Effect of The Samoan Hoax.

The Samoan hoax has had one effect scancely anticipated. The bare possibility of an outbreak of hostilities between the United States and Germany caused quite a large number of German residents in this country to look into their naturalization status, and either give notice of intention or take out their final papers. In some cities the rush of Germans was quite remarkable, and provided conclusive evidence of their devotion to the land of their adoption. -St. Louis Globe-Democrat.

Hatching Salmon.

Some two or three weeks ago, says the Gold Beach Gazette, C. S. Winsor secured a salmon egg from the hatchery and placed it in a tea cup of water in the store. He soon forgot it, and it remained unnoticed for over a week, when he happened to

think of it, and on examination found that instead of the egg he had a plump young salmon. The little fellow is quite gay and frisky, and is growing so fast a good sized bowl will soon be required to hold it.
