shipments will follow from time to time until the order is filled.

A writer in the Boston Herald says that the Boston girl needs a walking master and vigorously denounced the gait in vogue, which is characterized as "the sloppy, hippity hop, the waddle and the bounce.

For Animals. Mange. Distemper, Diarrhoa and worms in dogs quickly cured. Scratches Sores, Galls, Bruises, Cuts or Wounds of any kind quickly and permanently healed by washing with the Fluid. DR J. Hey out the distinguished Veterinary Surgeon, says: "I find Darbys Prophy-lactic Fluid all that it is represented. As a local application I believe it to be without an equal." For Colic and Scours it acts like magic.

It is estimated that for the pas wo months at least \$800 per day, on an average, has been paid into the U. S. Land office at Seattle by residents of Chehalis county, prin cipally for timber land.

Clinging to the Last.

The virus of rheumatism often remains in the system through life, when it does not cut the thread of existence suddenly, as it is always liable to do by attacking the heart. Ere the grip of this tenacious disease tightens, it should be unloosed by that beneficent liberator from disease, Hostetter's Stomach Bitters, which will free the sufferer at the outset from subsequent pain and danger. No purer or more agreeable blood depurent exists, as multitudes of the rheumatic; and neuralgic have ascertained by certified experience. It is through the medium of a regular action of the kidneys and bladder that an outlet is afforded for the escape of impurities which beget not only rheumatic, but gouty aliments, and dropsical effusions, To these organs the Bitters gives an impulse never verging on the bounds of irritation, but sufficiently vigorous to cause them and the bowels to perform their functions with clock-like precision, Use it also for dyspepsia, billousness, fever and ague and debility. Clinging to the Last.

A cobra bite has been cured. Dr. Richards, as reported by the India Daily News, was handling a cobra with the intention of extracting some poison, when he was bitten on the finger. He immediatey cut it open to the bone above the wound and applied permanganate of potash, put on a ligature and hurried off for advice. Another doctor opened the wound and cauterized it with nitric acid, and Dr. Richards has recovered.

Some phenomenal fortunes have been made in late years in the Pennsylvania oil fields. That of William Phillips of Newcastle is represented to be \$4,000,000, all made since 1879; Vandergrift of Pittsburg has taken \$5,000,000 out since 1880, and a dozen men have made a million or more in the same time.
