Best of All

Best medicines, Ayer's Cherry Pectoral is in greater demand than ever. No preparation for Throat and Lung Troubles is so prompt in its effects, so agreeable to the taste, and so widely known, as this. It is the family medicine in thousands of households.

"I have suffered for years from a bronchial trouble that, whenever I take cold or am exposed to inclement weather, shows itself by a very annoying tickling sensation in the throat and by difficulty in breathing. I have tried a great many remedies, but none does so well as Ayer's Cherry Pectoral which always gives prompt relief in returns of my old complaint."—Ernest A. Hepler, Inspector of Public Roads, Parish Terre Bonne, La.

"I consider Ayer's Cherry Pectoral a most important remedy.

For Home Use.

I have tested its curative power, in my family, many times during the past thirty years, and have never known it to fail. It will relieve the most serious affections of the throat and lungs, whether in children or adults."—Mrs. E. G. Edgerly, Council Bluffs, Iowa.

"Twenty years ago I was troubled with a disease of the lungs. Doctors afforded me no relief and considered my case hopeless. I then began to use Ayer's Cherry Pectoral, and before I had finished one bottle, found relief. I continued to take this medicine until a cure was effected. I believe that Ayer's Cherry Pectoral saved my life."—Samuel Griggs, Waukegan, Ill.

"Six years ago I contracted a severe cold, which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am as well and sound as ever."—Rodney Johnson, Springfield, Ill.

TELEGRAPHIC BRIEFS.

BERLIN, March 7.—The government has decided to prevent Peters' expedition proceeding to the interior of Africa.

THE ROMAN CATHOLIC FAITH.
PARIS, March 7.—Figaro alleges that Queen Victoria is a convert to the Roman Catholic faith and the Empress Victoria has a strong leaning in the same direction.

A VITAL ISSUE.
INDIANAPOLIS, March 7.—The issue raised by Governor Hovey that the legislature has the power to create offices, but the duty of filling them devolves upon the chief executive, creates intense excitement in political circles. Politicians regard the issue as the most vital ever raised in the state.

THE NEW COMMANDER.
WASHINGTON, March 7.—Commodore Benham has been ordered to command at Mare Island navy yard, Commodore Irwin to succeed Belknap as senior officer of the board to conduct the trial of the Charleston at San Francisco.

STRICKEN FROM THE PAY ROLL.
LINCOLN, Neb., March 7.—Forty employees will be stricken from the pay roll of the Nebraska legislators for the remainder of the session, the committee having reported payment for their services a useless expense.

A LOGGERS' NARROW ESCAPE.
VICTORIA, March 7.—At a lumber camp on Cortez island a logger named Birdsall, while carrying a chain over his shoulder fell into the water and was pinned to the bottom with the chain. Fred Childs dove to the bottom, released Birdsall and brought him to the surface.

A DISHONEST PROSPECTOR.
YOUNGSTOWN, O., Mar. 7.—In the case of Peter L. Kimberly against Charles D. Arms and others residing here the United States supreme court has rendered a decision in favor of plaintiffs. The amount involved in the suit is \$1,200,000. Kimberly claimed in substance that he had sent Arms as his agent to Arizona on a prospecting tour and furnished the necessary funds; that Arms located a number of valuable claims which have since paid heavy dividends, and refused to make any accounting to him for any of the transactions. Arms denied that he was the agent of Kimberly and claimed that whatever investments he made were with his own funds and that Kimberly had no interest in them. Arms is in affluent circumstances and recently completed the finest residence in the city, costing over \$100,000.

THE CANADIAN TARIFF.
OTTAWA, Mar. 7.—There are to be no changes in the tariff. Scores of deputations have been visiting Ottawa for weeks past, seeking every chance imaginable. The flour men wanted the government to increase the duty on American flour from 50 cents to \$1 per barrel, and Canadian lumbermen, in view of the hostile action of congress, sought a reduction in or abolition of the export duty on pine sawlogs. Scrap iron and steel and iron deputations also visited the capital in vain.

DAKOTA WANTS A NEW GOVERNOR.
BISMARCK, Dak., Mar. 7.—Forty-five members of the legislature have telegraphed president Harrison, asking him to remove Gov. Church, at once and to appoint secretary McCormack acting governor, the object being to shut off more votes on the part of Church.

RUMORS OF A FIGHT NOT CREDITED.
WASHINGTON, March 7.—The dispatches from Europe concerning a rumored conflict at Samoa between the German and American vessels of war are not believed in official circles here to have any foundation whatever. The reports have, however, created considerable talk, and comparisons of the naval powers are frequently heard. It is contended that the American vessels at Samoa are amply able to hold their own against the Germans. The German vessels, while fitted with the latest improved ordnance, are smaller than the American ships and do not carry as many men. Old naval officers are emphatic in their declarations that in a conflict the wooden walls of America would be more than a match for the Germans.

