

The Daily Astorian.

ASTORIA, OREGON: SATURDAY, OCTOBER 27, 1888. ISSUED EVERY MORNING.

J. F. HALLORAN & COMPANY, Publishers and Proprietors.

APRORIAN BUILDING, - - CASS STREET. Terms of Subscription.

Served by Carrier, per week. 15 cts Sent by Mail, per month. 45 cts one year. \$7.00

The Astorian guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

No council meeting last night—no quorum. The Alliance goes to Gray's harbor this morning.

The city delinquent tax list aggregates \$3,910.96.

The Mist says apples can be had in Columbia county for twenty-five cents a bushel.

The Benj. Sewell finished lightering and went up stream yesterday afternoon.

There will be a closing sale at 3 and 7 p. m., to-day at D. L. Beck & Sons; see advt.

Engineer Thielsen returned from Clatsop yesterday. The preliminary survey is now completed.

It is reported that a prominent member of the city council was married in Portland yesterday.

There will be Divine service in the Presbyterian church to-morrow, Rev. J. E. Day officiating morning and evening.

To the 23rd inst., there had arrived at San Francisco twenty-two vessels from Alaska, with 298,011 cases and 3,738 bbis. salmon.

Services at the Methodist church to-morrow. Subjects: 11 A. M., "The Invisible God;" 7:30 P. M., to young men, "The Bible."

At the Congregational church to-morrow at 11 o'clock A. M., theme "Abiding in Christ;" evening theme "Why I am a Christian."

About sixty men are now employed on the jetty at the mouth of the river. The work goes right along and material progress is being made.

S. G. Cole, of Albina, got some toilet soap the other day, and thinking one of the cakes felt a little heavy, cut it open and found a silver dollar in it. Next.

The firm of Ham & Eggs are again in partnership, though the junior partner of the firm puts on lots of style, as it costs 40 cents to own a dozen of him.

The world-renowned Emma Abbott and her English opera troupe will be here provided \$1,000 can be pledged. L. E. Selig will start out this morning with a subscription list for her early appearance in this city.

Clement Orteg, whose narrow escape from death on the Coquille was remarkable, returned to the city yesterday. He says that he owes his life to J. W. Hume, who brought him back from the verge of the grave.

THE ASTORIAN is of the belief that if theatrical troupes lowered their prices of admission a little they would do better financially. To play to 800 people at an average of 50 cents would cost them no more than to play to 250 people at an average of 75 cents.

Newspaper reporters have caught on to a new system and now carry photographic cameras to obtain instantaneous views of things dealt with in their reports, either to aid in a graphic writing-up of their notes, or to be reproduced as illustrations of their articles.

The steamer Mischief on Tuesday brought 2,000 cases of salmon from the Alsea Packing company, says the Yaquina Post. This company has canned about 7,000 cases of salmon so far this season, and have a good prospect for securing two or three thousand more. Last season the cannery turned out 9,500 cases.

Next to some of the men who are betting on the election, the most mistaken animal we have seen this month was a cat, yesterday morning, that stepped on some of that floating sawdust near the Clatsop mill, thinking it was solid. Poor Tommy; his rigid limbs are rolling toward the ocean, and his rich tenor no longer woos Mariar to the midnight fence.

A fine horse belonging to Dick Marion lost its life yesterday in a singular manner. The animal was hoisting material to the second story of the new brick building on Third street, and the purchase raised throwing the collar up about his neck and choking him. He fell, and in falling broke something in his body; the poor beast lingered several hours in agony. He was valued at \$150.

The Portland News says: Rev. J. R. Thompson, of Vancouver, is in town on a visit. This is the gentleman who Hon. Paul Schulze once said was the "2nd best preacher on the coast." Mr. Schulze recently advised Mr. Thompson. When North Yakima was first started Mr. Thompson opened a new church and Paul Schulze stood outside beating a triangle and calling sinners to come inside and be saved.

The dime museum proprietors of San Francisco are an enterprising lot. Recently it happened that a man was going to be executed in the city jail

for wife murder. They wrote to him offering \$500 for the loan of his body for thirty days, saying they would rig it up in artistic style and use it as a great moral example to the community. The murderer declined the offer with thanks, as he said the money would be of no use to him after he was hanged.

The Weston Leader is the only newspaper in Oregon advocating the election of Streeter and Cunningham, the Union Labor candidates for president and vice-president. In the last issue to hand it says: "Postpone the coming election six months, and Streeter and Cunningham would be elected by an overwhelming majority."

Sheriff Ross's bet \$1,000 on Cleveland's election, referred to in yesterday's ASTORIAN, is reported by the Portland Telegram to be an offer from him to Mark Mass. Mass took him up. Our sheriff had a check with him for a large amount of money, but the check is not payable till the 13th of November. But he said he'd get \$1,000 in coin, and he and Mass put up a forfeit of \$100, the condition being that the man not ready with the thousand dollars at noon, Wednesday should forfeit the \$100. At 11:45 Jas. G. Steele brought in \$1,000 in a sack for sheriff Ross, and a few minutes after Mass put up his thousand dollars. Steele is stakeholder. It is pleasant, under the circumstances, to hear of those large amounts of gold coin that are being wagered so freely.

