MUSTANG LINIMENT

An Important Announcement
About six weeks ago, while at business I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to aimost double their natural size, and sleep was driven from me. After suffering the most excruciating pain for a week, using liminents and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able tog to business. Since then I have been regularly at my post of duty, and stand on my feet from hims to len hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries rolative thereto, either in person or by mail.

The Eagle Flaps His Western Wings.

It is a thing for the great American eagle to flap his western wing about, that our fellow citizens on the coast of California are able to give to the sea such a splendid teel cruiser as the Charleston promises to be. The launch was as successful as the most sanguine San Franciscan had anticipated, and the big war boat with the Carolina name and the California keel. now proudly rides the ripples of the bay .- Philadelphia Record.

The man who casts the vote of the whole rolling mill, the fellow who agrees to deliver a precinct at the proper time, the chap who carries the ward around in his vest pocket, the great man who controls the country, is now standing on the street corners where he may be seen of men. Take notice of him, my son, and watch him well when he is counted by and by. You will then observe that he aggregates one vote, and you won't have to bid very high to get that

"In nine cases out of ten," says a Detroit doctor, "where people come to me and want omsething for the liver, I give them a bread pill and they are promptly cured. The liver is about the last organ to rebel, but it is the first to be suspected if one doesn't feel well."
