Pears' Soap

Fair white hands.

Bright clear complexion

Soft healthful skin.

"PEARS"—The Great English Complexion SOAP,—Sold Everywhere.

NEW ROAD LAWS.

The road laws of Oregon were amended in a number of important particulars by our late legislature. The changes in section 4,061 makes it the duty of the county court to control the working and laying out of county roads, to remove supervisors for incompetency or disobedience of orders, and in counties having a population of 10,000 to appoint a roadmaster and fix his salary. The amendment to section 4,070 authorizes the county court to make roads not less than sixty feet nor more than eighty feet wide. The amendments in section 4,085 changes the time before which the road supervisor is required to make a list of the names of the persons liable to be called to work on roads from April 15 to February 1.

The following subdivision have been added to section 4,085, which prescribes the duties of the road supervisors in making his assessment and estimate of property:

Third—He shall call out and have performed two-thirds of the total work in his district, as may be assessed in the manner provided in this section, upon the public roads in his district, before the first day of April following, unless the county court, upon good cause shown, shall extend the time for performing said labor.

Fourth—Providing that in counties containing 10,000 inhabitants or over, the county court of such county in the state at the time of levying taxes for county purposes, may levy a tax upon all taxable property in its county, not to exceed two mills upon the dollar, and in addition thereto a poll tax of \$2 may be assessed upon every person who shall be liable to pay a state poll tax, which taxes shall be collected with and at the same time and in the same manner as county taxes shall be collected, and shall be paid into the county treasury, and shall be kept as a separate fund, to be known as the road fund, and shall be used for the purpose of laying out, opening, making and repairing county roads, and building and repairing bridges. Whenever the county court of any county shall levy a tax as aforesaid, no other tax nor taxes for the purpose in this section maintained shall be levied or collected. Such county court shall annually make an apportionment of the taxes so collected among the several road districts in the county, and direct the amounts so apportioned to be paid to the supervisor of roads therein. In making the apportionment the court shall have a due regard to the amount of taxes collected in the several road districts, to the condition of the roads and necessity for repairs, and to the amount of travel thereon.

A Perfect Laxative

should be mild, prompt, and pleasant, with no gripping or purgative effects. It should also incite the liver to action, aid digestion, and relieve the bowels. Like nothing else, Paine's Celery Compound is a perfect laxative, and cures constipation where all other remedies fail.

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about five or six years and have found nothing that equals it in my case of constipation." J. B. JENKINS, Teacher, Clond's Creek, Tenn.

Paine's Celery Compound
F. O. STICKNEY, Druggist, Havana, Ala.
Moral: Use Paine's Celery Compound and stop running the intestinal tract with harsh purgatives. \$1.00. Size for 50c. Druggists.

DIAMOND DYES Are the simplest Dyes made. A child can use them.

BABIES Living upon Lactated Food are Healthy, Happy and Healthy. It is unequalled.
