Constipation

Demands prompt treatment. The re-
sults of neglect may be serious. Avoid
all harsh and drastic purgatives, the
tendency of which is to weaken the
bowels. The best remedy is Ayer's
Pills. Being purely vegetable, their
action is prompt and their effect always
beneficial. They are an admirable
Liver and After-dinner pill, and every-
where endorsed by the profession.
"Ayer's Pills are highly and univer-
sally spoken of by the people about
here. I make daily use of them in my
practice."—Dr. I. E. Fowler, Bridge-
port, Conn.
"I can recommend Ayer's Pills above
all others, having long proved their
value as a cathartic for myself and
family."—J. T. Hess, Lethbridge, Pa.
"For several years Ayer's Pills have
been used in my family. We find them
an

Effective Remedy

for constipation and indigestion, and
are never without them in the house."
—Moses Grenier, Lowell, Mass.
"I have used Ayer's Pills, for liver
troubles and indigestion, during many
years, and have always found them
prompt and efficient in their action."
—L. N. Smith, Utica, N. Y.

"I suffered from constipation which
assumed such an obstinate form that I
feared it would cause a stoppage of the
bowels. Two boxes of Ayer's Pills ef-
fected a complete cure."—D. Burke,
Saco, Me.

"I have used Ayer's Pills for the past
thirty years and consider them an in-
valuable family medicine. I know of
no better remedy for liver troubles,
and have always found them a prompt
cure for dyspepsia."—James Quinn, 60
Middle st., Hartford, Conn.

"Having been troubled with consti-
vation, which seems inevitable with per-
sons of sedentary habits, I have tried
Ayer's Pills, hoping for relief. I am
glad to say that they have served me
better than any other medicine. I
arrive at this conclusion only after a
faithful trial of their merits."—Samuel
T. Jones, Oak st., Boston, Mass.

SOME THINGS AND OTHERS.

Dickinson county, Kan., has a cat
ranch.
Pineapple culture in Florida yields
\$400 per acre.

Brazil has a prohibitory tariff on hand-
organs and monkeys.
There are not less than 20,000 Cana-
dians settled in Chicago alone.

The total cost of the war of the rebel-
lion was about \$7,000,000,000.
Fort Worth, Texas, has the only open
stock yards south of St. Louis.

The new congress will consist of 300
representatives and eighty-four senators.
Edison says that only one-fourth of
the coal is used—the rest goes up the
chimney.

During 1888 Washington territory
raised 6,443,283 pounds of hops on less
than 4,000 acres.
Philadelphia supports a permanent
company of minstrels, and is the only
city in the country that does.

It makes Cuba seem nearer to be
told that it is only ninety miles from
American soil to the walls of Havana.
St. Augustine, Fla., is the oldest civil
city in the United States, having
been founded by the Spaniards in 1562.

In Buenos Ayres the punishment for
theft is death; but the penalty is only en-
forced when the criminal becomes in-
corrigible.

Now there is talk of a great "meat
trust" under the auspices of that omni-
versal monopoly, the Standard Oil com-
pany.

Iowa farmers last year raised enough
corn to pay off all their mortgages,
the state and leave a balance of 100,000,
000 bushels.
Santa Fe, N. M., when first visited by
the Spaniards in 1540, was a large Indian
village. It is not certainly known when
the whites settled there.

Dr. Chille, the well known statistician,
states that the average life of women is
longer than that of a man, and in most
parts of the United States woman's ex-
pectation of life is greater.

Steamers bound from San Francisco
to Auckland and Sydney can break their
continuous runs by stops at Honolulu,
2,800 miles; Samoa, 2,450 miles; Auckland,
1,865 miles, and Sydney, 1,369 miles.

"Elephants are very much like human
beings," says Walter Newman, the ele-
phant trainer; "that is, the females are
very much better and nicer than the
males, but when a female is bad she is
worse than the worst male."

During the past half century the wages
of labor have about doubled, while food
and clothing cost little less than 50 per
cent of what they cost fifty years ago.
These facts are sufficiently known to be
beyond any successful contradiction.

The best thing in the gift of a president
is the place of consul-general to
London and next to that is the consul-
ship at Liverpool. These places are paid
\$40,000 or \$50,000 in fees. Sheffield, Eng-
land is another plum.

The total distance to be traversed by
ships passing from ocean to ocean
through the Nicaragua canal, when com-
pleted, will be about one hundred and
sixty-nine miles, which will require, up-
on an accurate calculation as can now
be made, about twenty-four hours to
complete.

