"I have used Simmons Liver Regulator for many years, having made it my only Family Medicine. My mother before me was very partial to it. It is a safe, good and reliable medicine for any disorder of the system, and if used in time is a great preventive of sickness. I often recommend it to my friends, and shall continue to do so."

"Rev. James M. Rollins, "Pastor M. E. Church, So. Fairfield, Va."

A Tender-Hearted Hen.

A south Norwalk man owns a hen that is doing her level best to give her half-dozen chickens a decent start in life.

Late one afternoon, a little orphan muskrat, which had probably strayed from his own kin in the neighboring fields, appeared in the coop and tried to get under the old hen.

Biddy objected for some time, but the muskrat was so persistent that she finally ceased, and the forlorn little orphan slept under her wing that night with the chickens.

And what is stranger still the little animal was so well pleased with its warm quarters that it sleeps there every night, and the old hen and her chicks seem to like it immensely.—Hartford Times.

Jim Legate says it is so dry out West that the drought of '80 isn't a marker to it. "Why," he says, "it's the truth that is so dry out there that the hogs shrivel up and crack open during the day, so that they have to be put in soak over night in order to make them hold swill the next day."—Kansas City Gazette.

Seedy individual—Madam, can't you give something to a yellow fever sufferer? Woman—Ain't you the same man that called here a few months ago and got 25 cents to help a bilizard sufferer? Seedy Individual—Yes, ma'am. I don't do nuthin' but suffer from one year's end to the other.—Judge.

THE MARCH OF PROGRESS!

OUR LATEST IMPROVEMENTS!

"Competition is the Life of Trade," and if you have not seen our latest improved goods you cannot imagine how lively trade is, or how hard our competitors have to work to keep within sight of us.

"Positively none of our goods unless having our name and price stamped plainly on the sole. Your retail dealer will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some retailers will coax you into buying inferior shoes upon which they make a larger profit."

JAMES MEANS' \$3 SHOE EXCELLED IN STYLE UNEQUALLED IN DURABILITY PERFECTION OF FIT. SEAMLESS \$3 SHOE

JAMES MEANS' \$4 SHOE CANNOT FAIL TO SATISFY THE MOST FASTIDIOUS JAMES MEANS' \$4 SHOE

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means shoe is every respect equal to the shoes which only a few years ago were retailed at \$10 to \$12. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original \$3 and \$4 shoes, and the JAMES MEANS \$3 and \$4 shoes are made in the same factory with us in the United States.

One of our traveling salesmen who is now visiting the shoe retailers of the Pacific Coast and Rocky Mountain Region writes from Denver, Colorado: "I am more than satisfied with the results of my trip. I have thus far succeeded in placing our full line of shoes in the hands of every retailer I have visited." He goes on to say, "This is a splendid region for us to sell shoes in, because most of the retailers are charging their customers at retail about double the price which the shoes have cost at wholesale. The consequence is that the shoes are sold at a profit of 50 per cent. I have sold a pair for shoes which are not worth as much as our JAMES MEANS' \$3 and \$4 SHOES. Our shoes with their very low retail prices stamped on the sole are everywhere being sold at high prices which have hitherto ruled in the retail market, and when a retailer puts a full line of goods in his stock they at once begin to go off like hot cakes, so great is the demand for them."

Now, kind reader, just stop and consider what the above signifies so far as you are concerned. It assures you that if you keep on buying shoes bearing no manufacturer's name or fixed retail price stamped on the sole, you are probably paying more for shoes than you are getting for them. You are probably paying more for shoes than you are getting for them. Now, can you afford to do this while we are protecting you by stamping our name and the fixed retail price upon the sole of our shoes before they leave our factory so that you cannot be deceived by any retailer who may try to sell you shoes which are not worth as much as our shoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We are bringing down the high price which have hitherto ruled in the retail market, and when a retailer puts a full line of goods in his stock they at once begin to go off like hot cakes, so great is the demand for them.
