THE ASTORIAN guarantees to its advertisers the largest circulation of any newspa per published on the Columbia river.

The British bark Samarkand arrived yesterday, in ballast, from Cal-

Song service and gospel meeting at the Y. M. C. A. hall at 3 o'clock this

Several were out last night with lanterns, looking for the electric lights, which were out too.

Especially to young people at the Methodist Church, this evening, theme. "Which shall it be?" Rev. A. LeRoy has been conducting

protracted meetings in the Baptist church every night during the past There will be no services in the Presbyterian church, morning or

evening. Sunday school as usual at 12:15. The Clara Parker left for Portland yesterday to bring down the terra cotta pipe to be used for city

In the Congregational Church today, services morning and even-ing. Popular themes for the young

Some good work is being done filling in the stench ponds in China-town. The good work should go on faster and more of it.

There will be service at the Norwegian and Danish church this morning at 11 o'clock, and in the evening at 7:30. Rev. Jno. Jacobson pastor.

The Columbia should be down today from Portland, on the way to San Francisco. She will take on 6,000 cases of salmon to complete

The schooner John G. North cleared for Kahului, Sandwich is-lands, on Friday with 423,850 feet lumber and 25,000 laths, valued at \$6,000; also 50 boxes apples, valued

citizens; also Abram Abramson, a

Perhaps if the street lights were dispensed with these dark nights, it might reduce the expense for lights and also result in filling up the hole in front of the postoffice, with the bodies of those traveling that way.

Seats will be arranged and the room made comfortable for ladies who ttend the under on to-morrow and Tuesday evening.

The ship J. W. Marr, from New York, with a cargo of steel rails, crossed the bar yesterday in charge of Pilot Dan McVicar. The vessel draws 22 feet and will have to lighter several hundred tons of her cargo here before proceeding to Portland.

The Sunday school at Grace church will be omitted to-day and in its place there will be a children's choral even song, with public catechising, at 4 in the afternoon. Even-ing prayer, with sermon, at Holy Innocents' chapel, upper Astoria, at

Francisco, for their services in con-nection with the rescue of the crews of vessels lost in Arctic waters.

Rev. P. C. Hetzler, traveling agent for the American Bible society, es it announced, that the annual bus-

This city has been visited during the last few days by several professional beggars, whose natural and accidental qualifications for their avocations have been greatly improved.

Mme. La Vee, the noted Clrirvoyant and Trance Medium, is in the city for a short time, at Pioneer Restaurant, Main street. No humbug. Satisfaction guaranteed or money refunded. All call. cations have been greatly improved by systematic education. They are good judges of human nature and make more money than they could at some honest work. One, taking the role of a broken down merchant, is said to have unusually good address, playing the part of an unfortunate but cultivated gentleman to perfec-tion. The other bares his disgusting sores, and those who won't give from pity do so from disgust. They are no good. Let them go to the hospital if they are deserving of charity.

The Jensen Can Filling Machine The finest and juiclest steak at the company bought the Astoria Iron Telephone Restaurant,

Works last Thursday, and possession will be given on the 1st of December. The company will give special atten-tion to the manufacture of those la-bor-saving canning machines, the product of Mr. Jensen's fertile inventive genius. Mr. Jensen's ma-chines can be found in every salmoncanning establishment from Califor-nia to Alaska and have wrought complete revolution in the canning industry on this coast. This latest en-terprise of the company, of which Mr. Jensen is the moving spirit, shows that he is meeting with the success which his ability merita.

Reference was made yesterday morning to a verdict rendered in the U. S. circuit court in Boston, last Thursday, which was said to involve the collection of millions of dollars in royalties annually, from canners of fruit, salmon, etc., in the United States for the use of a soldering iron. It seems however, that the salmon canners of this coast, are not affected by the decision, as the tool is one that is used for soldering the circular piece of tin, that one can find in the middle of the top of the cans of fruits and vegetables, that are sent here from the east. The tops and bottoms of salmon cans are made of one piece, and they are soldered by rolling through a bath of melted sol-der, which renders the application of a soldering iron unnecessary.