PERSONAL MENTION. J. C. Dement is in Tacoma. F. Sherman, who has been seriously ill, is better.

J. W. Hume and a part of his men, returned yesterday from the Coquille. Mr. C. B. Hegardt takes charge of the government work at Fort Stevens, vice G. W. Freeman, resigned.

Geo. W. Freeman and wife went to Oakland, Cal., where Mr. Freeman takes the responsible position of division superintendent on the division of the S. P. R. R. between Sacramento and Los Angeles. During his two years' residence at Fort Stevens in charge of the government work there, Mr. Freeman has made an enviable record and hosts of friends will be glad to hear of his deserved promotion.

Not Dr. Aug. Kinney, But His Brother, M. J. Last year when the talented lecturer, Miss Narcissa White, was through Oregon, she met and became acquainted with Dr. Aug. Kinney, of Astoria, one of the most prominent temperance workers in Oregon. It seems to have been a case of love at first sight. After Miss White left, a correspondence followed, which ripened into an engagement, and the affair is to be consummated with a wedding to-day at Miss White's present home, in Nebraska.—Salem Statesman, 25.

An Explanation. What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions find it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Broke His Leg. Col. James Taylor led his horse from the barn yesterday afternoon, and just after mounting him for his customary ride the animal slipped and fell, breaking his rider's right leg at the ankle joint. Dr. J. A. Fulton was summoned and rendered surgical aid. The accident occasions general regret. Beyond enforced confinement while the bone knits, it is not likely to occasion more serious result.

Notice. The Clatsop county Democratic club will meet at their hall east of August Danielson's, this Saturday evening at 8 p. m., sharp. Business of importance. C. H. PAGE, President.

Dr. John B. Pilkington. Surgeon-oculist and medical specialist, will be at the Occident Hotel, Astoria, all day to-day, October 27th, '88, and will give an expert's examination, free, to all cases of eye, ear, lung, nervous, chronic, or rectal disease that may apply. Four hundred cases of piles, fissures, fistulas, and rectal ulcers cured in past four years without once using a knife or ligature. Any amount of reference furnished. The "incurables" are especially invited.

CHINESE RETALIATION.

They Boycott American Products. Territorial Progress—Prize Fight—Etc.

HEIDELBERG, Oct. 26.—James G. Flood, of California, is rather better. WON ON A FOUL.

PROVIDENCE, R. I., Oct. 26.—Jack Ashton, of Providence, and Jim Fell, of Grand Rapids, Michigan, fought twelve rattling rounds here last night. Ashton won on a foul. Fell was badly used up.

A DESTRUCTIVE FIRE. COLUSA, Cal., Oct. 26.—A building owned by S. Furth, of the Maxwell and Winter, sisters, of New York, was totally destroyed by fire last night. The lower portion was occupied by Sterner & Moggs, general merchandise store, and the upper portion was occupied by the Masonic lodge. Sterner & Moggs' loss is \$30,000; insurance, \$25,000. The lodge's loss is \$7,500, partly insured. The loss on the building is \$12,000, partly insured.

A CATTLE MURKIN. WASHINGTON, Oct. 26.—The commissioner of agriculture has informed the treasury department that cattle driven from Sonora, Mexico, to Arizona imparts to the cattle in that territory a contagious disease, known as splenic fever, from which large numbers have died. He requests, in view of the large cattle industry and the great danger from the infection, that importation of cattle from Sonora into that territory be prohibited except at points where the animals can be properly inspected. The treasury department has accepted the suggestion and prohibited importation, except at Nogales and Yuma, and at these points only when shown that they are free from contagious disease.

A CHINESE FIRECRACKER. NEW YORK, Oct. 26.—The following circular has just reached the Chinese merchants of New York from their home offices in Hong Kong and Shanghai:

"GENTLEMEN:—You are hereby notified that you are to immediately discontinue the purchase of the following articles from American sources and markets, as they are being severely boycotted by the Chinese, or by members of the trade union, or the citizens of China. These articles, now proscribed, are petroleum, white sheeting of all kinds, American calicos, watches, and American fire arms, ginseng root and flour." With the exception of a few Chinese firms in New York the above circular will have no effect, but many San Francisco firms will feel its effect severely, as several of them are heavy dealers in American flour, petroleum and cotton goods.

HARD TO ENFORCE. EL PASO, Oct. 26.—The task of enforcing the Chinese exclusion act proves to be no easy one along the Mexican frontier. El Paso, Texas, and the Rio Grande, Mexico, are separated only by the Rio Grande, which is at present practically fordable, and is always so for ten months in the year. There are two or three hundred Chinamen in these two cities and heretofore they have crossed freely from one to the other. The collector is enforcing the law as fully as his small force of inspectors will permit, but it is an easy matter for Chinese to violate them. Moreover, the Chinaman can easily come to the Mexican frontier, or cross the country from Guaymas or other Pacific points, and slip across the line into the United States.

