An exchange says: The best recipe we can give for warm weather is as follows: Bathe frequently, eat light, vegetable diet, sleep during the cool hours of night, discard pork and all fatty meats, attend church and prayer meeting, and pay the printers what you owe on subscriptions or advertising.

We Astorians don't know what real genuine trouble about postoffice mat-

ters is. Over at Seattle five days' mail is piled up, there is only one delivery clerk, people have to stand and wait all day and then go away unserved. Up to the 1st the citizens paid three clerks, but when they quit subscribing to the fund that paid them, the government discharged them. But the surplus in the national treasury is piling right up just the same.

The following derivations of the names of presidential candidates are given in American Notes and Queries: The name of Cleveland is a corruption of Cliffland, so called from its situation in a steep, rock locality. Thurman is from Thor, the Saxon god and man. Its figurative meaning is one having the strength and wisdom of Thor. Harrison means Henry's son, or Harry's son. It is identical in meaning with Harris and Herries. Morton is a local name, from the parish of Morton, in Nithsdale, Dumfriesshire, Scotland. Mor, in the Gallic, signifies big, great, and ton is from dun, a hill. Morton, the big or great hill.

At a special meeting of the Seaside Lodge No. 12 A. O. U. W., last evening, a committee of arrangements of five members and a committee of reception of twenty members, were appointed to receive and properly care for Industry Lodge No. 8 A. O. U. W. on the occasion of their excursion to this city on the T. J. Potter next Saturday. Industry lodge is a large and active lodge, and comes next in numbers to Seaside Lodge No. 12 of this city, which is the banner lodge of this jurisdiction, having between 250 and 260 members. By the way, the visitors next Saturday will probably bring a fine banner with them for the banner lodge. Grand Master E. L. Smith, of Hood river, will accompany the excursionists.

S. Eisfelder, manager of a weekly paper called the Enterprise, entered the private office of ex-senator James G. Fair in the Nevada bank building in San Francisco last Friday afternoon, and told the senator he had prepared an article reflecting greatly upon the senator's private character, and which he said he proposed to publish in his paper unless given \$5,000 for its suppression. The senator did not stop to consider the proposition, but struck the blackmailer a powerful blow and knocked him down in a corner. Eisfelder made an attempt to draw a revolver but the senator resumed the attack and the man made a hasty exit, passing through a room in which there were a number of clerks, who also forcibly assisted him to the street.

A NEW INVENTION

To Send in One's Own Handwriting.

(SPECIAL TO THE ASTORIAN.) WASHINGTON, Aug. 4.—Prof. Elisba Gray has obtained letters patent for an instrument called the Telautograph, designed for transmitting messages by wire by sender in his own handwriting, doing away with skilled operators. This invention is based on the discovery of a new principle in controlling electric current, whereby pulsatory current is produced. All previous attempts to transmit handwriting have been based on the use of a variable current.

A FALSE ALARM. WASHINGTON, Aug. 4.—The following telegram was received at the war department this morning from Gen. Howard in reference to the firing at the sub agency near San Carlos, Arizona:

"SAN FRANCISCO, Aug. 4.—The following has just been received from Gen. Miles at St. Thomas: Everything is reported quiet at Porter's. The firing was among the Indians and they did not intend to disturb any one at the sub agency."

PROBABLY CRAZY. NEW YORK, Aug. 4.—A Richard springs special says: Robt. Garrett, ex-president of the Baltimore and Ohio railroad has suffered a relapse to his old nervous trouble and has gone to his residence near Baltimore. It is believed that a long term of complete rest will be necessary to fully restore him.

DEATH OF JOHN ROBINSON. CINCINNATI, Aug. 4.—John Robinson, the veteran showman, died this morning aged 80. He spent almost his whole life in the management of circuses. He has been succeeded by his sons for a few years past who have amassed large fortunes.

A Touching Obituary. It is strange how eager people will run after something, no matter how utterly destitute of a scintilla of merit. They will buy foreign pork and lard in preference to the home made article, no matter how worthless the foreign. We have an illustration at hand that fits the question. Only about a year ago a consumptive sheet was started in this city. It was a worthless disreputable sheet from the start, but it gained quite a foothold for a time. Its devoted editor resorted to every device to keep it afloat, but it only survived long enough to become a stench to its friends. It feasted on the carrion of spite and vituperation, and even got down to blackmail. It was a disgrace to journalism. Its columns were prostituted by malignant abuse. It never spoke for the interests of the east side. Letters signed by its editor were sent broadcast begging support for the sinking concern. But its grave is so low that not a bubble will ever come to the surface to mark the place of its descent. Vale, garbage. —East Portland Vindicator.

