"I unhesitatingly add my testimony to the great benefits to be derived from Simmons Liver Regulator. I was afflicted for several years with disordered Liver, which resulted in a severe attack of Jaundice. I had good medical attendance, but it failed to restore me to the enjoyment of my former health. I then tried the most renowned physicians of Louisville, Ky., but all to no purpose, where-upon I was induced to try Simmons Liver Regulator. I found immediate benefit from its use, and it ultimately restored me to the full enjoyment of health."-A. H. How The House is Organized.

If no extra session of congress

is called the next session of representatives will not meet until the first Monday in December, 1889. Both parties are now keeuly glancing at the returns from a number of so-called doubtful districts in the south, as upon them will depend the complexion of the house, whether it is to be Democratic or Republican. In times past, political excitement ran so high and the house was so evenly divided that over one or two disputed seats there was a terrible wrangle and great difficulty was experienced in effecting an organization, notably in 1837 when it was mainly done through the firmness of John Quincy Adams. A new house is usually organized by the clerk of the last house, to whom are presented the certificates of the members elect and from which he makes a list. Notices of contests are filed with him. If he wants to set unfairly he has a clance to do so. He presides until a speaker is elected. When the clerk pens the pre-ceedings he asks the pleasure of the house. A motion of some kind is then made. If the clerk finds the name of the mover upon his list, he allows the motion. If a division is called, those registered by him vote. It is evident that it certificates were issued fraudalently the house might be organ ized and held for a time by the minority, but it would not be good for the party that introduced such a revolutionary mode into our system. There is probably nothing that would stir up public ange more fiercely than a proceeding of that sort. The clerk of the pres ent house is a Democrat, but the fraud could not originate with him, although he might stand in the attitude of an accessory before the fact. The real criminals would be the governors of the states who issued such fraudulent certificates. and the clerk might very properly

## My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them system of the poisons which are the blood. Then the sufferer says the eased. "Not yet;" but they will back aches; the kidneys are discussed. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation of kidney troubles, and Paine's Celery

With its tonic, purifying, and laxative kidneys, making it almost infallible in neys. If your hopes of cure have not compound: it gives perfect health to all who comulain of "their poor backs." # OUR LATEST IMPROVEMENTS!

"Competition is the Life of Trade," and if you have not seen our latest improved goods you cannot imagine how lively trade is, or how hard our connections have to work to keep within sight of use ask your retailer for the JAMES MEANS' \$3 SHOE, or the JAMES MEANS' \$4 SHOE according to your needs.

Positively none genuine unless having our name and price stamped plainly on the soles. Your retailer will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some etailer will coax you into buying inferior shoes upon which they make a larger profit,

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means, \$1 shoe is in every respect equal to the shoes which only a few years ago were retailed at eight ar ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original \$3 and \$4 shoes, and those who institute our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers in the United States.

One of our traveling salesmen who is now visiting the shoes retailers of the Pacific Const and Rocky dountain Region writes from there as follows:

"I am more than satisfied with the results of my trip. I have time far succeeded in placing our full ine in the hands of "A No. 1" dealers in every point I have visited." He goes on to say, "This is a splendid region for us to sell shoes in, because most of the retailers are charging their customers at retail about doubto the prices which the shoes most of the retailers are dearging their customers at retail about doubto the prices which the shoes has a part of shoes which have not worth as me that the property of the property
