## Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be abundant and glossy, but it has given my rather scanty mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Harly, Delavan, Ill.

### WORKING A HOG.

When I entered the village situated among the hills of New York, at 10 o'clock in the morning, all was peaceful and serene, and the pocket of every man who walked the street had chink in it. When I left at 4 p. m. an excited mob had possession of the main street and every other man was dead broke.

About noon a man arrived from the north in a buggy. He said he was a drover and looking for hogs. He bought half a dozen before he ate dinner, and it was astonishing how closely he guessed at their live weight. He was within two pounds of four of them, and only half a pound more on the others. This had been an attraction for a crowd of idlers, and the general verdict was that the drover was as sharp as a barber's razor. Soon after dinner a farmer-looking boy drove a hog into town and asked him out in front of the tavern. As he wanted to sell, and the drover wanted to buy they soon came together.

"Might take him on a pinch, but he's only a nubbin," said the drover, as he sized the porker up.

"Nubbins! Why that pig goes over 200 pounds!" exclaimed the owner.

"Can't stuff me, boy. I've been in the business twenty years."

"No one wants to stuff. That's hog goes to 210."

"He does eh? Wish your father had come in. I'd like to make a bet with him. Boy, you ought to have better judgment. That hog won't pull down 180."

"Guess you are off too," remarked a stranger who had quietly driven up in a buggy. "I've raised hogs all my life, and that boy hasn't five pounds out of his guess."

"An't hef Raised hogs have you? Ever raise any money?"

"A little."

"Perhaps you'd like to bet on that hog?"

"Perhaps."

"Have you got \$20 as says he goes over 200?"

"I have—fifty—a hundred."

"Then let's chalk. Anybody can blow."

It was a chance to make a dollar, and the citizen improved it. The man in the buggy was an accommodating chap, and somehow or other the farmer boy managed to fish up about a hundred dollars from the hind pockets of his overalls. The citizens stuck by the drover, having abundant proofs of his judgment, and when every man in the town who had a dollar to lose or could borrow one, had made his bet, the hog was driven to the scales and weighed.

"Gentlemen," said the drover just before the weighing, "I was never deceived in my life. This hog won't go to 190 pounds."

"I'll take even bets that he goes over 200," replied the man in the buggy.

This bluff raked out the last nickel in the crowd, and the hog was driven upon the scales. The record was 211 pounds. He was weighed and re-weighed, but the figures stood.

"Well, it's my first error in a hog," said the drover, and all bets were at once handed over. The farmer boy slipped out, the two men drove off in the buggy, and half an hour had elapsed before a church deacon, who had laid his tent with the drover and suddenly declared that it was a put-up job to skin the town.

"Darn my buttons if it han't!" yelled 200 men in chorus, but it was too late. The town had been skinned, and the trio had escaped. All the mob could do was to turn loose and wreck an old vinegar factory and pass a resolution to the effect that liberty was a sham and a delusion.—Ez.

Do not wait until to-morrow, when you feel sick, but take immediately a dose of Pfunder's Oregon Blood Purifier and prevent a serious attack of sickness. It is the best liver regulator and blood cleanser in existence. Try it.

A miniature typewriter, a "little bigger than a Bath pan," but which can do its work, can be bought for 10 shillings and 6 pence.

### Lakes Drying Up.

The Herald, published in the new county of Harney, says that not over four miles of the original bed of Warner lake is now covered with water, whereas in 1865 there were seven feet of water where the land is now dry, and this year a stack containing 300 tons of hay was burned on land which in 1878 was surveyed as Warner lake. Goose lake, which once reached Lakeview, Oregon, is now five miles away, and Malheur lake, in Harney county, is eight feet lower than at any period within the memory of the oldest inhabitant. The Winnemucca Silver State says that Humboldt lake in Nevada, which some years ago comprised a sheet of water sixteen or eighteen miles long and from eight to twelve miles wide, is now only a few miles long and perhaps a mile or two wide. The Humboldt has not discharged any water into the lake for several years, and a large area which was covered several feet with water at one time is now as dry as any part of the Humboldt lake. It is a fact, however, that the lake was as low nine or ten years ago as it is to day, and that five years ago it was as high as it was ever known to be. Immigrants in early days who saw the Humboldt discharge an immense volume of water into the lake, or sink, as it was called, believed it had a subterranean outlet, but that idea was erroneous, as the volume of water was reduced by evaporation, not drainage.

### Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge.

### Whisky was originally manufactured exclusively in Scotland, the term being confined to the liquor distilled in the highlands from barley.

Leading medical authorities endorse Ayer's Sarsaparilla as the best blood medicine.

There is a Kansas City, Mo., and there is a Kansas City, Kan., each the most important town in its own state.—Kansas City, Mo., Journal.

For dyspepsia or stomach derangements, no other remedy can be found so pleasant, prompt, and effective as Ayer's Cathartic Pills.

When the Washington monument was completed and dedicated four years ago, it was the highest structure erected by the hand of man.

Opinion of a Leading Editor.

Almost all the diseases that afflict us from infancy to old age have their origin in a disordered liver. A really good liver medicine is the most important in the whole range of pharmacy. We believe Simmons' Liver Regulator to be the best among them all. We pin our faith upon the Regulator, and if we could persuade every reader who is in ill health to buy it, we would willingly vouch for the benefit each would receive.—Ed. CINCINNATI GAZETTE.

It is stated that of fifty six changes in the revised New Testament, twenty-two are simply returns to the renderings of Wycliffe, whose translation was made from the Latin version of Jerome.

## SIMMONS' LIVER REGULATOR

Nothing like it!

Its peculiar efficacy is due as much to the process and skill in compounding as to the ingredients themselves. Take it in time. It checks diseases in the outset, or if they be advanced will prove a potent cure.

No Home should be Without It.

It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of and cure for Indigestion, Constipation, Headache, Biliousness, Piles and Mental Depression. No loss of time, no interference with business while taking. For children it is most innocent and harmless. No danger from exposure after taking. Cures Colic, Diarrhoea, Bowel Complaints, Feverishness and Feverish Colds. Invalids and delicate persons will find it the mildest and most refreshing sleep and a natural evacuation of the bowels. A little taken in the morning sharpens the appetite, cleanses the stomach and sweetens the breath.

A PHYSICIAN'S OPINION.

"I have been practicing medicine for twenty years and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system."  
L. M. Hirston, M.D., Washington, Ark.

## SPRING, 1889.

Yes, gentle spring again is here; The grass is green that once was sere; The merry robin "sings" with glee; The merry wren begins to see The cooing dove that calmly glues Buff chest-protectors on his shoes.

If these shivering and brainless flirts Would wear one of my Patent Chest-Shield Shirts They would not shake so when upon the street, And wear buff chest-protectors on their feet. They would wear one of my Fur Felt Hats over their brains, And wear my Spring Overcoats and laugh while it rains.

To hear some of the merchants call the fishermen the fellows, When they wear Oil Clothing instead of Umbrellas, To shake them by the hands, call everyone And tell them they sell everything less than first cost.

But wait until the salmon all sleep in their cans, Then the fishermen's money is the same as another man's. Is it a wonder that a dude laughs to hear the story How the merchants now days have to work for vain glory? But it simply reminds me of a story I'll relate now to you. Of a fisherman whose pole was made of a peacock's feather, And whose line was made of the finest of leather; And who baited his hook with a nibble of cheese, And sat on a town lot and bobbed for fleas, And sat on a town lot and bobbed for fleas.

MORAL. While in this world we all have to fish, or either cut bait, And when we need anything whatever, it is cheaper to buy it.
