The Appetite

May be increased, the Digestive organs strengthened, and the bowels regulated, by taking Ayer's Pills. These Pills are purely vegetable in their composition. They contain neither calomel nor any other dangerous drug, and may be taken with perfect safety by persons of all ages.

I was a great sufferer from Dyspepsia and Constipation. I had no appetite, and was constantly afflicted with Headache and Dizziness. I consulted our family doctor, who prescribed for me, at various times, without affording more than temporary relief. I finally commenced taking Ayer's Pills. In a short time my digestion and appetite

my bowels were regulated, and, by the time I finished two boxes of these Pills my tendency to headaches had disappeared, and I became strong and well.—Darius M. Logan, Wilmington, Del.

I was troubled, for over a year, with Loss of Appetite, and General Debility. I commenced taking Ayer's Pills, and, before finishing half a box of this medicine, my appetite and strength were restored.—C. O. Clark, Danbury, Conn.

Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered Stomach and Liver. I suffered for over three years with Headache, Indigestion, and Constipation. I had no appetite, and was weak and nervous most of the time.

BY USING three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured. My digestive organs are now in good order, and I am in perfect health.—P. Lockwood, Topeka, Kans.

Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was refreshing.—Henry C. Hemmenway, Rockport, Mass.

I was cured of the Piles by the use of Ayer's Pills. They not only relieved me of that painful disorder, but gave me increased vigor, and restored my health.—John Lazarus, St. John, N. B.

The Century's Rise of Wages.

Discussing wages in one of his lectures before the students of Harvard university, Professor Thompson gives many facts of curious interest. In 1793 the Schuylkill and Susquehanna Canal company advertised for workmen, offering \$5 a month for the winter months, and \$4 for summer with board and lodging. Next year there was a debate in the house of representatives which brought out the fact that soldiers got but \$3 a month. A Vermont member discussing the proposal to raise it to \$4, said that in his state men were hired for \$18 a year, or \$4 a month with board and clothing. Mr. Wadsworth, of Pennsylvania, said: "In the states north of Pennsylvania the wages of the common laborer are not upon the whole superior to those of the common soldier."

In 1797 a Rhode Island farmer hired a good farm hand at \$3 a month, and \$5 a month was paid to those who got employment for the eight busy months of the farmer's year. A strong boy could be hired at that time in Connecticut for \$1 a month through these months, and he earned it by working from daybreak until eight or nine o'clock at night. He could buy a coarse cotton shirt with the earnings of three such months. The farmer could pay no better, for the price they got for produce was wretched. Butter sold at 8 cents a pound, and when it rose suddenly to 10 cents several farmers' wives and daughters went out of their minds with excitement. Women picked the wool off the bushes and briers where the sheep had left it, and spun and knit it into mittens to earn \$1 a year by this toilsome business. They hired out as help for 25 cents a month and their board. By a day's hard work at the spinning wheel a woman and a girl together could earn 12 cents.

As late as 1821 the best farm hands could be had for 25 cents a day, or twice as much in mowing time. Matthew Carey, in his letters on the charities of Philadelphia (1827), gives a painful picture of the working class at that time. Every avenue to employment was choked with applicants. Men left the cities to find work on the canals at from 60 to 75 cents a day and to encounter the malaria, which laid them low in numbers. The highest wages paid to women was 25 cents a day, and even the women who made clothes for the arsenal was paid by the government at no higher rates. When the ladies of the city begged for an improvement of this rate the secretary hesitated lest it should disarrange the relations of capital and labor throughout the city. Poor people died of cold and want every winter in the city, and the facts seem to have made an impression only on benevolently disposed persons like Mr. Carey.

Ladies will find relief from headache, costiveness, swimming in the head, colic, sour stomach, restlessness, indigestion, constant or periodical headaches, weakness in the back or kidneys, pain in the shoulders and different parts of the body, a feeling of lassitude and despondency by taking Simmons' Liver Regulator. It is not unpleasant, is purely vegetable, and is not injurious to the most delicate constitution.

The Pope to Move.

PITTSBURG, Pa., Sept. 1.—Rev. Father Shuck, pastor of St. Mary's church at Millhausen, Ind., who was in the city to-day, has just returned from Rome where he had audience with the pope.

He says in an interview: "I have positive information that the pope will not remain in Rome more than two years more, and I expect he will have to leave here in the next few months. He will go to Spain where he is invited, and is sure of a cordial reception. The headquarters of the Catholic church will then be located at Madrid. Even now preparations are being made for his departure, that is liable to take place at any moment."

For bilious fever and malarial disorders, use Ayer's Ague Cure. Its success is guaranteed if taken according to directions.

Ignatius Donnelly, who went to London to get his book on the Bacon-Shakespeare cipher theory copyrighted, claims to have converted John Bright and other famous Englishmen to his theory.

Back From the War at Last.

Miles Kennedy, who left here for the war as a confederate soldier June 11th, 1861, returned to Americus this morning, bringing with him a wife and eight children. Two were left in Virginia, where he married the girl who nursed him in 1866, and where he has lived ever since. He came through from Orange court house, Virginia, with his family in an ox cart. He was met by a brass band and a procession formed and marched from the edge of the city to the old court house square, where a tent had been erected. Col. Cutts made a speech of welcome and presented a roll of money from the people of Americus. A pair of twins, six years old, but as yet nameless, were named Jackson and Lee by Mrs. J. E. Hall. Kennedy probably is the last confederate soldier to return from the war, having been gone twenty-seven years.—Atlanta Constitution, August 15.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

A single page in an issue of the Century for advertising purposes costs \$500; in Harper's, \$400; and in other magazines from \$300 down to \$100. A yearly advertisement of one column in the Chicago Tribune costs \$36,000; in the N. Y. Tribune, \$29,554 for the lowest and \$85,000 for the highest priced columns. And still these papers are never at a loss for advertising to fill their columns.

Mr. Gladstone says that he can hold out no hope that he will be able to take part in any political work after the settlement of the Irish question. His one aim in life is to secure home rule for Ireland. That done, he believes his public work will be ended.

The Wendish nationality in Prussia and Saxony is reported to be rapidly declining in strength, and before long the last remnants of a Slavic race, so powerful a thousand years ago, will have become Germanized.

In the three months ended June 30, 1887, the Nickel plate road showed surplus earnings amounting to \$126,000. The figure this year was \$1,124. This looks as if the nickel were beginning to wear off.