A bloody fracas occurred last night about 9 o'clock, in China town, in which Nan Jue and Ho Ah Tung were which Nan Jue and Ho Ah Tung were the participants. It appears that the row commenced in a gambling den opposite the post office. Nan Jue left the house and on reaching the street he was beat, kicked, knocked down and stabbed by Ho Ah Tung and his crowd. The fuss attracted, in less time than we write it. his crowd. The fuss attracted, in less time than we write it, a hundred or more of their excited and jabbering as the newspapers were concerned. The disease went very light with most of them. The Oregonian had erents in charge of police officer Beasly to the city jail, where Ho Ah Tung was left to cool off in a cell, while Nau Jue had his wounds and bruises dressed by the skilful hands of Dr. Baker. Nan Jue is badly hurt, but his wounds are not so serious as to endanger his life. Nan Jue belongs to the Suey Sing company, while Ho Ah Tung is of the Sung Shing company. Members of these two rival companies had a cutting scrape in Portand lately, for which three of the latter are jailed.

On inspection it has been ascertained that the recent fire at C.H.
Cooper's store did more damage than was at first estimated. A very trifling injury to first class goods, such as compose the stock at this leading store, prevent their being offered for sale at the counters in the usual rouse should be an fixed by an sale at the counters in the usual routine of business. The underwriters, mindful we suppose of the narrow escape they had from a loss of many thousands of dollars, and desirous of making prompt settlement of the Portland has reduced very much the damage that has been sustained have travel down the river to this city. Yesterday Nils Ericksson, Olaf instructed auctioneer E. C. Holden, Nielsson, Victor L. Larsen, subjects to sell immediately at public auction, of the king of Sweden, declared their all the goods that were damaged on city than heavy travel and a full pest intentions of becoming American the occasion referred to. As will be the occasion referred to. As will be seen in our advertising columns an auction sale wil be made at the vacant Empire store adjoining C. H. Cooper's, on to-morrow evening at 7 o'clock, and again on Tuesday eve-ning. Some of the goods are so little damaged as not to be detected by the inexperienced eye, but all will be sold without any reserve, as the orders to sell are peremptory. See ad.

The last session of the legislature, sale of C. H. Cooper's damaged cloaks, ulsters, wraps, circulars, etc., on to-morrow and Tuesday evening. from the county seats when they are committed to the insane asylum in this city. Out of this fund \$15,936. 60 had been expended for this purpose yesterday morning, leaving only \$63.40 in the state treasury that could be applied to this use, and the com-mitment of the insane tailor from Albany resterday reduced this balance to about \$40. When this amount is paid out, as it will be in a day or two, most likely no more warrants can be drawn on the fund until the legisla ture make a new appropriation; so the sheriffs and guards that convey insane to the asylum will have to ac-cept "deficiency certificates," payable after the new appropriation is made, Captain Healy, of the U. S. revenue as remuneration for their services. These "deficiency certificates" are generally accepted by banks at their face value, however, so the running short of the fund will work no parameters and board of trade, of San short of the fund will work no parameters. short of the fund will work no par-ticular hardship. The appropriation of \$16,000 for conveying convicts to the penitentiary has a balance of \$2,-627.78 and will not become deficient.

Our Candidate for President.

our Candidate for President.

Be it announced, that the annual business meeting of the Clatsop county branch Bible society will be held at the Y. M. C. A. rooms on next saturday evening, and the annual Union Bible meeting at the Baptist church on next Sunday evening.

The Oregon is due to-day from San Fraucisco with the following passengers: E. Rogers, H. Rivers, W. S. Kinney, A. J. Smith. Mrs. E. W. Avery, Miss McDonald, Mrs. J. E. Susenbeth, Miss E. Bauer, F. Davidson, E. I. Capron, J. N. Potter and wife, J. W. Harbourne, Mrs. Cummings, Mrs. Ford, Julia Smith, Alice Watts, Mrs. Daville.