One of the most picturesque and re-
markable bodies of water in the world is
Henry's Lake in Idaho. It is situated on
the dome of the continent in a depres-
sion in the Rocky mountains called Fen-
ge's pass. It has an area of forty square
miles, and all around it rise snow-capped
peaks, some of them being the high-
est of the continent's backbone.

What R. G. Ingersoll Says.
"I would rather go to the forest, far
away, and build me a little cabin—build
it myself—and dwell there with my wife
and children, and have the winding path
leading down to the spring where the water
bubbles out, day and night, whispering a poem to
the white pebbles and ferns that line
the path; a little hut with some hollyhocks
at the corner, with their bannered
bosoms open to the sun, and a hush in
the air like a winged joy; I would rather
live there and have some lattice work
across the window so that the sunlight
would fall checked on the babe in the
cradle—I would rather live there, with
my soul erect and free, than in a palace
of gold, and wear a crown of imperial
power, and feel that I was a superstitious,
cringing slave and dare not speak
my honest thoughts."

Catarth Cured.
A clergyman, after years of suffer-
ing from that loathsome disease, Cat-
arth, and vainly trying every known
remedy, at last found a remedy which
completely cured and saved him from
death. Any sufferer from this dread-
ful disease sending a self addressed
stamped envelope to Prof. J. A. Law-
rence, 83 Warren St., New York City,
will receive the recipe free of charge.

The best family remedy is un-
doubtedly Plunder's Oregon Blood
Purifier. It may be safely given to
the infant as well as the adult, and
it will give relief where other medi-
cines failed to do so. Keep it in the
house.

Pennsylvania, Nevada and Oregon
take 20 per cent. of the world's nickel.
Loaded with impurities, your blood
needs cleansing with Ayer's Sarsapa-
rilla.

The Argentine Republic will spend \$5,

THIS BEATS THE RECORD.

A Sawmill Stolen and Carried to Canada.
A Sault Ste Marie, Mich., special says
a tremendous sensation was created here
to-day by the arrival of a steamer
from Detroit, a point on the St. Mary's
river sixty miles from here, with the
news of the bodily theft of a saw mill
belonging to the lumber company, etc. The
officer came overland with a dog team.
He says the Moiles Bros., well known
lumbermen, arrived at Detroit last Mon-
day with a log towing barge and im-
mediately began the work of tearing down
the mill and loading it on the steamer. They
had all the machinery and most of the
mill loaded when the steamer left. The
mill was owned by the Moiles Bros., but
was mortgaged to Hurd & Hovenstein, of
Buffalo for \$50,000. A contract was
drawn up between the parties to the effect
that the Moiles should saw 5,000,
000 feet of lumber each season
during the pendency of the loan for
\$250 per 1,000, and another provision was made
by which the mortgage obtained a rate
of \$1 per thousand from all logs
to-day, and an officer was dispatched
and during the pendency of the loan,
These papers were drawn up September
18, 1888, and were placed on record at
the court house October 25, of the same
year. During 1888 the parties had a
bickering time of it doing business as
above specified, and after a futile attempt
to settle, Hurd & Hovenstein began mor-
gagor proceedings in the United States
court, February 4, 1889. Moiles
Bros. took opposing steps, and no result
has been reached beyond recent denou-
cements. To avoid further entangle-
ment the Moiles determined to de-
camp to Canada. Their destination is
on the Spanish river, on the Georgian
bay. Judge Steers granted an injunc-
tion against the steamer and its crew,
with an order for their apprehension.
They are probably well on their way to
Georgian bay by this time. The tele-
graph lines are cut and there is no com-
munication with Detroit. Nothing in
history equals the move in boldness.
The mill was worth \$100,000 and had
a capacity of 125,000 feet a day.

Excited Sealers.
VICTORIA, April 16.—Sealers are very
much concerned about the announcement
from Washington that all vessels sail-
ing in Behring sea waters will be seized.
Hunters and sealers are objecting to
going on a cruise under the present cir-
cumstances. It is believed that a war
will enter Behring sea to protect British
sealers, but no definite statement has
been made to that effect. The sealers
claim that while the United States gov-
ernment sends forth a proclamation, and
there is a general bragging of what will
be done, Great Britain and Canada have
said nothing in the matter, nor informed
the public what answer they intend to
give, or the stand they will take this
autumn or winter. They believe that
sealing interests. Sealing schooners
that go into Behring sea will be armed,
and they will not tamely submit as be-
fore to piratical attacks of American en-
tirely believed that they should be
should be afforded protection by the
navy.