ARIZONA'S PROGRESS. WASHINGTON, Oct. 26.—C. M. Zuleik, governor of Arizona, in his annual report to the secretary of the interior, states that during the year there has been steady progress in growth and development of the territory. The population has largely increased. Indian depredations are things of the past, and life and property are now safe and law and order are supreme.

During the year 292,841 acres of public land were entered by settlers, 290 miles of canal for irrigation are in operation, and 100 miles additional are to be built during the present year.

The importance of congress authorizing a hydrographic survey of the territory to demonstrate the feasibility of artesian wells, and water storage reservoirs is dwelt upon at length. The yield of gold and silver last year was \$5,771,555.

Governor Zuleik renews his recommendation of last year for a survey of public lands in that territory and urges an early settlement of private land grants. He opposes the proposition before congress to transfer these claims to a special court created for this purpose.

"My Wife Is a Terror." Said a mild-tempered man in our hearing. "She snaps and snarls, spansks her children, and finds fault continually; I can't bear it any longer. Don't be too severe on her my friend; you little realize her sufferings. She has lost her former sweet disposition, and ill health is the cause. Dr. Pierce's Favorite Prescription will make her well. For female diseases, functional derangements, bearing-down pains, and the long list of ills that render women miserable no medicine can compare with this. It is the only medicine for women's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturers, to give satisfaction in every case, or money refunded. See guarantee printed on bottle wrapper." For all derangements of the stomach, liver and bowels, take Dr. Pierce's Peppermint, or Anti-bilious Granules.

A fine cup of coffee, at the Telephone Restaurant.

Meals Cooked to Order. Private rooms for ladies and families; at Central Restaurant, next to Foard & Stokes.

Children Cry for Pitcher's Castoria

NOT A PIMPLE ON HIM NOW.

Bad with Eczema. Hair all gone. Scalp covered with eruptions. Itches terribly. He was told he would never grow. Cured by Cuticura Remedies. Hair splendid and not a pimple on his face.

I cannot say enough in praise of the CUTICURA REMEDIES. My boy, when one year of age, was so bad with eczema that he lost all of his hair. His scalp was covered with eruptions, which the doctors said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the CUTICURA REMEDIES, and I am happy to say, with the most perfect success. His hair is now splendid, and there is not a pimple on his face. I recommend the CUTICURA REMEDIES to mothers as the most speedy, economical, and sure cure for all skin diseases of infants and children, and feel that every mother who has an afflicted child will thank me for so doing. Mrs. M. E. WOODS, M. D., Norwalk, Me.

A Fever Sore Eight Years Cured. I must extend to you the thanks of one of my kindred, who has been cured, by using the CUTICURA REMEDIES, of an old sore, caused by a long spell of sickness or fever eight years ago. He was told he would never be cured, and he would have to have his leg amputated, but is happy to say he is now entirely well, and is doing his duty. He requests me to use his name which is H. H. CARSON, Merchant of this place. JOHN V. MINOR, Druggist, Gainesboro, Tenn.

Severe Scalp Disease Cured. A few weeks ago my wife suffered very much from a cutaneous disease of the scalp, and received no relief from the various remedies also used until she tried CUTICURA. The disease promptly yielded to this treatment, and in a short while she was entirely well. There has been no return of the disease, and CUTICURA ranks No. 1 in our estimation for diseases of the skin. Rev. J. PRESSLEY BARRITT, D. D., Raleigh, N. C.

From Pimples to Scrofula Cured. CUTICURA, the great skin cure, and CUTICURA RESOLVENT, internally, are a positive cure for every form of Skin and Blood Disease from Pimples to Scrofula.

BABY'S Skin and Scalp preserved and beautified by CUTICURA MEDICATED SOAP.

Catarrhal Dangers. To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter lodges the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate care should be taken to get the best. Those who have tried many remedies and physicians despair of relief or cure.

Dr. FORD'S RADICAL CURE meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and one IMPROVED INHALENT, all wrapped in one package, with treatise and directions, and sold by all druggists for \$1.00. POTTER DRUG AND CHEMICAL CO., BOSTON.

No Rheumatiz About Me. IN ONE MINUTE. The Cuticura Anti-Pain Plaster relieves Rheumatism, Sciatic, Sudden Sharp and Nervous Pains, Strains and Weaknesses. The first and only pain-killing plaster. New, original, instantaneous, infallible, safe. A marvelous Antidote to Rheumatism, Sciatic, etc. Utterly unlike any vastly superior to all other plasters. At all druggists, 25 cents; five for \$1.00; or, postage free, of POTTER DRUG AND CHEMICAL CO., Boston, Mass.

She Was Looking For Curiosities. Polite clerk (showing goods)—Here, lady, is something I would like to call your attention to—the very latest thing out. Mrs. Bonnder—If there is anything out later than my husband I guess I will take it, if only for a curiosity.

Now You Know What It Is. An "accessory after the fact," William Henry, is nothing more or less than a common everyday newspaper reporter.