Our Candidate for President.

He will be nominated by the convention and will be elected by fine people, because he will come the nearest to filling their ideal of a Chief Magistrate. Electric Bitters has been given the highest place, because no other medicine has so well filled the ideal of a perfect ton'c and alterative. The people have indorsed Electric Bitters and rely upon this great remedy in all troubles of Liver, Stomach and kidneys. Coffee and cake, ten cents, at the Central Restaurant.

AN IMPORTANT MATTER

is Better to Keep Smallpox Away Than to be Compelled to Drive it Out.

The schools in Portland report that all the pupils have been vaccinated, with the slight exception of six or seven. The rule in regard to vacci-nation adopted by the school board has been carried out to the letter. All students who have not been vaccinated successfully in the past four years will not be allowed to enter school until such operation has been successfully performed. That is an important one of the many precautions adopted in Portland to get rid of the disease after it was found to be prevalent in their midst. On the principle that "an ounce of preventions a month a round of one," would tion is worth a pound of cure," would not similar precautions be a sensible thing to enforce in Astoria to keep the smallpox from making its appearance here? The council have taken the precaution to have the pest house renovated and put in order under the supervision of a competent physi-cian, who will vaccinate free all who cian, who will vaccinate free all who wish; but the matter should not be allowed to stop there. No reasonable effort which is calculated to prevent the spread of the disease to this city should be spared.

The authorities in Portland now show a commendable and carnest activity in devising and putting in effective operation anti-smallpox or-

effective operation anti-smallpox or-dinances and resolutions. They would have shown more sense in that would have shown more sense in that city if they had adopted their late sensible and vigorous measures at the start and had had everybody, old and young, vaccinated, instead of vaccinating the newspapers and attempting to cover up the disease by sitting down on it. The result was quite satisfactory for a while, so far as the newspapers were concerned. The disease went very light with however, which seems to hang on a long time. The News, though, had a more serious attack and was badly broken ont.

Of course, knowledge of the existence of a dangerous or contagious disease in a city will keep visitors away who would otherwise come and spend their money in various ways, but that does not justify anyone in concealing the existence of the disease from those who may thus be-

ome its victims. should be sufficiently known to prevent people from being exposed to it unawares.

There has been no small pox in As toria this season, but its existence in travel down the river to this city. Yet it is generally conceded that light travel and health is better for the

THE ASTORIAN feels that the close communication and considerable trav-el between this city and Portland-should be considered sufficient excuse for the above extended reference to this sanitary matter.

the ways at Leinenweber's, where she will have new boilers and machinery put in, fitting her ready for next fish-

the night boat last evening, for Cali-fornia overland. It is their intentien to make an extended visit, covering two winters, in the southern part of the state. They will be accompanied by the best wishes of their numerous

s. J. Arrigoni, a well known Astoria boy, returned to his old home as one of the crew of the ship J. W. Marr, from New York. "Tina" left here on a vessel with young Landon and Brick Wilson about four years ago. He has seen much of both the old world and the new during the interval, and comes back to us a manly young fellow, heavily bearded. He took the first boat to Portland after ook the first boat to Portland after his arrival, anxious to see his mother

Reducing the Surplus.

The disposition of the Surplus in the U.S. Treasury engages the attention of our Statesmen, but a more vital question has our attention, and that is the reduction of the Surplus Consumptives. Since the discovery and introduction of Dr. King's New Discovery for Consumption, there has been a marked decrease in the mortality from this dreaded disease, and it is possible to still further reduce the number of Consumptives. How? By keeping constantly at hand a bottle of Dr. King's New Discovery, and using according to directions, upon the appearance of the first symptoms, such as a Cough, a Cold, a Sore Throat, a Chest or Side Pain. Taken thus early a cure is guaranteed.

Trial bottles free at Jno. C. Dement's Drug Store. Reducing the Surplus.

Frank Fabre, Occidental hotel restau-rant, will be glad to see his Astoria friends, A good dinner at a moderate price and everything in season.
