No One Need Remain A Dyspeptic.

"I have been suffering for over two years with Dyspepsia. For the last year I could not take a drink of cold water nor eat any meat without vomiting it up."

My life was a misery. I had had recommended Simmonds Liver Regulator, of which I am now taking the second bottle, and the fact is that words cannot express the relief I feel.

My appetite is very good, and I digest everything thoroughly. I sleep well now, and I used to be very restless.

I am fleshing up fast; good strong food and Simmonds Liver Regulator have done it all. I write this in hopes of benefiting some one who has suffered as I did, and would take oath to these statements if desired."

Done in One Minute.

A ray of light travels 11,160,000 miles in a minute. In the United States the telephone is used 295 times, the telegraph 135 times in a minute.

In a minute the lowest sound your ear can catch has been made by 990 vibrations, while the highest tone reaches you after making 2,228,000 vibrations.

In each minute in the United States, night and day, all the year round, twenty-four barrels of beer have to go down 12,096 throats, and 4,330 bushels of grain have come to bin.

Of tobacco 925 pounds is raised, and part of it has been used in making 6,673 cigars, and some more of it has gone up in the smoke of 2,292 cigarettes, in the United States in one minute.

In a minute an express train goes a mile and a street car thirty-two rods; the fastest trotting horse, 147 9-13 rods, and an average pedestrian of the genus homo has got over sixteen rods.

In a minute we are whirled around on the outside of the earth by its diurnal motion a distance of thirteen miles, add at the same time go along with the earth on its journey around the sun, 1,080 miles.

Every minute 600 pounds of wool grow in this country, and we have to dig sixty-one tons of anthracite coal and 100 tons of bituminous coal, while of pig-iron we turn out twelve tons, and of steel rails three tons.

In sixty seconds our country makes fifteen cents of nails, twelve bales of cotton come from the fields and thirty-six bushels of grain go into 149 gallons of spirits, while \$66 in gold is dug out of the earth. In the same the United States mint turns out gold and silver coin to the value of \$121, and forty-two acres of the public domain have been sold or given away.—N. Y. Mail and Express.

Mrs. Dart's Triplets.

President Cleveland's Mrs. for the three best babies at the Astoria County Fair, in 1887, was given to these triplets, Mollie, Ida, and Ray, children of Mrs. A. K. Dart, Hamburg, N. Y.

She writes: "Last August the little ones became very sick, and as I could get no other food that would agree with them, I commenced the use of Lactated Food. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well."

Lactated Food is the best Food for bottle-fed babies. It keeps them well, and is better than medicine when they are sick. Three sizes: 25c, 50c, \$1.00. At druggists. Cabinet photo of these triplets sent free to the mother of any baby born this year.