BRITISH SPY SYSTEM.
PHILADELPHIA, March 7.—The Parnell branch of the Irish national league will submit to President Harrison and Secretary Blaine a resolution adopted by it and which will be sent to every branch in the United States, urging joint action by congress, requesting the state department to demand of the English government a statement of how it has carried on its spy system, military and otherwise, in this country. This action is based on the testimony of Dr. LeCaron before the Parnell commission. The resolution alleges that spies paid by Great Britain are now employed in the government departments and in the United States army, which is equivalent to a declaration of war. It advises a demand upon England for the names and aliases of all its spies in this country.

DYSPEPSIA, DESPAIR, DEATH.
These are the actual steps which follow indigestion. Ayer's English Dyspepsia Tablets will both check and cure this most fearful of diseases. Guaranteed by J. W. Conn, Druggist.

ULTIMATE MOTIVES.
ASTORIA, March 7, 1889.
EDITOR OF THE DAILY ASTORIAN:
Mr. Villard, Oakes, Elijah Smith and the stock manipulators in Northern Pacific and O. R. & N. stocks and owners of city property in Tacoma and Seattle W. T., are playing their game to keep Oregon bottled up, and tributary to their own personal ends. The present strike of the company to reduce their employees' wages ten per cent appears to a casual observer a local matter. But the final result I think will show the financial ingenuity and generalship of Henry Villard who has laid and carried out his first move to get control of the O. R. & N. Co.'s stock, by using eastern directors, who, in the apparent interest of economy and their exorbitant avarice, have ordered the reduction of 10 per cent on the salaries of their employees. A strike was a foreseen conclusion in the fertile brain of this financial genius, who has no doubt laid all his plans to buy up the controlling interest in the O. R. & N. Co., and at the coming June election of new directors Henry Villard will designate who they shall be, taking good care that they shall be friends of and work in the interest of the Northern Pacific Railroad Co., who knew full well that it would knock the bottom out of the stocks of the O. R. & N. Co., which is no doubt, in my mind, the object of the manipulators of this gigantic deal, to get control of the transportation of Oregon and Washington. Mr. Editor, my fear and predictions in this matter may be groundless. If so, no harm is done; but these few words of warning may fall into the hands of some friends of Oregon, who will use their best endeavors to check this financial anaconda before the commerce of our noble state is strangled and annihilated.

FLAMING FIRE IN THE VEINS.
We hold positive proof that Acker's English Blood Elixir cures all blood poisons where cheap sarsaparillas and so-called purifiers fail. Knowing this, we will sell it to all who call at our store on a positive guarantee.
J. W. Conn, Druggist.

BELGRADE, March 6.—King Milan has abdicated the throne of Servia. Crown Prince Alexander will be proclaimed king to-morrow. Regents will act during the minority of the king, who was born August 14, 1876.

Nothing equals Ayer's Sarsaparilla for purifying the blood, and as a spring medicine.

A horse farm of 120,000 acres near Cheyenne, W. T., is said to be the largest in the world. It requires 200 miles of wire fencing, with 65 men to look after the horses, which number 5,000.

PEAR'S is the purest and best Soap ever made.

State geologist Branner of Arkansas reports that the people of eight counties of the commonwealth are walking about over a deposit of coal worth at least \$2,757,800,000.

HOW DOCTORS CONQUER DEATH.
Doctor Walter K. Hammond says: "After a long experience I have come to the conclusion that two-thirds of all deaths from coughs, pneumonia and consumption, might be avoided if Acker's English Cough Remedy were only carefully used in time." This wonderful Remedy is sold under a positive guarantee by J. W. Conn, Druggist.

It has been calculated that not less than twenty millions of meteors, each large enough to be visible as a "shooting star," enter our atmosphere daily.

Doubt Brightening into Hope.
A hope into certainty is the pleasing transition through which the mind of the nervous, dyspeptic invalid passes who tries a course of Hostetter's Stomach Bitters which is alike incomparable and inimitable. Increased vitality, gain in weight, tranquillity of the nerves, sound appetite and sleep are among the blessings which it is within the beneficent power of this medicine to confer, and it is not surprising that after acquiring this new dower of health the grateful sick should sometimes utter their praises of the Bitters in terms bordering on extravagance. "Out of the fulness of the heart the mouth speaketh," and the proprietors of Hostetter's Stomach Bitters have sometimes been obliged to suppress these eulogiums lest they should be accused of blowing their own trumpet too loudly. For constipation, biliousness, kidney complaint and incipient rheumatism the Bitters is also a deservedly popular remedy.

Benjamin Franklin's watch is owned by a gentleman of Lancaster, Penn., who says it still keeps good time.
