"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks toould sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from fine to ben hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, either in petron or by mail.

Delicate Mechanism Disordered and Righted
The most delicate and intricate piece of mechanism in the human structure is the nerves. As the telegraphic wires transmithe electric force, so do these sensation, the focal point being the brain, where sensation centres. Mental anxiety weakens this mechanism, sudden shocks paralyze it, but dyspepsia is its most obdurate foe. This foe is utterly defeated by the irresistible tonic, Hostetter's Stomach Bitters, and the cessation of disorder in the stomach is reflected in brain and nerves by restored tranquility, and tranquility of nerves implies, in this instance, renewed vigor. A distinguished medical anthority says, "The victim of nervous disquietude who finds chloral at night and bromides by day necessities, should kn w that a cure must be sought among agencies which strengthen the nerves," and assuredly Hostetter's Stomach Bitters has proved to be the best of these.
