An Important Announcement

An Important Announcement
About six weeks ago, while at business. I
was suddenly attacked with excruciating
pains in my feet, knees and hands. So severe
the attack that I took my bed immediately,
and in two or three days my joints were
swollen to almost couble their natural size,
and sleep was driven from me. After suffering the most excruciating pain for a week,
using liminents and various other remedies,
a friend who sympathized with my helpless
condition, said to me:
"Why don't you get Swift's Specific and
use it. I will guarantee a cure, and if it does
not the medicine shall cost you nothing."
I at once secured the S. S. s., and after
using it the first day, had a quiet night and
refreshing sleep. In a week I felt greatly
benefitted. In three weeks I could sit up and
walk about the room, and after using six
bottles I was out and able tog to business.
Since then I have been regularly at my post
of duty, and stand on my feet from nine to
ten hours a day, and am entirely free from
pain. These are the plain and simple facts
in my case, and I will cheerfully answer all
inquiries relative thereto, either in person or
by mail.

NOTHING skill in compounding as to the ingredients themselves. Take it in time. It checks diseases in the outset, or if they be advanced will prove a potent cure. "There's a deal 'o runnin' to be done," said Mr. Blank, jestingly affecting a Scottish accent. "Your first qualification would be a pair o' shoon."

It takes the place of a doctor and costiy prescriptions. All who lead sedentary lives will find it the best preventive of and cure for Indigestion. Constipation, Headache, Billonaness, Piles and Mental Depression. No loss of time, no interference with business while taking. For children it is most innocent and harmiess. No danger from exposure after taking. Curer Colic, Diarrhosa, Bowel Complaints, Feverishness and Feverish Colds. Invalids and delicate persons will find it the mildest Aperient and Tonic they can use. A little taken at night insures refreshing sleep and a natural evacuation of the bowels. A little taken in the morning sharpens the appetite, cleanses the stomach and sweetens the breath.