The "Kicker's Vigorous Policy. We extract the following from the last issue of the Arizona Kicker: "Our Policy—Heretofore as our readers know, the Kicker has almost entirely abstained from publicly criticizing the evils which all know to exist under our noses. We have become tired and disgusted with ourselves for this lack of spunk, and next week we will open a red-hot campaign on "The mayor, "The common council, "The fire department, "All secret societies, "The saloons, "The gambling dens, "And on various other organizations and institutions reeking with corruption."

"It will be a spicy issue. It will make more than a ton of human hair stand on end. It will make a thousand hearts thump like pile drivers. Chicanery, deceit, hypocrisy, theft, robbery, arson and murder will be properly tagged off and tags pinned to the right coat tails. "Order your extra copies at an early date. Advertisers should send in their copy by Saturday. Don't neglect this golden opportunity. Another may never come."

Don't Experiment. You cannot afford to waste time in experimenting when your lungs are in danger. Consult the ways seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Jno. C. Dement's Drug Store. Large bottles \$1.

Gambrian Beer And Free Lunch at the Telephone Saloon, 5 cents.

ADVICE TO MOTHERS. Mrs. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind, colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

He took the emperor an autograph letter and a gold casket set with brilliants and containing a smoking set.

THE BOWERY HOLOCAUST. NEW YORK, Aug. 4.—Three more bodies have been found in the burned Bowery tenement, one woman and two men. The remains were unrecognizable. Shortly after noon another dead body was discovered in the building, that of a man, but unrecognizable. Among the bodies recognized at the morgue was that of Jennie Marks, a tailoress.

FLOODS IN RUSSIA. ST. PETERSBURG, Aug. 4.—The river Viatka has overflowed its banks and inundated the country around Minsk and Prugne. The river Moldan continues to rise, villages on its banks are submerged and many inhabitants drowned.

PUT OUT THE LIGHT. WORCESTER, Mass., Aug. 4.—Hon. Adam Thayer, judge of probate for this county and a well known politician, committed suicide by cutting his throat with a razor this afternoon; temporary insanity is supposed to have been the cause.

CONSIDERED SERIOUS. LONDON, Aug. 4.—The St. James Gazette correspondent at Berlin says: In political circles the alliance between France and Italy is regarded to be of the most serious character.

BIZ. NEW YORK, Aug. 4.—For the week ending to-day, the bank reserve shows a decrease of \$385,510. The banks now hold \$2,350,375 in excess of the 25 per cent rule.

An Explanation. What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Billiousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions find it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Billious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Congressman Houk Tells A Story. Leonidas Caesar Houk, who represents the Republican district lying "in the Tennessee mountains," holds his grip on its hardy mountaineers by his story-telling stump-speeches. He is a great rabble-rouser, but beyond that his strong point is his clever way of telling clever stories. The other night he told one of his best at the ratification meeting held by the Republican national league at Washington, to point his declaration that if they wanted to win they must work promptly and efficiently. "There was an old ducky," he said, "whose master had some fine fat turkeys. Old Uncle Jake made up his mind that he must have one of those turkeys; and, as he told the story, he set to work to get it by prayer. 'I prayed to the Lord,' he said, 'that he would send me one of those turkeys. I prayed that way morning and evening for a week, but still that turkey didn't come, and I tell you my mouth was just a watering for it. So I says to myself I must change that prayer. And so I prayed one evening that the Lord would send me after that turkey—and, brethren, that job was done before daylight.' —Philadelphia Record.

The Boston Boy At School. One boy was asked to define a common and proper noun. He wrote: "William is a proper noun and Billy is a common noun."

Another was told to write what he had learned in physiology. He did, thus: "The body is composed of three parts—the head the trunk and the abdomen. The head contains the brains, if you have any. The trunk contains the heart and lungs. The abdomen contains the 'vowels a, e, i, o and u, and sometimes 'em.'"

"Who's in the world that last night boy was thinking of his teacher may have been able to puzzle out, but probably no one else can. The answer however, was actual.—Boston Transcript.

A Sound Legal Opinion. E. Bainbridge Munday Esq., County Atty., Clay Co., Texas says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. L. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died had it not been for Electric Bitters."

"This great remedy will ward off, as well as cure all Malaria Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50 cents and \$1, at Jno C. Dement's."
