THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

More like summer. "Soap Bubbles" will be produced at Ross' opera house next Friday and Saturday.

The Western Amateur band played an out door concert to a delighted audience last evening.

Enough energy has been expended discussing politics this week to solve the roadway problem for all time.

Why cook this hot weather; fine turkey dinner only fifty cents at the Telephone restaurant, to-morrow.

As between the Panama canal and the Clatsop bridge, the probabilities are in favor of the canal being finished first.

The funeral of the late Henry Mattson took place yesterday afternoon, under the auspices of Beaver Lodge No. 35, L. O. F.

A collection of the head lines to the dispatches in all the newspapers of the nation this morning, would be an interesting curiosity.

It will seem sort of queer to the Astoria fire department this morning, to read an account of a firemen's tournament in which they do not participate.

Regular services at the Baptist church to-morrow morning and evening. Preaching by the pastor, Rev. A. LeRoy. Strangers always welcome.

Before a commission in lunacy yesterday John Humble was adjudged insane. He will be taken to the asylum to-day in charge of Thos. Logan and Wm. Humble.

To know the news read THE ASTORIAN. It spends money freely for news and always tries to make it appear as though the town that it is published in amounts to something.

Rev. Dr. Harrington will preach in the new (Scandinavian) Methodist Episcopal church in upper Astoria to-morrow, at 3 o'clock p. m. After the sermon the building will be dedicated.

"Did you give the monkey the ten-cent piece?" asked a father of his five-year-old boy yesterday. "Yes sir," said the youngster, "and as soon as I give it to him he jumped up on the organ and gave it to his papa."

At the Methodist Episcopal church 8 p. m. Saturday, quarterly conference. 10 a. m. Sunday, quarterly lovefeast. 11 a. m. sermon by the presiding elder, to be followed by the sacrament of the Lord's supper.

The Clatsop road and construction company met last evening and decided to incorporate to-day. The incorporators and stockholders will meet to-night, and again on Monday night, when officers will be elected.

The Alpha club will celebrate their national festival by a dance at Liberty hall to-night. In their native country the Finnish people on the 24th of June, go to a high peak and have a sort of picnic or festival day, there being no darkness that day there.

It is thought in Washington, that the river and harbor bill will probably be taken up in the senate next Monday, and will be passed before the end of next week. The consideration of this bill has been delayed by the absence of members of the senate occasioned by their attendance at the two conventions.

Last Thursday senator Dolph from the committee on commerce reported to the senate with recommendations that they pass senator Mitchell's bill providing for the purchase of ground and the construction of a wharf for the use of the lighthouse board at this city, with an amendment increasing the appropriation from \$10,000 to \$15,000.

An exchange wisely says: No man should deprive his wife and family of the home paper. They do not go from home and learn all the news as does the father and husband, and the paper serves to relieve many other, wise lonely hours. It is the worst possible economy to deprive the family of a pleasure so easily and cheaply procured.

In reporting the Democratic and Republican national conventions, the Western Union Telegraph company did some prompt and expeditious work, which is appreciated. Mr. Henderson, the efficient operator here, handled the matter rushed in upon him very cleverly and people here knew really more of what was going on in the convention than many inside the hall in which it was held.

Attention K. of L. The members of Columbia Assembly No. 5,033 K. of L., are called to meet at their lodge room for the election of officers at 8 p. m. Monday, June 25th, 1888. By order, M. W.

DEPEW DECLINES. 7:24.—Depew has taken the platform amid great applause.

7:27.—Depew says he came here as a delegate, he neither expected nor desired to appear in any other capacity. After arrival, the New York delegation had presented his name for the state, and for that reason he says that his vocation and associations will raise questions which may endanger the prospects of the party. Therefore he withdraws.

7:30 p. m.—Depew's announcement was greeted with tremendous applause.

Howell of Kansas, is presiding. 7:31 p. m.—Wise announces that Virginia has elected him chairman of that delegation.

SORE FROM KNEE TO ANKLE.

Skin entirely gone. Flesh a mass of disease. Leg diminished one-third in size. Condition hopeless. Cured by CUTICURA Remedies.

For three years I was almost crippled with a sore from my knee down to my ankle, the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. I had consulted about a third of the size of the other leg, and I was in a hopeless condition. After trying all kinds of remedies, and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICURA Remedies, and the result was as follows: After one day I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was restored to its normal condition, and I was able to walk, and to-day, and for no less than two years past, my leg is as well as ever. It was sore in every respect, and not a sign of the disease to be seen.

S. G. AHERN, Dubois, Dodge Co., Ga.

Terrible Suffering From Skin Diseases. I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shut public places by reason of my disgusting humors. I tried the best of physicians and spent hundreds of dollars, but got no relief until I used the CUTICURA Remedies, which have cured me, and left my skin as clear and my blood as pure as a child's.

Constitutional Catarrh. No single disease has entailed more suffering or has done more to mar the human constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the digestive organs, the lungs, the kidneys, all yield to its destructive influence. The result is a general debility, the system is racked every vital force, and breaks up the most robust of constitutions. General debility, loss of appetite, indigestion, and all the ailments incident to a weak and exhausted system, are the result of this disease. It is time, therefore, that the popular treatment of this terrible disease by medicine within the reach of all classes, and at once complete and permanent, should be known to the people. The new and liberal method of curing Catarrh, by the use of CUTICURA, has been the happy approval of thousands. It is instantaneous in affording relief, all head aches, dizziness, and all the ailments incident to a weak and exhausted system, are the result of this disease. It is time, therefore, that the popular treatment of this terrible disease by medicine within the reach of all classes, and at once complete and permanent, should be known to the people.

Not Thieves. During the past week there have been several nets stolen. The latest reports are, that the Anglo American had a net run by "light house Nelson" stolen out of his boat and the boat set adrift, which was picked up on Chimook beach. A whole coil of net lines and coils were found floating in the river belonging to the Eagle cannery, some conscienceless scoundrel having stripped the net from the lines, and not wishing to rob too much set the marks of his infamy adrift. Why it is, that cannerymen do not ferret out these generations is a mystery to even an Indian. Although they do employ regular and able detectives who do good work there is seldom a conviction for this kind of theft.

Is Consumption Incurable? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Begun taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the first medicine ever made." J. C. Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Gustafson, and boat puller (name unknown), fishing for Astoria Packing Co., drowned June 18th.

Warning. The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that every one, without exception, reserves vast numbers of Tubercle Germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without your attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.
