

The Daily Astorian.

ASTORIA, OREGON:

WEDNESDAY, JULY 12, 1888.

LAND in New York city is so dear that it does not pay capitalists to build houses for rental. Many houses that sell for \$40,000 will not bring \$2,500 a year rent.

By proving himself the son, born before marriage, of an old lady who, upon dying, left charitable bequests at Cincinnati, George S. Baker of Kentucky, aged 51, gets \$5,000 in settlement of his claim without contest in court. The deceased left \$40,000.

THERE are as many ways to sell a milk-shake in Pittsburgh as to skin a cat in Kerry. The law in that Pennsylvania city prohibits the sale of milk on Sunday, but permits it to be delivered on that day. The citizen, therefore buys his milk-shake on a week day and calls to have it delivered to him on Sunday. It is a pretty tight law that liquids won't run through.

ASKING \$5,000 for city property that is assessed for \$1,000 is one of the things that work hard against "our natural advantages." It keeps investors away, and the people here will grow gray waiting for "our natural advantages" to be utilized. The remedy for this particular phase of moss-backism is if a man thinks his lot is worth \$5,000, have him pay taxes on it of a valuation of say \$3,000. Then he must pay or let go.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that every one, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without your attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrials, obtain a bottle of Boesche's German Syrup. It will give you immediate relief.

A Challenge.

ILWACO, W. T. July 17, '88.

To the Columbia B. B. C. Astoria, Oregon.

GENTLEMEN:—You are hereby challenged to meet the Ilwaco invincibles in a single game of base ball for the championship of the Pacific coast (and all you can win on the outside), on Sunday July 20, 1888, either upon the clover covered fields of Canby, or the silver sands of North Beach, under the following conditions:

One member of your nine must weigh 200 pounds or more, one not more than 125 or 130, the balance catch weight, and a guarantee must be furnished that each and every one of the nine is good natured, and wont "chaw". We specially recommend to your favorable consideration Mr. W. J. Barry as umpire: We will be at half of the expenses of his services, would that not be agreeable we'll pay all.

Fashion.

And society, impose many privations upon the female sex, in the way of dress. First it is one freak, and then another, and from the fact that many of them are unhealthy in the extreme, it is small wonder that many women succumb, and that "female weakness" are the too frequent result. Dr. Pierce's Favorite Prescription is the only positive cure for these complaints in existence, and thousands of women can bear witness to its efficacy. "Favorite Prescription" is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case or money will be refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

Dr. Pierce's Pellets, or Anti-bilious Granules, Laxative or Cathartic according to size of dose. Purely vegetable. Coffee and cake, ten cents, at the Central Restaurant.

Private Rooms.

At the Telephone Restaurant for suppers, parties, etc. The best cooked to order.

ADVICE TO MOTHERS.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

You Are Interested.

Having purchased very largely in eastern markets of stationery and fancy goods we are now prepared to furnish very low prices at wholesale and retail.

When You Go to Portland

A MURDEROUS PLOT.

A Reign of Terror to Have Been Inaugurated in Chicago.

A Plucky Police Officer Frustrates The Assassins.

(SPECIAL TO THE ASTORIAN.)

CHICAGO, July 17.—By bold and timely action Inspector Bonfield this morning, saved the lives of himself and judges Garry and Grinnell.

In a small frame house near the corner of Ashland avenue and 33rd St. were found 12 dynamite bombs, a revolver and knife, and as the owner of the articles stepped to the sidewalk he was arrested by Bonfield in person and taken to the police station. Two other arrests were made later. When questioned as to what the prisoners intended to do Bonfield confined him to saying: "There was a conspiracy of long standing and it was about to be put into execution. They intended to use dynamite on Judge Garry, Judge Grinnell and myself."

The chief prisoner is an old time anarchist and was prominent in the schemes of the Haymarket times in May '86. Before first making the arrest Bonfield had the house surrounded by five picked officers. Just as daylight was breaking the inspector was joined in the vicinity by a stranger and a few moments later a man emerged from the house. The stranger nudged Bonfield and the order was given to the officers to close in on the man. He made a desperate fight but was quickly overpowered and placed in charge of two officers, Bonfield and the other officers then rushed into the house. They were met on the stairs by the wife of the man who had been captured but she was brushed aside and the police officer guided by the stranger, entered the next room, where hidden away in one corner the inspector found over a dozen of dynamite cartridges wrapped in brown paper. Further search of the room disclosed hidden in the bed a large revolver and a dagger. Some bundles of letters and other papers were also taken care of by the police. Then the patrol wagon was called and the prisoner was taken to the station. The police officers next went to 3016 Queen St., here two other arrests were made and all the captures were taken to the central station. Inspector Bonfield said the plot was a well arranged one. About 20 determined murderers were in the conspiracy, and they were at a certain hour after midnight to be at the house of Grinnell, Judge Garry, inspector Bonfield, Frank Walker and Gen. Stiles and others prominent in the prosecution of the Haymarket assassins.

The dynamite was to be placed beneath the houses of these, and a powerful explosive was to be touched off simultaneously. The board of trade building was to be blown to the sky at the same time and a wholesale reign of terror inaugurated.

HARRISON IN BETTER HEALTH.

INDIANAPOLIS, July 17.—Gen. Harrison rose early this morning feeling in excellent spirits and health. There has been no recurrence of neuralgic pains. After spending a couple of hours with his secretary, general Harrison ordered his carriage and drove down to his law office where he spent an hour. This is the first time he has been out since last Wednesday. His family and neighbors have about ceased to longer regard him as a sick man.

RANDALL BETTER, TOO.

WASHINGTON, July 17.—Sam'l J. Randall's condition is fairly satisfactory to-day. There were indications of a recurrence of some of the unfavorable symptoms this morning, but they were promptly overcome and he continues to rest quietly and gather strength.

BOWLES' STORY CONFIRMED.

GALVESTON, July 17.—The United States marshal Marsh and two deputies brought informer Bowles here this morning to test the truth of his story that a dynamite cartridge had been placed on the Burlington track north of here and subsequently in consequence of fear of results had been concealed in a hedge near by. The officers and railroad officials and a number of prominent citizens went to the spot that Bowles indicated, and after considerable digging, found the dynamite cartridge. It is of Hercules kind, and had caps on both ends. The cartridge is now in the hands of the railroad officials. The sheriff and other officers then went to the house of George Clark, one of the leading men of the Brotherhood of engineers and put him under arrest on a state's warrant. Clark made no resistance, and would say nothing save to assert his innocence.

A VERY CHEAP PRICE.

NEW YORK, July 17.—It is stated on Wall street to-day that all right and interest in Edison's phonograph has been sold to an English syndicate for \$250,000.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Jno. C. DeWent's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it is a cure for all and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.
